Dir Sir or Madam,

I am submitting this letter of intent to host a paramedic internship for who is applying to your Paramedic Medicine Program in Semester _____ Year _____.

With this letter the agency listed above agrees to host the paramedic candidate upon successful completion of all CSN paramedic courses except EMS 173 – which is the paramedic internship.

This letter is contingent on the paramedic candidate continuing to abide by all agency-specific rules, regulations, policies, and procedures. It does not guarantee a specific time frame for the hosting of such an internship, or dictate the financial circumstances under which the internship may be conducted.

While this letter may be revoked at any time by the sponsoring agency, at this time, the applicant listed above has met or exceeded any internal agency requirements for a paramedic internship, and is therefore currently extended the offer a future paramedic internship.

Sincerely,
