1. Bring up the Connect to a network by right clicking on the wireless network icon in the system tray located in the lower right corner of the screen.

2. Select CSN_Wireless and click the connect button.
3. Once you see that you are now connected to the CSN_Wireless network.
4. Open up your web browser (like Internet Explorer), you will be redirected to a login authentication screen where you will be required to enter your username, password and select your Domain:

5. Login with your Active Directory login credentials.

   **If you are faculty or staff:**
   
   - Username and Password will be the same as your Active Directory (computer) login
   - Select CSN as the Domain
   - Press the “Login” button

   **If you are a student:**
   
   - Username and Password are the same as your username and password for logging onto the CSN lab computers
   - Select STUDENT as the domain
   - Press the “Login” button
6. After pressing the Login button and if your name, password, and domain are correct, you will have access to the CSN_Wireless network and your browser will take you to the www.csn.edu page. From there you can browse the internet.
