

Placement & Guidance

*Dreams do Come True
at CSN*

*"The people in the program
are very nice and
respectable. My mentor is
easy to talk to and I love
working for her."
- high school junior*

Guidance/ Counseling

Trained professional school counselors advise and direct students in a wide array of situations that may arise. Included are: individual counseling, parent consultation, educational and school attendance progress checks, job site monitoring and referral processing.

Students attend weekly one-hour counseling sessions. Another hour a week is spent receiving tutorial assistance for Proficiency Exam preparation.

Job Placement

- ✍ Students are hired to work on college campus – twelve hours per week.
- ✍ Two of those hours are utilized for homework. This is on the job with supervision.
- ✍ Students are closely matched with work interests whenever possible.
- ✍ Job sites depend on work availability, student school and home address. Students are placed as close to home or school as possible.
