

ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

The CSN Videography and Film Program is a hands-on digital program that stresses traditional film grammar and the creative documentary. Courses address basic and intermediate film making techniques using digital video equipment. Other topics include cameras usage, production planning, script writing, lighting, directing and digital editing with commercial applications. With the AAS degree, students can choose a path leading them to either film school matriculation or directly into the world of videographic movie making.

STUDENT LEARNING OUTCOMES – Graduates of this program will have the opportunity to:

- Students will operate a digital camera and light meter and apply concepts of photographic composition and creative expression to pictures.
- Students will create shot lists to shoot basic video sequences, operate a video camera and digital editing equipment, and assemble basic sequences into short movies.
- Students will develop creative story concepts and script ideas and create professional standard scripts.
- Identify story elements, script, produce, light, direct and edit a short documentary movie.
- Develop a professional portfolio and prepare for further academic work.

Total Credits

Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
