

### Nevada's Complete College America 2020 Goal

The purpose of Complete College America is to significantly increase the number of Americans with a college degree or credential of value and to close attainment gaps for traditionally underrepresented populations. The national goal is by 2020, six out of 10 young adults will have a college degree or credential of value. Currently in Nevada the percentage of adults 25-64 with a college degree is 30.1% and of adults 25-34 is 28.2%. Complete College America recommends an annual (compounding) increase of 1,064 additional completers of certificates, associate's degrees, and bachelor's degrees to help Nevada reach its goal.
