Package 3 - OVERLOAD PAY (broken out from SALARY proposal)

Section 1. Bargaining unit members who carry an overload in the fall may choose to be compensated for it or to roll it over to the spring semester so they have a commensurate under-load in the spring. Rolled over overload IUs will be paid in all cases by the end of the fiscal year in which they were earned at the latest.

Section 2. Upon ratification of this Agreement, pay per overload IU shall increase from $825 to $960.

Section 3. If the Nevada Legislature or other source provides funding to CSN for a part-time instruction or overload rate greater than $960 per IU, then pay per overload IU shall be increased from $960 to the higher rate upon receipt of funding.
