Reseting Your RACF (SIS/HRMS/ADVANTAGE…) password.

When you connect, you will see this screen.

Here, you will
- Type your User ID
- Press <Tab>
- Type the password given to you by the Security Coordinator
- Press <Enter>

You will see this message on your screen: “EMS1046A The password has expired; enter a new password.”
At this screen, you will

- Type your choice of password. It must be between 5 and 8 characters and it must one that hasn't been used before.
- Press <Enter>

You will see this message on your screen: “EMS1030A Reenter the new password for verification.”
At this screen, retype your new password, and press <Enter>
You will now go on to the application selection screen. Your password is now changed. Keep track of it, as you will need it the next time you log on to SIS.
