ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

The program is aimed at providing individuals with both the business knowledge needed for managing and/or owning a child care and the knowledge of children necessary to provide quality care.

STUDENT LEARNING OUTCOMES – Graduates of this program will have the opportunity to:

- Manage the business aspects of a day care program, including record keeping, financial and staff supervision.
- Implement a developmentally appropriate program for infants, toddlers and preschoolers.
- Meet licensing requirements for being director of a preschool and/or infant/toddler program.
- Distinguish typical and atypical development in young children.
- Demonstrate appropriate skills in modifying the care and education of young children to allow for the appropriate inclusion of children with atypical development.

Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
