

OFFICES (NFA 2nd proposal 2/9/2018)

CSN administration shall provide one functionally equipped office per bargaining unit member. To the extent space is available, the bargaining unit member has the right for this office to be located on the campus at which the bargaining unit member performs the majority of his/her in-person instruction.

If space is unavailable on a campus, a waiting list for that campus of bargaining unit members who perform the majority of their in-person instruction on that campus and request to have an office on that campus will be maintained by HR and made available to NFA upon request. The list will be ordered by the date of the bargaining unit member's request and newly available offices allocated per the ordering of the list (the longest-waiting bargaining unit member gets the newly available office).
