Job Description

Nursing is a profession which focuses on a wide range of human responses observed in both sick and healthy persons. Nursing has a theoretical base selected from other sciences and nursing research. Nurses are highly respected and supported by the public.

Career Opportunities

Nurses work with people of all ages in:

- Hospitals
- Clinics
- Offices
- Home Health
- Schools
- Long Term Care
- Public Health
- Military
- Federal Government
- Managed Care
- Subacute/Rehabilitation Settings

As our nation moves toward health care reform, nursing will continue to be a valuable profession.

Approximate Salary in Nevada

Hourly Wage Range \$31.34 - \$57.35
Median Hourly Wage \$42.02

Source: "www.careeronestop.org" 2021

Program Description

The program includes classroom instruction and clinical practice in adult health nursing, family health nursing, and mental health nursing

Accepted Students

Students accepted into the program will be required to show proof of CPR certification, health insurance, and immunization against COVID-19, Hepatitis B, Measles, Mumps, Rubella, Varicella, Tetanus, and Diphtheria. In addition, proof of a negative two-step TB test and negative urine drug screen will be required.

A physical examination must also be completed. An official background check is required. This documentation is due at the mandatory advising session held during the week before classes begin each semester.

Licensure as a Registered Nurse

All states require Registered Nurses to be licensed. To become licensed in the State of Nevada, you must have graduated from an approved school of professional nursing and passed the RN national licensing examination.

Approximate Costs

(Costs are subject to change)
