

CERTIFICATE OF ACHIEVEMENT

Upon successful completion of this program, students will be prepared for jobs providing technical support and training for computer users. In addition, some of the required courses prepare students for nationally recognized certifications: CIT 110 and CIT 111 are preparations for A+ certification; CIT 201, 202, 203 and 208 are preparations for Microsoft Office certifications in Word, Excel, Access and PowerPoint.

STUDENT LEARNING OUTCOMES - Graduates of this program will have the opportunity to:

- Demonstrate in-depth knowledge of desktop application software.
- Demonstrate ability to provide instruction and training in desktop application software.
- Demonstrate basic knowledge of PC computer hardware.
- Demonstrate knowledge of helpdesk and user support concepts and duties.
- Use problem solving, trouble shooting, and communication skills to help end-users resolve problems with hardware and applications.

IS 115 Introduction to Programming	3	_____
Computation included in CIT 202B		
Human Relations included in CIT 209B		

33
Total Credits

CIT C22

Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
