Commonly Asked Questions About MetLaw®

Why would I need a legal plan?

More than half the families in America deal with at least one personal legal issue every year. Fortunately, your benefits department understands that and asked us to work with them to help you. When you join the legal plan, it’s like having a family lawyer on retainer – but it doesn’t cost an arm and a leg!

- It gives you representation for a wide variety of personal legal services.
- It’s low-cost and easy to use.
- It offers a nationwide network of about 9,000 lawyers.
- It offers choices of network or out-of-network service.
- If you stay in-network, covered services are fully covered.
- If you go out of the network, you’ll be reimbursed up to a set amount.
- Hyatt Legal Plans has been in this business for 27 years; works with over 800 other accounts; and is a MetLife Company.

Think about it:

- Buying or selling your home is the most expensive transaction of your lifetime. The bank will have a lawyer; shouldn’t you have one on your side?
- If you have problems with your landlord, wouldn’t having a lawyer make a difference?
- Did you know that if you have kids and don’t have a will, you have no say so in who will take care of them if something happens to you? Some judge is going to decide that for you.

Is there a consultation feature?

Yes. Besides all the services that are covered, you may have a question about a legal matter that isn’t fully covered. That’s where the telephone and office consultation feature is really valuable. As long as your problem isn’t excluded, you can talk with a lawyer. This is like “preventive law” and can really be helpful. “My neighbor’s dog barks all night – what are my rights?” “I’m having problems with child support and custody – what are my options?” With the legal plan, you can get advice about these matters, even though they aren’t fully covered.

How does the attorney handle non-covered matters?

Another big advantage is that if you decide to hire a Plan Attorney to handle a non-covered case, the attorney will give you a fee statement in advance. That way, you’ll know up front how much it will cost. This is a lot better than being “on the clock.” Without the legal plan, your lawyer might say, “I charge $150 an hour and I expect this case will take me between 10 and 20 hours.” Now, I don’t know about you, but I think I’d stay awake nights wondering if my bill was going to be $1,500 or $3,000!

Are my spouse and dependents covered?

Because NSHE offers this plan to its employees, you are getting enormous group buying power. All you pay is $17.35 a month! And the plan covers you, your spouse or domestic partner and dependents.

What are the standards for Hyatt’s network attorneys?

- They have to be in good standing with the State Bar Association.
- They have to handle the types of cases covered by our plans.
- They have to have been in practice a minimum of 5 years.
• We don't use lawyers just out of law school. On average, our lawyers have more than 22 years experience in private practice with established, local law firms.
• When you call the Client Service Center, we'll help you make a selection.

**Can I choose the lawyer I use?**

Yes. Hyatt lets you choose your lawyer. We have about 9,000 attorneys in our nationwide network. These lawyers have been pre-qualified by Hyatt Legal Plans, and many have been on our panel for years.

**Can I use my own lawyer?**

If you’re like most people, you don’t have your own attorney. In fact, over 95% of Hyatt’s clients use a lawyer in our network. If you do have your own attorney and he or she isn’t in Hyatt’s network, you can choose to go out of network and be reimbursed according to a fee schedule.

If you’d rather use someone who isn’t on the panel, just tell us when you call the 800 number. We’ll send you a packet of information to help you make the best choice. This packet includes a fee schedule that lists the amount the plan will pay for each covered service.

**What is the experience level of the network attorneys?**

Network attorneys have an average of 22 years in practice.

**Do you have any specialists on your panel of attorneys?**

Most states do not allow attorneys to designate themselves as specialists. Where attorneys can specialize, we list their specialty areas of law. The best rule of thumb is to keep in mind the amount of experience the attorney has in practicing law. If you are not sure of the attorney’s experience in a certain area of law, ask.

**What if I live where there are no plan attorneys?**

• Hyatt has a nationwide network of over 9,000 attorneys.
• Clients who live where there are no plan attorneys will be instructed by Hyatt’s Client Service Representative to select their own (out-of-network) attorney.
• Clients are reimbursed at the end of the case according to a set fee schedule.
• If the out-of-network attorney’s charges are in excess of the maximum amount payable, the excess is the responsibility of the client.
• Clients must send the completed form and the attorney’s final bill to Hyatt. Turnaround time for reimbursement is approximately two weeks from the time we receive the completed form and attorney bill until the member receives their check.
• A full list of these fees is included in the fee reimbursement package you will receive.

**What if I prefer to use an out-of-network attorney?**

• You may always choose to go out of network if you want to.
• Clients who wish to use an out-of-network attorney need to call Hyatt’s Client Service Center at 1-800-821-6400 to request a fee reimbursement form.
• Clients are reimbursed at the end of the case according to a set fee schedule.
• If the out-of-network attorney’s charges are in excess of the maximum amount payable, the excess is the responsibility of the client.
• A full list of these fees is included in the fee reimbursement package you will receive.
