COLLEGE OF
SOUTHERN NEVADA

The Business Program provides students the understanding, knowledge, and techniques required for career success. Managing people and functions within the public and private sector, profit and non-profit organizations, along with global businesses are all part of core curriculum. Decision making, written and verbal communication, daily functions, and business laws are all essential topics to help students become effective leaders. Coaching techniques, real-life professional situations, and different styles of management are course topics that provide a well rounded sense of the business environment. Our program prepares students for careers such as: Business Owner, Director of Operations, Regional/General Manager, Human Resource Manager or Purchasing Manager.

Upon completion of the Business Program you will receive an Associate of Business Degree.
