The Occupational Health and Safety Program has created strong partnerships with local organizations, government entities, and training providers to assist organizations in achieving their occupational health and safety goals. As the “Premier Training Institution of Southern Nevada for Workforce & Economic Development” we are uniquely positioned to assist employers and students with training programs to meet their education needs. We offer training programs that meet the education needs of both students and employers. As your full-service workforce development partner, our expertise and experience will help you meet your key business objectives. Whether conducted at CSN, or an offsite location, our training always meets the highest quality and affordability standards.

Las Vegas, NV 89102-3880
Our occupational health and safety training programs are customized to fit your training needs. Courses can be designed to focus on specific hazards for jobsites or industries. Training sessions can be conducted at one of our many locations across Southern Nevada, or at a company workplace.

Site Audits and Safety Plans
The department can assist businesses with achieving their safety goals through a variety of assessment tools. Tools range from formal to informal programs based on the companies needs and can include:

- Safety Site Audits
- Chemical Audits
- Written Safety Plans
- Safety Plan Assessments

OSHA Training Institute (OTI) Education Center
As a Region IX OSHA Training Institute (OTI) Education Center we are able to offer comprehensive OSHA training. A variety of courses are offered in three general topic areas including construction, general industry, and disaster site. The OTI Education Center courses include, but are not limited to:

- Trainer course in General Industry (OSHA 501)
- Trainer course in Construction Standards (OSHA 500)
- Construction Standards (OSHA 510)
- General Industry Standards (OSHA 511)
- Hazardous Materials (OSHA 2015)
- Respiratory Protection (OSHA 2225)
- Permit-Required Confined Space Entry (OSHA 2261)
- Excavation, Trenching, and Soil Mechanics (OSHA 3010)
- Fall Arrest Systems (3110)
- Disaster Site Worker Train the Trainer (OSHA 5600)
- Evacuation and Emergency Planning (OSHA 7105)
- Accident Investigation (OSHA 7505)
