

A Message from C.A.P.E.:

Attention all Administration, Faculty, and Staff

The Innovation Stream (iStream) provided by the League for Innovation in the Community College is now available to our institution. This tool is an online resource bank and learning community. As a subscriber, you can use iStream as a professional development tool; listen to League Radio, dialogue with colleagues, or access publications and presentations.

If you would like access to this site please go to <http://istream.league.org> and follow the directions under "Create a New iStream User Account." Once you have pressed the submit button, you will be sent an activation email. Upon activating the account you will have full access to the iStream portal.

We hope you enjoy the new iStream user interface.

**If you have trouble with the link above, please copy and paste it to your URL Address Bar on the internet.
