

Institutional Learning Outcome Rubric Analysis						
ILO 1 Develop Effective Communication Skills using Information Literacy N = 178						
	Not Assessed	Highly Developed	Developed	Emerging	Initial	Student Did Not Attempt
<b>Criterion 1:</b> Evaluate information sources appropriate to the scope and discipline of the assignment.		Consistently evaluates information sources appropriate to the scope and discipline of the assignment.	Usually evaluates information sources appropriate to the scope and discipline of the assignment.	Occasionally evaluates information sources appropriate to the scope and discipline of the assignment.	Rarely evaluates or fails to evaluate information sources appropriate to the scope and discipline of the assignment.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>93</b>	<b>42</b>	<b>26</b>	<b>8</b>	<b>9</b>
<b>Criterion 2:</b> Distinguish between common knowledge and ideas requiring attribution, through methods such as bibliographic references and in-text citations (quotation, paraphrase, summary).		Consistently distinguishes between common knowledge and ideas requiring attribution.	Usually distinguishes between common knowledge and ideas requiring attribution.	Occasionally distinguishes between common knowledge and ideas requiring attribution.	Rarely distinguishes or fails to distinguish between common knowledge and ideas requiring attribution.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>89</b>	<b>49</b>	<b>21</b>	<b>10</b>	<b>9</b>
<b>Criterion 3:</b> Demonstrate effective written communication skills through appropriate modes, media, or contexts, such as considering audience, and purpose relevant to the assigned task(s).		Always demonstrates effective written communication skills through appropriate modes, media, or contexts.	Usually demonstrates effective written communication skills through appropriate modes, media, or contexts.	Occasionally demonstrates effective written communication skills through appropriate modes, media, or contexts.	Rarely demonstrates or fails to demonstrate effective written communication skills through appropriate modes, media, or contexts.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>92</b>	<b>45</b>	<b>23</b>	<b>9</b>	<b>9</b>
<b>Criterion 4:</b> Exhibit oral communication skills through appropriate modes, media, or contexts, such as delivery, organization, and content.		Always exhibits communication skills through appropriate modes, media, or contexts	Usually exhibits communication skills through appropriate modes, media, or contexts.	Occasionally exhibits communication skills through appropriate modes, media, or contexts.	Rarely exhibits or fails to exhibit communication skills through appropriate modes, media, or contexts.	
<b># of students that scored in criteria level</b>	<b>82</b>	<b>51</b>	<b>13</b>	<b>16</b>	<b>7</b>	<b>9</b>
<b>Criterion 5:</b> Exhibit nonverbal communication skills through appropriate modes, media, or contexts, such as eye contact, gestures, and body language.		Always exhibits nonverbal communication skills through appropriate modes, media, or contexts.	Usually exhibits nonverbal communication skills through appropriate modes, media, or contexts.	Occasionally exhibits nonverbal communication skills through appropriate modes, media, or contexts.	Rarely exhibits or fails to exhibit nonverbal communication skills through appropriate modes, media, or contexts.	
<b># of students that scored in criteria level</b>	<b>103</b>	<b>45</b>	<b>19</b>	<b>1</b>	<b>1</b>	<b>9</b>
<b>Average % of rating</b>	<b>21%</b>	<b>42%</b>	<b>19%</b>	<b>10%</b>	<b>4%</b>	<b>5%</b>

Institutional Learning Outcome Rubric Analysis						
ILO 2 Promote Creative Thinking and Lifelong Learning N = 13						
	Not Assessed	Highly Developed	Developed	Emerging	Initial	Student Did Not Attempt
<b>Criterion 1- Dimension 1:</b> Identify creative thinking approaches to problems.		Identifies creative thinking approaches to clearly address the problem.	Identifies creative thinking approaches but does not clearly address the problem.	Creative thinking approaches are present, but the connection to the problem is vague.	Creative thinking approaches are not clearly stated, and the approaches do not address the problem.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>7</b>	<b>3</b>	<b>3</b>	<b>0</b>	<b>0</b>
<b>Criterion 1 - Dimension 2:</b> Identify alternative solutions to problems.		Identifies alternative solutions that clearly address the problem.	Identifies alternative solutions but does not clearly address the problem.	Alternative solutions are present but the connection to the problem is vague.	Alternative solutions are not clearly stated, and the solutions do not address the problem.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>2</b>	<b>8</b>	<b>3</b>	<b>0</b>	<b>0</b>
<b>Criterion 2:</b> Shows creativity/innovation for use outside the classroom.		Shows creativity/innovation for use outside the classroom every time.	Shows creativity/innovation for use outside the classroom almost every time.	Sometimes shows creativity/innovation for use outside the classroom.	Almost never or never shows creativity/innovation for use outside the classroom.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>3</b>	<b>8</b>	<b>2</b>	<b>0</b>	<b>0</b>
<b>Criterion 3:</b> Demonstrate lifelong learning skills by successfully applying learned content towards competence in a specified career.		Demonstrate lifelong learning skills by successfully applying learned content towards competence in a specified career every time.	Demonstrate lifelong learning skills by successfully applying learned content towards competence in a specified career almost every time.	Sometimes demonstrates lifelong learning skills by successfully applying learned content towards competence in a specified career.	Almost never or never demonstrates lifelong learning skills by successfully applying learned content towards competence in a specified career.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>4</b>	<b>8</b>	<b>1</b>	<b>0</b>	<b>0</b>
<b>Criterion 4:</b> Synthesize course content to apply to real life experiences.		Synthesizes course content to successfully apply to real life experiences.	Synthesizes course content to mostly apply to real life experiences.	Synthesizes course content to partially apply to real life experiences	Evidence of synthesis is not present for at least one aspect of the course content, and it is not clear how it connects to real life experiences.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>5</b>	<b>6</b>	<b>1</b>	<b>1</b>	<b>0</b>
<b>Average % of rating</b>	<b>0%</b>	<b>32%</b>	<b>51%</b>	<b>15%</b>	<b>2%</b>	<b>0%</b>

Institutional Learning Outcome Rubric Analysis						
ILO 3 Utilize Critical Analysis and Logical Thinking N = 62						
	Not Assessed	Highly Developed	Developed	Emerging	Initial	Student Did Not Attempt
<b>Criterion 1:</b> Utilize evidence to formulate an opinion or conclusion.		Consistently utilizes evidence to formulate an opinion or conclusion.	Usually utilizes evidence to formulate an opinion or conclusion.	Occasionally utilizes evidence to formulate an opinion or conclusion.	Rarely utilizes or fails to utilize evidence to formulate an opinion or conclusion.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>29</b>	<b>33</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>Criterion 2 - Dimension 1:</b> Design strategies incorporating analyzed information.		Consistently designs effective strategies.	Usually designs effective strategies.	Occasionally designs effective strategies.	Rarely designs or fails to design effective strategies.	
<b># of students that scored in criteria level</b>	<b>16</b>	<b>11</b>	<b>15</b>	<b>18</b>	<b>2</b>	<b>0</b>
<b>Criterion 2 - Dimension 2:</b> Uses strategies to solve problems.		Consistently uses strategies to solve problems.	Usually uses strategies to solve problems.	Occasionally uses strategies to solve problems	Rarely uses or fails to use strategies to solve problems.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>23</b>	<b>25</b>	<b>10</b>	<b>4</b>	<b>0</b>
<b>Criterion 3:</b> Evaluate efficacy of implemented solutions.		Consistently evaluates efficacy of implemented solutions.	Usually evaluates efficacy of implemented solutions.	Occasionally evaluates efficacy of implemented solutions.	Rarely evaluates or fails to evaluate the efficacy of implemented solutions.	
<b># of students that scored in criteria level</b>	<b>24</b>	<b>4</b>	<b>24</b>	<b>10</b>	<b>0</b>	<b>0</b>
<b>Average % of rating</b>	<b>16%</b>	<b>27%</b>	<b>39%</b>	<b>15%</b>	<b>3%</b>	<b>0%</b>

Institutional Learning Outcome Rubric Analysis						
ILO 4 Recognize Global Mindfulness and Cultural Appreciation N = 49						
	Not Assessed	Highly Developed	Developed	Emerging	Initial	Student Did Not Attempt
<b>Criterion 1:</b> Explain the relevance of world events, international political or social issues.		Always explains the relevance of world events, international political or social issues.	Usually explains the relevance of world events, international political or social issues.	Occasionally explains the relevance of world events, international political or social issues.	Rarely explains the relevance of world events, international political or social issues.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>30</b>	<b>19</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>Criterion 2:</b> Identify diverse perspectives as they relate to a range of global values		Always identifies diverse perspectives as they relate to a range of global values.	Usually identifies diverse perspectives as they relate to a range of global values.	Occasionally identifies diverse perspectives as they relate to a range of global values.	Rarely identifies diverse perspectives as they relate to a range of global values.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>33</b>	<b>16</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>Criterion 3:</b> Analyze the human influences of different global systems to solve complex problems.		Always analyzes the human influences of different global systems to solve complex problems.	Usually analyzes the human influences of different global systems to solve complex problems.	Occasionally analyzes the human influences of different global systems to solve complex problems.	Rarely analyzes the human influences of different global systems to solve complex problems.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>24</b>	<b>23</b>	<b>2</b>	<b>0</b>	<b>0</b>
<b>Criterion 4:</b> Demonstrate a willingness to suspend their own biases in favor of an understanding of different values or cultures.		Always demonstrates a willingness to suspend their own biases in favor of an understanding of different values or cultures.	Usually demonstrates a willingness to suspend their own biases in favor of an understanding of different values or cultures.	Occasionally demonstrates a willingness to suspend their own biases in favor of an understanding of different values or cultures.	Rarely demonstrates a willingness to suspend their own biases in favor of an understanding of different values or cultures.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>38</b>	<b>10</b>	<b>1</b>	<b>0</b>	<b>0</b>
<b>Average % of rating</b>	<b>0%</b>	<b>64%</b>	<b>35%</b>	<b>1%</b>	<b>0%</b>	<b>0%</b>

Institutional Learning Outcome Rubric Analysis						
<b>ILO 5 Appraise Scientific and Quantitative Literacy N = 61</b>						
	Not Assessed	Highly Developed	Developed	Emerging	Initial	Student Did Not Attempt
<b>Criterion 1:</b> Completes numerical calculations as required.		Completes calculations successfully to solve the problem every time.	Completes most calculations successfully to solve the problem almost every time.	Sometimes completes calculations successfully to solve the problem.	Almost never or never completes calculations successfully to solve the problem.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>12</b>	<b>38</b>	<b>11</b>	<b>0</b>	<b>0</b>
<b>Criterion 2:</b> Utilize scientific sources to support knowledge acquisition.		Utilizes scientific sources accurately to support knowledge acquisition every time.	Utilizes scientific sources with few errors to support knowledge acquisition almost every time.	Sometimes utilizes scientific sources accurately to support knowledge acquisition.	Almost never or never utilizes scientific sources accurately to support knowledge acquisition.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>27</b>	<b>30</b>	<b>4</b>	<b>0</b>	<b>0</b>
<b>Criterion 3:</b> Evaluate data to inform a conclusion.		Evaluates data correctly to inform a conclusion every time.	Evaluates data correctly to inform a conclusion almost every time.	Sometimes evaluates data correctly to inform a conclusion.	Almost never or never evaluates data correctly to inform a conclusion.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>18</b>	<b>33</b>	<b>8</b>	<b>2</b>	<b>0</b>
<b>Criterion 4:</b> Applies scientific inquiry to offer solutions to a problem.		Applies scientific inquiry correctly every time to offer solutions to a problem.	Applies scientific inquiry correctly almost every time to offer solutions to a problem.	Sometimes applies scientific inquiry correctly to offer solutions to a problem.	Almost never or never applies scientific inquiry correctly to offer solutions to a problem.	
<b># of students that scored in criteria level</b>	<b>0</b>	<b>8</b>	<b>46</b>	<b>7</b>	<b>0</b>	<b>0</b>
