

ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

This degree provides students both theoretical knowledge and practical skills necessary for educational work with children in daycare centers, preschools, elementary schools and children with special needs. This course work partially fulfills the requirements established by the "No Child Left Behind Act of 2001." Upon completion of this degree, students may elect to transfer credits towards upper-division studies and/or go directly into employment.

**STUDENT LEARNING OUTCOMES - Graduates of this program will have the opportunity to:**

- Demonstrate an understanding of the elements and dynamics of quality education while functioning as a classroom aide for school age children.
- Demonstrate appropriate skills for providing a quality educational environment for school age children.
- Demonstrate appropriate skills in interacting with school age children.
- Distinguish typical and atypical development in school age children.
- Demonstrate appropriate skills in modifying the educational setting for school age children to allow for the appropriate inclusion of school age children with atypical development.

**65**  
Total Credits

Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
