Veterinary Technology Program

*Ralph & Betty Engelstad
School of Health Sciences*

CSN is an AVEEO educator and employer and does not discriminate on the basis of race, color, national origin, sex, religion, age, disability, sexual orientation, veteran status, height, weight or marital status in employment or the provision of educational services and is an equal access/equal opportunity/affirmative action employer. CSN reserves the rights to eliminate, cancel, phase out or reduce in size the course and/or programs for financial, curricular or programmatic reasons. For official listings of courses required for degree/certificate(s), see an academic advisor.

Thank you for your interest in the Veterinary Technology Program. CSN has comprehensive academic and training facilities to give you the real-world experience you need in veterinary training. At Nevada's largest college you will be exposed to resources that will teach you the practical knowledge and hands on training to get you to your chosen career field quicker. Our small class sizes and knowledgeable instructors make CSN the perfect choice for your career in veterinary technology. Please read through this brochure to help direct your next steps.

The Veterinary Technology Program offers both an Associate of Applied Science Degree and a Certificate of Achievement.

Train to be a licensed veterinary technician through our Veterinary Technology Program and provide professional

support services to veterinarians. A licensed veterinary technician's duties combine those of a veterinary nurse, nurse-anesthetist, operating room technician, dental hygienist, medical laboratory technician, and radiology technician. Graduates of the AVMA* program may sit for the National Veterinary Technology Exam and the Nevada Veterinary Technology Exam. Successful completion of the examinations leads to credentials recognized in Nevada and across the nation.

*Accredited by the American Veterinary Medical Association (AVMA) Committee on Veterinary Technician Education and Activities
