

ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

The Photography program offers instruction in commercial photographic skills and creative photographic processes. Beginning and intermediate photographic processes and skills are addressed. Advanced instruction in photographic lighting, photographic commercial illustration, photojournalism, color lab technologies and portraiture is provided.

**STUDENT LEARNING OUTCOMES - Graduates of this program will have the opportunity to:**

- Demonstrate mastery of film and digital camera systems both inside and outside the studio to produce commercially viable images.
- Use supplemental lighting systems and controls to make effective images.
- Understand and produce commercial images in the areas of Portraiture, Weddings, Sports, Editorial, Product, Forensic, and Photojournalism.
- Process images using Photoshop, and produce prints using digital printers.

**65**  
Total Credits

Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
