MEMORANDUM

DATE: January 7, 2010

TO: All College of Southern Nevada Students

FROM: Dr. Arthur R. Byrd, Vice President for Student Affairs

RE: Emergency Notification System

The College of Southern Nevada (CSN) is pleased to announce the activation of the student, faculty, and staff Emergency Notification System (ENS). ENS is intended to provide members of the campus community immediate information in the event of a major crisis or emergency (e.g. fire on campus, natural disaster, or criminal activity).

This system will instantly deliver to you important emergency alerts, notifications, and updates to any device(s) that you select (e.g. email account, cell phone, pager, etc.). ENS is your personal connection to real-time updates including instructions in case of an emergency.

Once you have logged into this application, you will be able to provide emergency contact information that the College can use to contact you in the event of an emergency. **Access to this system is available only to currently enrolled students as well as all currently employed faculty and staff. Once you have enrolled, your notification will be activated within 24 hours.**

To sign up for ENS alerts, go to www.csn.edu/alert. It only takes a few minutes to activate your ENS account. Please note your CSN e-mail account must be activated prior to ENS activation.

Thank you for helping to keep our campuses safe.
