Math Diagnostic Tests
Can only be taken every 4 months! - Scores cannot be older than 1 year!

Any student who is not willing to accept an initial placement level through the Accuplacer Test may attempt to raise the placement level by taking the appropriate Math Diagnostic Test.

a. If students want to advance to the next course on the Math Flow Chart in a VERTICAL DIRECTION their Diagnostic Test score must be 70% or above. The students are then eligible to take the next higher Diagnostic Test.

If the score is below 70%, the students MUST adhere to the Accuplacer results. However, they have the option of studying and repeating the Diagnostic Test after 4 months.

b. If students want to advance to the next course on the Math Flow Chart in a HORIZONTAL DIRECTION the following Diagnostic Test scores are required:

- 80% or above on Math 95/97 Diagnostic Test for students with Accuplacer Placement of Math 95, but wishing to place into Math 97.
- 75% or above on Math 12X Diagnostic Test for students with Accuplacer Placement of Math 122 and wishing to place into Math 124.
- 80% or above on Math 12X Diagnostic Test for students with Accuplacer Placement of Math 122 and wishing to place into Math 126.
- 85% or above on Math 12X Diagnostic Test for students with Accuplacer Placement of Math 122 and wishing to place into Math 128.
- 80% or above on Math 12X Diagnostic Test for students with Accuplacer Placement of Math 124 and wishing to place into Math 126.
- 85% or above on Math 12X Diagnostic Test for students with Accuplacer Placement of Math 124 and wishing to place into Math 128.
- 85% or above on Math 12X Diagnostic Test for students with Accuplacer Placement of Math 126 and wishing to place into Math 128.
- 85% or above on Math 127/132 Diagnostic Test for students with Accuplacer Placement of Math 132 and wishing to place into Math 127.
