Personal Characteristics

The Surgical Technologist must be able to perform under stressful and emergency situations, have considerable patience, possess a strong sense of responsibility and concern for order, must work quickly, must be oriented to detail and must be sensitive to the needs of the patient and other members of the surgical team.

Program Description

The program includes classroom instruction, lab, and clinical practice in Surgical Technology. Students will be required to complete a total of 120 cases in the clinical setting in order to graduate. Once the student has completed the required courses and cases, they will be awarded an Associate of Applied Science degree and may be eligible to take the national certification examination for Surgical Technologists. Prospective students are advised that a felony conviction may preclude them from sitting for the national certification exam. The certification exam must be taken in Las Vegas. Northern Nevada students are responsible for their own travel expenses.

Admission Requirements

The CSN Surgical Technologist program is a Limited Entry program. Therefore, all of the prerequisite requirements must be completed by the application deadline in order to be eligible for consideration. See reverse side for specific requirements.
