## PRIVACY STATEMENT

In accordance with institutional policy and the U.S. Family Education Rights and Privacy Act of 1974 (FERPA), the College of Southern Nevada (CSN) vigorously protects the privacy of students' education records. The institution does not release private records of individual students, such as grades and class schedules, without prior written consent of the student.

As permitted under federal law, the sole exception to the above practice is the release of "directory" information considered to be public in nature and not generally deemed to be an invasion of privacy. At CSN, the following categories are defined as "directory" information: name, mailing address, telephone number, dates of attendance, full or part time status, degree awarded, major and date of graduation.

Students have the right to request non-disclosure of directory information. If they do not restrict release of this information, it is probable that the information will be released or disclosed. CSN uses directory information for non-commercial, educational purposes, such as to mail notices to students about changes in policies, services, or opportunities. Directory information may also be provided for commercial purposes to businesses affiliated with the institution, honor societies, the alumni association and foundation, or other individuals for purposes that may be beneficial to students. The institution exercises discretion in responding to requests for directory information and may or may not provide such information when requested, depending on the intended purpose of the request. The institution does not sell or rent student information for a fee.

It is important to consider carefully the potential consequences of restricting the release of directory information. If a student restricts release for non-commercial educational purposes, the institution will be unable to place the student's name in publications such as honors and graduation programs; to confirm graduation and dates of attendance to potential employers; to verify enrollment with organizations such as insurance companies; or to send notifications about specialized scholarships without the express written authorization of the student.

If, after due consideration, you wish to restrict the release of directory information, complete this form before the end of the first six weeks of the fall or spring semester and submit it to the Office of the Registrar. This directive will apply permanently to your record until you choose to reverse it by submitting a written authorization. Select one of the following three non-disclosure options:

### Social Security Number Policy

In accordance with the Federal Privacy Act of 1974, applicants for admission and enrolled students at CSN are advised that disclosure and use of their social security number is voluntary. Students who do not agree to the use of their social security number as a personal identifier will be assigned a "C" number. A social security number or an assigned "C" number may be used:

1. to identify student records at CSN;
2. for registration and course enrollment;

3. to certify attendance and report student status;
4. an assigned C number may be used in the Student Information System (SIS) as an identifier to grants, loans, and other financial aid information. However, the Higher Education Act of 1965, as amended, gives the United States Department of Education (and parties authorized to assist them in administering the student aid programs), the authority to collect your Social Security number for federal student assistance purposes;
5. for recording grade information.

CSN uses social security numbers or “C” numbers for identification purposes. Use of these numbers for identification purposes will facilitate the provision of services and compilation of information necessary to maintain accurate records on applicants and students.

Students who are employed full-time by CSN, students who want to receive 1098T Tax Credit, students who need Enrollment Verification through the National Clearinghouse or students who receive federally funded educational aid or the Millennium Scholarship must disclose their social security numbers. **FINANCIAL AID**

Student Financial Services (SFS) is committed to assisting students with financing their educational goals. Our staff of dedicated experts provides the following services:

- Assistance with completing financial aid applications, financial certifications, and searching for public and private scholarships
- Advising applicants about different types of financial aid programs and eligibility requirements
- Educating the public about post-secondary education finance

**Applications**

The College of Southern Nevada (CSN) encourages all students interested in attending to complete the Free Application for Federal Student Aid (FAFSA), the 2008-2009 CSN Application Letter and the CSN Scholarship Application. The applications are available to you from our website at: <http://www.csn.edu/pages/611.asp>

For the academic year beginning in the fall semester, the applications become available in January. As with any application, the earlier you submit, the better chance you have to receive full consideration for all financial aid resources offered by CSN.

The FAFSA is the primary application used by schools and many scholarship organizations to calculate the applicant's financial strength. Student Financial Services will compare CSN's estimated costs against the applicant's estimated family contribution (EFC) to establish financial need. Our goal is to offer you a combination of scholarships, grants, loans, and work-study awards to meet your financial need.

**What's Available**

Student Financial Services offers a wide variety of student aid programs designed to help you pay your tuition bill, and in some cases, assist with your living expenses during enrollment periods.

**Federal Pell Grant (PELL):** awarded as an outcome of the FAFSA to first-time undergraduate students with extreme financial need.

**Federal Work-Study (FWS):** awarded to students with established financial need working part-time employment positions.

**Nevada Access Work-Study (DAWS):** - State of Nevada funded part-time student employment positions.

**Scholarships:** These awards are provided mainly by the school and private companies or citizens through the CSN Foundation and do not have to be repaid. Most scholarships are awarded to students with demonstrated talents (academic, athletic, and the Arts).

**Millennium Scholarship (\*MIL):** Millennium Scholars must pay Summer Tuition by the Payment Due Date. Scholarship funds are awarded by CSN for successfully completed summer credit hours on a retro-active basis. The award will be determined in October following the conclusion of the Summer semester.

All requested documents must be signed and submitted for the process to continue.

**Please Allow 4-6 Weeks of Processing Time**

3. Student Financial Services will award you financial aid based upon your validated FAFSA results. Review your offered financial aid awards on the CSN Web Registration internet site ([https://bighorn.nevada.edu/sis\\_ccsn/XPLXWSRV/START.HTM](https://bighorn.nevada.edu/sis_ccsn/XPLXWSRV/START.HTM)).

# CSN ONLINE CAMPUS

## What is the CSN Online Campus?

The CSN Online Campus provides access to a quality, comprehensive teaching and learning experience by offering innovative educational programs, services and lifelong learning opportunities for a diverse population. Online courses are a convenient and effective way to learn if you are SELF-MOTIVATED AND SELF-DISCIPLINED. All Online courses are listed in the printed course schedule and are available online through the College of Southern Nevada's web site at [www.csn.edu](http://www.csn.edu). Online sections are identified with a DED section number.

## How do Online Courses Differ from On Campus Courses?

Online faculty follow the same required curriculum as faculty do for on campus courses. Students must complete the same materials and assignments with similar deadlines as students do in class. Students do have access to course materials 24 hours a day 7 days a week so they can work on the course when it fits their schedule.

## Success in Online Courses

Participation in Online courses requires Internet access, computer skills, Internet usage skills and an email address. If you are not familiar with and comfortable using the Internet, then online courses may not be appropriate for you. Online courses may require more time and effort for a student to be successful than traditional on campus classes.

## Registration

You may register for courses online at [www.csn.edu](http://www.csn.edu) or on any of the college campuses.

## Adding a Course that is Full

If a class is full, you must contact the instructor by email for permission to register for the full class. You can locate the instructor's email address by going to the CSN Online Campus page on the CSN web site. When emailing the instructor please include your first and last name, "C" number, and class name and call number. If the instructor grants permission to enroll in the class, the instructor will forward the information to the eLearning Office for processing. If you register after the semester has started it may take up to 48 hours before you can have access to your course. Payment will be due the day that you add the class.

## Online Course Fee

Students will pay a \$10.00 per Online Course fee in addition to the technology fee.

## Access to Instructor and Course Information

Before the first day of the semester you should do the following:

- Go to the college web site at [www.csn.edu](http://www.csn.edu) and click on the CSN Online Campus link.
- Click on the link for Instructor and Course Information.
- Click on the link for the appropriate semester.

- Click on Find Your Course Here. Scroll down and select appropriate call number and instructor for your course.
- Read the instructor and course information thoroughly. If you have any questions regarding the course and information provided please email the instructor at the email address provided.

Students will not be able to log into the course until the first day of the semester or the first day the course begins unless specified by the instructor. If the course is not available on the first day of the semester or the day the course is scheduled to begin then the student should contact the help desk at (702) 651-4357.

## Orientation for Online Students

Some instructors will have their students attend an on campus orientation. To find out if your instructor requires attendance at an orientation session please go to the INSTRUCTOR AND COURSE INFORMATION link on the CSN Online Campus web site.

## WebCT Orientation

The CSN Online Campus schedules WebCT Orientation sessions each semester. Please check the CSN Online Campus web site and follow the link to WebCT Orientation for the complete schedule. You can register through the CSN Online Campus web site to attend one of these sessions.

## When Can and How do I access my Online Course

WebCT courses will be available the first day of the semester or the first day the course begins. Students can log into their WebCT course by using the last 8 digits of their "C" number as their WebCT ID and 2 digits each for the month and year of their birth (MMYY) as their password. **DO NOT USE A BOOKMARK TO ACCESS WEBCT. Students should access WebCT by clicking on the link on the CSN homepage.**

If you have difficulty logging into your WebCT courses you can call the Help Desk at (702) 651-4357.

## Interactive Video Courses

Interactive video courses are assigned a class room and specific time period. There is a separate listing for these courses. Please refer to that section for information on where you go to attend this type of course. Interactive video courses can not be viewed at a student's home.

## Textbook Information

Textbooks for Online courses can only be purchased at the Cheyenne Campus Bookstore (651-4645) or online at [www.efollett.com](http://www.efollett.com). If ordering textbooks online please allow at least two weeks for delivery.
