Students First - Admissions Process
Student Success is Our Number One Priority

If you have never studied at CSN you will need to complete the majority of the following steps before signing up for classes. Steps that only apply to DEGREE, CERTIFICATE, or TRANSFER seeking students are indicated as such. The following steps and links can be accessed by visiting www.csn.edu/future.

1. **Apply** to the College. In step #1, select “Apply Online”. If you prefer applying in person, select “Application for Admission”, complete the form and submit it to the Registrar’s Office.

2. **Apply for Financial Aid** using the FREE Application for Federal Student Aid at www.fafsa.ed.gov. Follow the steps provided on CSN’s Student Financial Services home page by selecting “Financial Aid” in step #2. [Intended for DEGREE, CERTIFICATE, OR TRANSFER students only]

3. **Take part in a “Student Success Orientation”**. In step #3, select “New Student Orientation” to learn the dates, times and locations of CSN’s orientation. [Intended for DEGREE, CERTIFICATE, OR TRANSFER students only]

4. **Complete a placement test** for English, Mathematics and Reading at one of CSN’s Testing/Assessment Centers. For office locations and times, select “Placement Testing” in step #4. Practice math tests are available on the Placement Testing link. [Intended for DEGREE, CERTIFICATE, OR TRANSFER students only]

5. **Meet with a college counselor/advisor** to help you select the correct classes and allow you to register for the degree, certificate or transfer path you have chosen. In step #5, select “Counseling Department” for office locations and hours. You may also find degree program requirements by choosing “Degree Program”. [Intended for DEGREE, CERTIFICATE, OR TRANSFER students only]

**EXCEPTION:**

New students interested in a Limited Entry Health Sciences Program must first attend a Health Programs Orientation through the Division of Health Sciences before registering for classes. Please call (702) 651-5015 for dates, times and locations.

New students interested in an Open-Entry Certificate of Achievement must visit the Health Advisement Office at the Charleston (Bldg. K) or Cheyenne (room 1219) campus. To determine whether your program of interest is a Limited Entry or Open Entry Certificate of Achievement visit: [http://sites.csn.edu/health/index.html](http://sites.csn.edu/health/index.html)

6. **Register Online.** For a brief introduction to CSN’s online registration process explaining how to navigate through the website and to find out what information you will need before logging in to register online, select “Registration Information” on step #6.

7. **Pay Tuition and Fees** by the due date in person or by selecting “Cashier’s Office” in step #7.

8. **Know CSN Regulations and Policies.** Read the Academic Policies and Procedures Section you are required to adhere to in order to succeed at CSN. Regulations can be viewed by clicking on “General Catalog and Student Handbook” in step #8.
Admissions Form (This form should be completed on the web.)

Pursuant to the passage of Senate Bill 32 (Chapter 374, Statutes of Nevada 2005), a financially independent student must be a bona fide resident of the State of Nevada for at least 12 months prior to matriculation to qualify for in-state tuition. Further, for a dependent student to qualify for in-state tuition, the student’s family must reside in the state for at least 12 months prior to matriculation.

Parent’s Signature (if student is under 18 yrs. of age)

Please send this form to:

Office of the Registrar
College of Southern Nevada
3200 E. Cheyenne Ave.
North Las Vegas, NV 89030

www.csn.edu

*Furnishing this information is voluntary. If you do not wish your Social Security Number used, you will be assigned a 9-digit “C” Number. A Social Security Number is required by the IRS for the 1098T Tax Credit, federal financial assistance, Millennium scholarship and the National Clearinghouse for enrollment verification.

02/2009
PRIVACY STATEMENT

In accordance with institutional policy and the U.S. Family Education Rights and Privacy Act of 1974 (FERPA), the College of Southern Nevada (CSN) vigorously protects the privacy of students’ education records. The institution does not release private records of individual students, such as grades and class schedules, without prior written consent of the student.

As permitted under federal law, the sole exception to the above practice is the release of “directory” information considered to be public in nature and not generally deemed to be an invasion of privacy. At CSN, the following categories are defined as “directory” information: name, mailing address, telephone number, dates of attendance, full or part time status, degree awarded, major and date of graduation.

Students have the right to request non-disclosure of directory information. If they do not restrict release of this information, it is probable that the information will be released or disclosed. CSN uses directory information for non-commercial, educational purposes, such as to mail notices to students about changes in policies, services, or opportunities. Directory information may also be provided for commercial purposes to businesses affiliated with the institution, honor societies, the alumni association and foundation, or other individuals for purposes that may be beneficial to students. The institution exercises discretion in responding to requests for directory information and may or may not provide such information when requested, depending on the intended purpose of the request. The institution does not sell or rent student information for a fee.

It is important to consider carefully the potential consequences of restricting the release of directory information. If a student restricts release for non-commercial educational purposes, the institution will be unable to place the student’s name in publications such as honors and graduation programs; to confirm graduation and dates of attendance to potential employers; to verify enrollment with organizations such as insurance companies; or to send notifications about specialized scholarships without the express written authorization of the student.

If, after due consideration, you wish to restrict the release of directory information, complete this form before the end of the first six weeks of the fall or spring semester and submit it to the Office of the Registrar. This directive will apply permanently to your record until you choose to reverse it by submitting a written authorization. Select one of the following three non-disclosure options:

- Do not disclose directory information for commercial purposes. (C)
- Do not disclose directory information for non-commercial (educational) purposes. (E)
- Do not disclose directory information for either commercial or non-commercial purposes. (N)

COLLEGE OF SOUTHERN NEVADA
VALUES STATEMENT

The College of Southern Nevada strives for high quality in all endeavors. We value:

- **Learning** – quality teaching, flexible scheduling, and total access allowing opportunities for all ages and backgrounds for student success;
- **Shared Governance** – communication across multiple campus sites among our faculty, staff, and students, and with local partnerships and state communities;
- **Students** – a student-focused environment where academic freedom is utilized to broaden student knowledge beyond the classroom; and
- **Community** – a diverse community, fostering integrity and honesty, professional development, and innovative learning for our students, faculty, and staff.

NONDISCRIMINATION STATEMENT

The College of Southern Nevada does not discriminate on the basis of race, color, sexual orientation, national origin, sex, disability, religion, marital status, pregnancy or age in any of its policies, procedures or practices in compliance with Title VI of the Civil Rights Act of 1964 (pertaining to race, color and national origin), Title VII (pertaining to employment), Title IX of the Education Amendments of 1972 (pertaining to sex), Section 504 of the Rehabilitation Act of 1973 (pertaining to disability), the Americans with Disabilities Act (pertaining to disability) and the Age Discrimination Act of 1975 (pertaining to age).

This nondiscrimination policy covers admissions, access, employment and conditions of employment in all College programs and activities. Inquiries regarding these areas should be directed to the CSN Agency Coordinators, Mr. Thomas Brown, Senior Advisor to the President or Debbie Tanner, Executive Assistant, located on the Cheyenne Campus in room 2626E, 651-4002. Federal and State agencies are also available to answer any complaints.
Veterans

If you are a veteran, or the dependent of a veteran, and are eligible for Department of Veterans Affairs Educational Benefits, please visit the Veteran Office at the Cheyenne campus before beginning any registration procedures. Eligible students requesting the advance payment of educational benefits for the Spring and Fall semesters must present their VA packages prior to the start of the semester or no later than the date posted in the class schedule. The Veterans Affairs office at the Cheyenne campus is open Monday, Tuesday, Thursday and Friday, 8:00 a.m. to 5:00 p.m. and Wednesday 8:00 a.m. to 6:30 p.m. More information may be found in the General Catalog or at http://www.csn.edu/pages/701.asp or call 651-4046.

Students With Disabilities

If you have a documented disability and believe you may qualify for special accommodations, registration assistance or any other service that is provided through our Disability Resource Center, please contact a Center located on each of our main campuses in the Student Services areas. Call the Cheyenne campus center, 651-4045 for Charleston, call 651-3086. For more information, consult a current General Catalog or obtain current policies from a campus Disability Center.

Health Science Students

Students seeking admission to one of the Health Sciences Programs should be aware that there are several additional procedures and policies. Some Health Sciences Programs are designated “limited entry,” meaning that class sizes are limited. Prospective students must submit an application to the Limited Entry Office and be selected to a program in order to register for classes in limited entry programs. Information on admissions, selection procedures and application deadlines is available through the Health Sciences Programs Advisement Office, located on the Charleston in the lobby of Building K and Cheyenne campuses in Room 1219. Students must attend a Health Sciences Program orientation to obtain detailed information on the limited entry application process and programs. In addition there are immunization requirements for these programs.

Immunizations

Nevada law and cooperative agreements with community partners requires the protection of students at high risk for exposure to vaccine-preventable diseases. Students in specific programs will be required to provide documentation of receipt of vaccination or proof of immunity through blood testing for any or all of the following:

- Hepatitis A via Health Card (only Culinary Arts and Massage Specialist)
- Hepatitis B
- Measles (rubeola), Mumps, Rubella (MMR)
- Chicken Pox (Varicella)
- Tetanus/Diphtheria
- Rabies (only Veterinary Technician)

Tuberculosis- Once accepted into a healthcare program, the student is required to show proof of no active pulmonary disease (tuberculosis) present.
Physical Examination- Once accepted into a healthcare program, the student is required to complete a physical examination.

Health Insurance- Once accepted into a healthcare program, the student is required to show proof of major medical health insurance coverage.

Drug Screen- Once accepted into a healthcare program, the student is required to test negative for drugs via a drug screen.

Criminal Background Check- Once accepted into a healthcare program, the student is required to have a criminal background check completed.

CPR- Once accepted into a healthcare program, the student is required to maintain certification in Healthcare Provider CPR/AED training.

International Students
The College of Southern Nevada welcomes students from all countries to apply for admission through the International Student Services Center. The Center is located on the Charleston campus. Any international student wishing to apply to CSN should contact International Student Services at (702) 651-5820. Consult the current General Catalog for complete information on international student admissions, tuition, fees and other requirements or the ISS website at www.csn.edu/pages/552.asp

Social Security Number Policy
In accordance with the Federal Privacy Act of 1974, applicants for admission and enrolled students at CSN are advised that disclosure and use of their social security number is voluntary. Students who do not agree to the use of their social security number as a personal identifier will be assigned a “C” number. A social security number or an assigned “C” number may be used:

1. to identify student records at CSN;
2. for registration and course enrollment;
3. to certify attendance and report student status;
4. an assigned C number may be used in the Student Information System (SIS) as an identifier to grants, loans, and other financial aid information. However, the Higher Education Act of 1965, as amended, gives the United States Department of Education (and parties authorized to assist them in administering the student aid programs), the authority to collect your Social Security number for identification purposes. Use of these numbers for identification purposes will facilitate the provision of services and compilation of information necessary to maintain accurate records on applicants and students.

Students who are employed full-time by CSN, students who want to receive 1098T Tax Credit, students who need Enrollment Verification through the National Clearinghouse or students who receive federally funded educational aid or the Millennium Scholarship must disclose their social security numbers. Students have a right to have separate “C” numbers for other identification purposes.

ADMISSIONS

Open Door Policy
The College of Southern Nevada (CSN) subscribes to an “open-door” policy of admitting all high school graduates or non-graduates who are capable of profiting from the program, or

Who May Be Admitted
Students will qualify for admission to CSN if they are either:

- A U.S. citizen or immigrant and are 18 years of age or older, or a graduate of a high school or equivalent, and
- Qualified under the CSN “open-door” policy and meet the residency requirements and can profit from the program, or
- A qualified high school student
- International Students who meet international student qualifications may also be admitted

Students must also provide certain information, complete any preliminary testing and meet deadlines. Admissions to Limited Entry programs require additional criteria.

Returning Students
Returning students (currently taking class at CSN) or readmitted students (have attended a class at CSN, but have been away for five or more semesters) do not need to resubmit an Admissions Form. They can simply register for classes using Web Registration.

Nevada Residency
A “bona fide” resident is one who has continuous physical presence in the state of Nevada, who has no ties to any other state, and who has the intent permanently to reside in the state of Nevada. To be considered a Nevada resident for tuition purposes, you must demonstrate that you were a bona fide resident of the state of Nevada at least twelve months prior to the date of matriculation (enrollment) at a NSHE institution OR that your parent(s) or legal guardian was a bona fide resident of the state of Nevada at the date of your matriculation. Determination of bona fide residency will be based upon a review of your residency application form and the required documentation for either of the two pathways for establishing Nevada residency.

Admission of Nonresident Students
The College requires that all nonresident students comply with all the admission procedures required of State of Nevada residents.

Who May Be Admitted
For Testing Hours and addresses please call:

Cheyenne (702) 651-4050
Charleston (702) 651-5733
Henderson (702) 651-3128.

Any person who lives outside of the Las Vegas may take a placement test without traveling to Las Vegas. Please call (702) 651-7465 or (702) 651-5733 for more information.

All new CSN degree/certificate seeking or transfer students are required to take the English and Math placement tests unless your ACT/SAT scores meet the following requirements.
Using ACT or SAT (college entrance exam) for Course Placement:
- Scores are less than two (2) years old
- Scores are a minimum or higher than listed below
- Original score reports ONLY, No internet or photocopies

**English 101 - Passing Scores**

ACT ..........21
SAT ..........510 (Critical Reading)

**PASSING MATH SCORES**

**English Placement Test:** You must take an English placement test prior to registering for any English class. It can take up to 5 - 7 days to receive test results.

**English as a Second Language Test:**
Please call Cheyenne 651-4475, Charleston 651-5736, Henderson 651-3128.

**Accuplacer Math Placement Test:** You must take the math placement test prior to registering for math class except for the lowest level.

**Accuplacer Reading Placement Test:** You must take the reading placement test prior to registering for any reading class or if you are placed in English 92 or 98 with the English Placement Test.

**Accuplacer Business Letter Writing Placement Test (BUS108):** Students must take a placement test prior to registering for BUS 108.

**GED and Pre-GED:** For detailed information visit: http://www.csn.edu/pages/585.asp

**CLEP and Danetes:** These tests enable non-traditional and traditional students to earn college credit based on life achievement and job skills. These tests are offered on the three major campuses.

**Proctoring:** The testing centers proctor tests for courses taught at CSN FREE of charge (make-up tests and distance education / instructor exams). Proctoring for tests from other institutions (including UNLV, NSC and UNR) is also available for a fee.

**Career Interest and Aptitude:** (Strong and MBTI and WOWI) tests are available on the three major campuses for a fee.

**The ACT High Stakes Exam Center:** The ACT Center (American Collegiate Center) is located at the Testing Center on the West Charleston campus; we provide high stake exams in a secured room for high-level, professional licensure and certification testing. Note: This is not the ACT college entrance exam. Those interested in the ACT college entrance exam should visit - http://www.actstudent.org/ for available testing locations.

**YOUR PERSONAL IDENTIFICATION NUMBER - PIN**

Every admitted student is initially assigned a PIN set to the last two digits of your birth year and month. If your birthday is January 20, 1980 – your PIN would be 8001. Web registration will prompt you to change your PIN on your first use. The new PIN will then be the one to use from now on. Returning students who have not yet established a new PIN will be prompted to do so upon using web registration. If you have forgotten your PIN, you must stop by or call the Office of the Registrar to have it reset. You will then be prompted to establish a new PIN on your next logon. (At the prompt, enter your social security number or “C” number and PIN.)

**REMEMBER - BEFORE YOU BEGIN REGISTRATION -**

- Use this Schedule of Classes, mark all the sections of the courses that you can attend.
- Take note of the campus where the classes are being held.
- Make note of which classes require prerequisites.
- Prioritize your course selections in order of importance to you and the course of study you have selected.
- See a counselor to ensure that your selections will transfer to a four-year institution within the NSHE system or beyond - or will fulfill necessary requirements in your field of study.
- Check for any additional course fees that may apply to your selections.

**REGISTRATION FOR CLASSES**

**Spring 2010 Priority Registration**

Students currently attending classes have priority registration from Nov 12 - 18. You may register on the web at http://admrec.csn.edu only on the day and time designated for your last name. If you miss your priority registration date and time, you must wait until Nov 19, to register.

**Web Registration**

You can register on the Web from any CSN computer or from your home computer. <http://admrec.csn.edu>.

- Click on “Online Registration.” (Don’t forget to bypass your pop-up blocker when you click on this link!)
- Enter your social security number (SSN) or student ID (include letter) and then click “Continue.”
- Enter your PIN number (last two digits of year and month of birth) and then click on “Continue.”
- Your PIN must be changed on your first logon to web registration.)
- In Select Semester, click on “Spring 2010.”
- In Main Menu, click on “Add/Drop/Find Classes.”
- Enter the Class Call Number to Add or Drop and press Continue

Follow all instructions and complete all information when registering online. You can access other student information on the web including Class Schedule, Semester Charges, Pay by Credit Card, Time Payment, Semester Grades and Grade Report.

Please note the following registration restrictions:

- To register for BIOL 223 and/or BIOL 251 you must have completed BIOL 189 with a grade of “C” or better, prior to November 12, 2009
- BIOL 223 and BIOL 251 sections for Spring 2010 will only be available during priority registration, by alphabet, beginning November 12, 2009. Remaining seats will be made available through WEB registration only beginning January 4, 2010 at 8:00 a.m.
What To Do If The Class You Want Is Full

If you discover that the class you want to take is full, it is suggested that you do the following:

- Keep trying (someone who has already registered for the class may decide to drop).
- Wait until the first day of registration after the purge (when all students who have not paid for their classes are dropped) and attempt to register again.
- Try again during late registration.
- Contact the instructor prior to the start of classes.
- Obtain Permission to Enroll in a Full Class Form from The Office of The Registrar.
- Attend the first day of class and ask the instructor for permission to add the class.
- For online courses go to Distance Education Web site at www.csn.edu/pages/2212.asp

Adding and Dropping Classes

If you wish to add or drop a class you may do so through the online registration at www.admrec.csn.edu . The deadlines for adding and dropping courses are published every semester in the DATES AND DEADLINES in front of the class schedule.

Auditing Classes

If you wish to enroll in a course for no grade, you may register as an auditor this must be done in person. As an auditor, you will pay regular fees and must meet all class requirements.

To Obtain Your Grades

You may use web registration to obtain your grades by going to the main Menu and selecting View Semester Grades and following the prompts. You may also get a printed copy of your semester grades at the Office of the Registrar on any campus with a photo ID.

FINANCIAL AID

Student Financial Services (SFS) is committed to assisting students with financing their educational costs to allow the attainment of their educational goals. Our staff of dedicated experts provides the following services:

- Assistance with completing financial aid applications, financial certifications, and searching for college and private scholarships
- Advising applicants about different types of financial aid programs and eligibility requirements
- Educating the public about postsecondary financing options

Applications

The College of Southern Nevada (CSN) encourages all students interested in attending to complete the Free Application for Federal Student Aid (FAFSA), and CSN Scholarship Application. The applications are available to you from our website at: www.csn.edu

The FAFSA is the primary application used by CSN and many scholarship organizations to calculate the applicant's financial strength.

Student Financial Services will compare CSN’s estimated costs against the applicant's estimated family contribution (EFC) to establish financial need. Our goal is to offer you a combination of scholarships, grants, loans, and work-study awards to assist you with paying your CSN registration fees and textbooks.

The Student Financial Services communicates the most current information to students by email. Make sure to provide your email address to the Registrar’s Office and also check the CSN website frequently.

What’s Available

Student Financial Services offers a wide variety of student aid programs designed to help you pay your tuition bill, and in some cases, assist with your textbooks and living expenses during enrollment periods.

Grants: These awards are provided mainly by the federal government, the Nevada Legislature, and by CSN. These awards are funds that do not have to be repaid. Most grants are awarded to students filing a FAFSA with established financial need.

Federal Pell Grant (PELL): awarded as an outcome of the FAFSA to undergraduate students with extreme financial need.

Federal Supplemental Educational Opportunity Grant (FSEOG): awarded as an outcome of the FAFSA to undergraduate students with extreme financial need.

Federal Academic Competitiveness Grant (ACG): awarded to Federal Pell Grant eligible students who completed a "rigorous" course of study in high school and graduated from high school after 2005.

Nevada State Incentive Grant (NSIG): awarded to Nevada residents with established financial need and demonstrated academic ability.
State of Nevada Access Grants: awarded to CSN students meeting a variety of criterion.

Nevada Board of Regents Grant in Aid (RGIA): awarded to Nevada residents with established financial need for tuition payment.

Scholarships: These awards are provided mainly by CSN and private companies or citizens through the CSN Foundation and do not have to be repaid. Most scholarships are awarded to students with demonstrated talents (academic, athletic, and the Arts) and may require a FAFSA

Millennium Scholarship (*MIL): Awarded to high school students considered to be residents of Nevada successfully completing a defined set of classes with a high grade point average.

Work-Study: These awards are provided by federal, state, and college programs. Like a regular job, work-study positions will pay you a fair wage for the hours you work. These employment opportunities will enhance your educational experience and build your resume.

- Federal Work-Study (FWS): awarded to students with established financial need working part-time employment positions.
- Nevada Access Work-Study (DAWS): State of Nevada funded part-time student employment positions.

Loans: These awards are provided by private banks backed by the federal government and must be repaid, usually with interest. Loans are awarded upon request and only after exhausting all other financial aid options to students enrolled in at least six credits per semester. Student Financial Services encourages responsible borrowing. Students interested in borrowing an education loan should contact SFS and request a Loan Packet to complete a Loan Counseling entrance interview and complete a Stafford Loan Request Form. Please visit our website at http://www.csn.edu/pages/616.asp for additional information.

Federal Subsidized Stafford Loan (E1SL): low interest bank loan borrowed by the student with a guarantee from the federal government. Taxpayers pay interest on the student's behalf while enrolled in college.

Federal Unsubsidized Stafford Loan (E1SU): low interest bank loan borrowed by the student with a guarantee from the federal government. Student pays interest while enrolled in college.

Federal Parent Loan for Dependent Undergraduate Students (E1PL): low interest bank loan borrowed by the student's parent with a guarantee from the federal government.

Important Dates
January 2, 2010..............Free Application for Federal Student Aid (FASFA) can be submitted for enrollment periods beginning August 2010 through July 2011

December 1, 2009 ............2010-2011 CSN Scholarship Application is available

March 1, 2010..............Priority application filing date for full consideration for all financial aid funds

May 15, 2010 ...............Application process completion date; submitted and verified FAFSA will have Fall funds available for tuition bill payment

Receiving Financial Aid
Receiving financial aid requires a partnership between you and the College of Southern Nevada. Please use the following financial aid checklist as a reference tool to help you meet your requirements in the partnership process:

1. Complete all applications (the FAFSA, the CN Application Letter and the CN Scholarship Application) as soon as possible with CN as a recipient school (school code 010362).
2. Submit all documents (if requested) to support your application. This MAY include your federal tax return and W-2s (if you needed parent information to submit the FAFSA, the parent federal tax return and W-2s) and forms we will make available to you. All requested documents must be signed and submitted for the process to continue.

Please Allow 4-8 Weeks of Processing Time
3. Student Financial Services will award you financial aid based upon your validated FAFSA results. Review your offered financial aid awards on the CN Web Registration internet site (https://bigborn.nevada.edu/sis_csn/X PLXWSRV/START.HTM).
4. Once enrolled for CSN classes, but no earlier than 10 days before the start of each semester, we will release your financial aid as a payment to your student account.
5. The financial aid will apply as payments against your charges and afterward;
   a. You must pay any remaining charges (or)
   b. A financial aid excess check will be mailed to your official address to be used for non-tuition educational expenses. You are encouraged to sign up for Direct Deposit with the CSN Cashier to avoid mailing times.

Student Financial Services has an office at each of the three main campuses of the College of Southern Nevada. You can call us at Cheyenne (702) 651-4047, at Henderson (702) 651-3044, or West Charleston by calling (702) 651-5660.

TUITION AND FEES

All fees are subject to change as approved by the NSHE. For up-to-date information, always consult the Office of the Registrar or the Cashier’s Office on one of our three main campuses.

Admission Application Fee: $5.00 one-time, non-refundable fee charged to new students only.

Resident Tuition: Lower Division (000-200 level) Courses: $60.00 per credit.

Upper Division (300-400 level) Courses: $98.25 per credit. Other fees may apply based on residency status.

Surcharge Fee: $3.00 per credit Lower Division

Surcharge Fee: $4.50 per credit Upper Division.

Technology Fee: $5.50 per credit.

Online Course Fee: $10.00 per course.

Special Course Fee: Some courses have a fee associated with the class; see specific class.

Nevada High School Dual Enrollment/Distance Education Fee: $25.00 in addition to lab and technology fee. Nonrefundable after classes begin.

Good Neighbor Fee: $36.00 per lower division (000-200 level), $59.00 per upper division (300-400 level) in addition to tuition and technology fee.

Western Undergraduate Exchange program (WUE): $30.00 per lower division (000-200 level), $49.13 per upper division (300-400 level) in addition to tuition and technology fee.
Nonresident Fee: $66.00 per lower division (000-200 level), $108.00 per upper division (300-400 level) in addition to tuition and technology fee, assessed on all nonresident students registering for up to six credits; $3094.00 per semester nonresident fee in addition to tuition and technology fee, assessed on all nonresident students enrolled in seven or more credits.

Nonresident Fee Online Course: nonresident students residing outside of Nevada and enrolled exclusively in Online courses will, in addition to registration fees, pay Nonresident fees of 50% (Board of Regents, 04/06). To receive the adjustment, Please contact any Cashier’s office.

Senior Citizens: Nevada residents age 62 or older may audit or register for credit in any course (subject to availability) without paying tuition fees. You will be required to pay the one-time, nonrefundable $5.00 application fee charged to all new students and any other applicable course fees plus tech fees.

Late Registration Fee: $5.00 per day to a maximum of $25.00 per semester ($10.00 for summer session) for students registering for any number of credits once the semester begins. Also applies to appeals.

OTHER FEES THAT MAY APPLY

Special Course Fees: Students registering for courses that entail extraordinary instruction costs may be subject to fees higher than the normal registration fees. Common reasons for these costs might include individual instruction (private music lessons), class supplies needed (welding), third-party charges for use of a facility (golf course) or some combination of these reasons.

Transcript Of Record Fee: $2.00 per transcript for official transcripts. If ordered online a $2.75 transaction fee applies. Unofficial transcripts are available at no cost from the Office of the Registrar.

Graduation Application Fee: $15.00 (non-refundable) per degree or certificate.

Diploma Mailing Fee: $5.00

Graduation Late Fee: $5.00 (Refer to the General Catalog for complete Graduation Requirements).

Nontraditional Examination Fee: $25.00 (nonrefundable).

Challenge Course Fee: $25.00 (non-refundable) per course.

PAYMENT DUE DATES

Your Early Registration will be canceled if fees are not paid by the payment due date. All payments must be made by closing time on Thursday, January 7, 2010.

If you wish to pay by mail, your postmark can be no later than Thursday, December 31. It is your responsibility to meet the payment due date.

Beginning Monday, January 11, 2010 – you must pay on the day you register.

You are responsible for paying tuition for all classes in which you register. You should not assume that you have automatically been dropped from classes if you do not pay for them by the due date. In some cases, if you have registered and paid for some classes in a semester, the College does not automatically drop you from the unpaid classes. You must Officially Drop any class you do not wish to take. Courtesy bills mailed before and after semester.

PAYMENT METHODS

Your tuition and fees will be calculated via web registration or you may pay in-person at any CSN Cashier’s Office during office hours. RETAIN ALL RECEIPTS FOR YOUR RECORDS.

Payment On The Web by Credit Card

To review your balance, go to the main menu and select Semester Charges and then the Term. After reviewing your balance, select Menu and then Pay By Credit Card.

Next, select Spring 2010 Term and follow the prompts. CSN will accept MasterCard, Visa, Discover, Diners Club or American Express. You may pay in person by Credit Card.

Web Payment available

Monday - Saturday, 12:30am - 8pm
Sunday & Holidays 8am - 8pm

Payment By Mail

If you pay your tuition and fees by mail, it must be postmarked no later than Thursday, December 31, 2009. Payment must be made by check, made payable to the Board of Regents.

Be sure to write your social security or student ID “C” number on the check. Send your payment to:
College of Southern Nevada
File 50360
Los Angeles, CA 90074-0360

If you have questions about your payment, contact the Cashier at:
West Charleston 651-5650
Cheyenne 651-4064
Henderson 651-3022
Office Hours: Monday 8:00am - 6:30pm
Tuesday - Friday 8:00am - 5:00pm

Payment By Personal Check

You may pay CSN fees and other bills with a personal check. A collection fee of $15.00 will be assessed for any check returned unpaid by your bank. A returned check must be made good within ten (10) days after being returned to the College or collection procedures will be initiated. If a personal check is returned from the bank, the College reserves the right to place a student on a cash basis only and withdrawal procedures may be initiated at the option of the College. A stop payment placed on a check does not constitute an official withdrawal from the class, and the student will be responsible for any fees that are a result of the stop payment. Official withdrawal must be made through the Office of the Registrar.

Time Payment Plan Begins December 1, 2009

Contracts for the Time Payment Plan are available only during the Spring and Fall semesters to students who register for six or more credits per semester. Contract applications are available online as Deferred Payment. Time Payment Plans are available four weeks before the close of early registration.

Drop Fee Schedule

If you drop from CSN courses, you may be entitled to a full or partial refund of your tuition and fees (including nonresident tuition and fees). Check the Dates and Deadlines section of this Schedule for deadlines.

If you drop a course before the first day of any semester in which you have registered, you will receive a 100% refund of tuition and fees. This applies to the Spring and Fall (full term) semesters.

If you drop a course on the first day of the semester through the seventh day of the semester, you will be charged a 25% fee. This applies to the Spring and Fall (full term) semesters.

Short Term courses (courses less than 16 weeks (short-term courses) must be dropped prior to the first class session for a 100% refund. Once the class has started, students must drop within 2 calendar days for 25% drop fee.

No refunds will be given for the $5.00, one-
No refunds will be given for the $5.00, one-time application fee, the $25.00 nontraditional education examination fee, the $25.00 challenge course fee or to students enrolled in video instruction program courses.

Refunds
Refund checks are normally issued four to six weeks after the first day of classes by the Cashier’s Office. Make sure your address is correct in the system.

Exceptions
No refund is made if withdrawal is after the end of the sixth week of instruction, regardless of circumstances.
Refund might be considered for the following reasons:

• Induction of a student into the United States Armed Forces
• Death of a spouse, child, parent or legal guardian of the student
• Death of the student
• Verifiable error on the part of the institution
• Verifiable incapacitating illness or injury which prevents the student from returning to school for the remainder of the semester.

A Student Appeal form and supporting documentation must be submitted to the Office of The Registrar. Please allow a minimum of eight to twelve weeks for processing.

SERVICES THAT HELP YOU SUCCEED AT CSN
Support Services provides the following college wide academic programs: Writing Centers, Tutorial Services, Math and Science Resource Centers and International Student Conversation Lounge.

Writing Centers can be reached at:
West Charleston ........... 651-7402
Cheyenne ..................... 651-4101
Henderson .................... 651-3187

Tutorial Services can be reached at:
West Charleston ........... 651-5732
Cheyenne ..................... 651-4232
Henderson .................... 651-3125

Information about the Math and Science Resource Centers and the International Student Conversation Lounge can be obtained through Tutorial Services.

Campus Child Care- Campus Child Care provides access to higher education for student parents through high-quality, low-cost child care services. Children of faculty/staff are also eligible.

Hours of service are Monday through Friday, 7 a.m. to 6 p.m. Full day and half-day schedules are available with drop-in services when available. Child Care serves children two through five years of age. Please contact Campus Child Care on the Cheyenne or Charleston campus for details.

Career Services- Career Services offers career exploration and job search assistance to students and community members. We help students define career goals through computerized assessments and career exploration activities. Services include: career guidance, résumé and cover letter critiquing, computerized interview software, self-directed employment searches, internship and volunteer opportunities, internet listing of employment opportunities, employment referrals, assistance to employers in locating qualified personnel, workshops in résumé writing, job-seeking and employment decision-making skills, career reference materials, employment events and job fairs. Careerservices@csn.edu.

Cheyenne ...................... 651-4700
Charleston .................... 651-5089
Henderson ..................... 651-3174

Computer Labs- CSN has full-service computer labs at the Cheyenne, Henderson, and Charleston campuses as well as at the A.D. Guy Center and Centers on the Green Valley High School, Palo Verde High School, and Western High School campuses. The computer labs called “Interactive Learning Centers” bring together students, computing resources and instructors. Computer-based instruction, application and word processing software and individual instruction are available to currently registered students.

CAPS- Counseling and Psychological Services (CAPS) offers a variety of free and confidential services aimed at promoting the growth and development of currently-enrolled CSN students. CAPS can help students to better cope with many of life’s challenges. Services are available to students taking at least 6 credits during Spring/Fall semesters or 3 credits during Summer terms. CAPS provides short-term counseling/psychotherapy for individuals, couples (students only) and groups. We also offer crisis intervention and educational presentations and programs. Confidential consultations are available to assist faculty and staff regarding student-specific concerns and/or classroom situations.

For more information, consultation, or to schedule an appointment with CAPS, please call us.

Cheyenne Campus: 651-4099
West Charleston Campus: 651-5518
Henderson Campus: 651-3099

College Library Services- All CSN students are eligible to have CSN/NSHE library privileges. CSN has libraries on the Cheyenne, Henderson, and Charleston campuses. In addition to the collections of books, periodicals, media, and research materials on each campus, College Library Services provides extensive online access to the world of information (full-text journal, magazine, and newspaper articles, books, media, databases, indexes, and online catalogs across all disciplines) via their website from any location on or off campus. The website also provides a variety of information literacy tutorials and research guides to help with coursework across the curriculum. Reference services are available on each campus and also via phone and chat. CSN libraries participate in interlibrary loan and document delivery programs to support borrowing of materials from other libraries. Please visit their website at www.csn.edu/library for complete information on the libraries and their resources, hours of service, locations, phone numbers, and policies.

Disability Resource Center- The DRC is committed to providing educational support services for students with documented disabilities on all CSN campuses. The Center assists in providing special accommodations which allow all students to realize their fullest academic potential within the scope of the College. Call 651-5644 (Charleston), 651-4045 (Cheyenne) or 651-3086 (Henderson).

General Catalog- The CSN General Catalog is published annually. The Catalog serves as the official College document describing policies, procedures, degree and certificate programs, course descriptions, faculty and all related information for students. The Catalog is available on the College website and is available in campus bookstores for a nominal charge.

Honors Program- College of Southern Nevada’s Honors Program seeks to encourage enriched scholarly pursuits. Our mission is to provide students a variety of opportunities to develop enhanced research, critical thinking and communication skills. Information may be obtained from http://www.csn.edu/pages/895.asp

International Student Services- The International Center is a comprehensive student-centered department that assists international students with transition to the American system of higher education. We provide students with admissions, orientation, academic and personal counseling, college
success skills education, and advisement of immigration regulations. Our mission is to assist international students in achieving their academic goals by providing accessible services and a supportive staff.

**Phi Theta Kappa** - If you wish to obtain a Phi Theta Kappa notation on your diploma, transcript, and in the commencement book, you must complete the chapter Phi Theta Kappa Graduation Form. This form may be obtained from the Phi Theta Kappa Office or from the chapter website [http://www.csn.edu/pages/515.asp](http://www.csn.edu/pages/515.asp). The deadline for receipt of the form is the same as that for graduation. Use the information on the form to purchase the items you want (tassel, tassel, double honors cord, and medallion).

**ReEntry Program** - The ReEntry Program assists students in career and technical programs facing significant barriers to education and/or employment including individuals pursuing non-traditional occupations, single parents, displaced homemakers, educationally or economically disadvantaged, students with disabilities, unemployed and dislocated workers. ReEntry works closely with all academic schools, other campus services and maintains a strong community referral system.

Services include: Non-traditional career exploration, interest and aptitude assessments, academic advising, textbook loans (TAP), resources for financial assistance and scholarships, workshops and seminars, employment & internship assistance, and Apprenticeship Preparation Training.

Cheyenne 651-4681
Charleston 651-5089
Henderson 651-3174

**Retention Services** - The Retention Office helps students successfully complete their term coursework, persist in their degree/certificate programs, and graduate in a timely manner. Specialists help students assess personal strengths and limitations, develop college success strategies, implement action plans, learn to navigate the educational system, access available resources, and connect to campus life.

Retention also coordinates the Faculty Electronic Early Warning System that provides faculty with a confidential means to submit to Retention the name of a student in jeopardy of failing a class. Faculty can log on to CSN’s Web Grading at [https://bsdpro21.csn.edu/webgrading/asp/Login.asp](https://bsdpro21.csn.edu/webgrading/asp/Login.asp) to place the referral.

Charleston 651-7367
Cheyenne 651-2626
Henderson 651-3103

**Transfer Centers** - The CSN Counseling Department Transfer Centers are resource centers students and faculty can use to access current transfer information to four-year institutions.
Website: [http://www.csn.edu/pages/944.asp](http://www.csn.edu/pages/944.asp)
E-mail: transfercenter@csn.edu.

**TRIO Student Support Services** - TRIO Student Support Services is a federally funded program designed to provide guidance, advocacy, and academic support to first-generation, financial aid qualified, and/or disabled students seeking to complete a two-year degree at CSN and/or transfer to a four-year school. All services are FREE. TRIO is located on the Cheyenne Campus, Room 1120, and can be reached by calling 651-4441.

**Tutorial Services** - This department provides tutoring assistance to CSN enrolled students only. Services include:

- FREE one-on-one tutoring sessions on all 3 main campuses in a many general education subjects; appointment required. Each credit of instruction receives up to four hours of tutoring.
- Drop-in Math & Science Resource Centers on all 3 campuses.
- Communication Labs on all 3 campuses.
- International Student Conversation and Coffee Corner on the WCH campus offering a social opportunity for ESL students to converse.
- Visit [www.csn/tutoring.edu](http://www.csn/tutoring.edu) for policies, procedures and hours of operation. Charleston 651-5732, Cheyenne 651-4232 and Henderson 651-3125.

**Online Free 24/7**

CSN is continuing our partnership with SMARTTHINKING to offer FREE academic support to all CSN students.

SMARTTHINKING has the online tutoring, online writing services, and homework help services that help students succeed. Tutors are available up to 24 hours a day, 7 days a week in a variety of subjects. SMARTTHINKING provides online tutoring in Mathematics (Basic Skills - Calculus II), Writing, Chemistry, Physics, Biology, Introduction to Human Anatomy and Physiology, Accounting, Economics, Introductory Finance, Spanish and Statistics.

Online Math tutors are available 24 hours a day during the school year. Over 80% of SMARTTHINKING online tutors have a Masters or PhD in their respective discipline, and they average eight years of teaching experience.

SMARTTHINKING’s Online Writing Lab helps students at secondary, post-secondary, and graduate levels become stronger writers. Students receive a detailed, personalized critique of any written assignment, such as an essay, report, personal statement, cover letter, resume, or creative story.

**Students must now log into Angel to access Smarthinking.**

There is a Smarthinking Nugget (ICON) on your student homepage in Angel. Click on the Nugget and another browser window will open to the Smarthinking website. You no longer need a separate log into Smarthinking. Once in Angel you are already validated for your Smarthinking account. Click on [http://onlinecampus.csn.edu/default.asp](http://onlinecampus.csn.edu/default.asp) to log into Angel.

If you have any questions please call (702) 651-5619.

**Writing Centers** - The College strongly recommends that all students taking classes with writing assignments use the Writing Center. It is a place where students from all disciplines and at all levels can come and discuss their writing with a trained Writing Assistant. Assistants will help students at any stage in the writing process, from idea generation, through organization, to final revision. The Writing Center is not an editing service, so we are not allowed to correct students’ errors for them; however, Writing Assistants will help students produce quality written essays, research papers and required assignments by showing them techniques and skills to find and correct their own errors so that students will avoid making them in the future.

No appointment is necessary; we are a walk-in service. Please come prepared by bringing a copy of the instructor’s or professors’ writing assignment and guidelines, including any style sheets for documentation. The Writing Center is free and is located on each main campus. Please contact the Writing Center near you for locations and hours of operation: Charleston 651-7402; Cheyenne 651-4101; Henderson 651-3187. We look forward to seeing you.

AUTOMOTIVE COLLISION REPAIR

ABDY 101B  COLLISION REPAIR FUND/EST  2 CREDITS  FEE: $225.00

This course will provide an overview of the collision repair industry, orient students to the programs policies and procedures, and I-CAR core training module requirements. Minor estimating is also included.

21000 CY001 W  6:30PM - 8:30PM Cheyenne  1305 FITZGERALD

ABDY 120B  NON-STRUCTURAL WELDING  4 CREDITS  FEE: $319.00

This course prepares the student in general welding safety, Plasma Arc Cutting, Oxy and Acetylene welding, cutting, heating and GMAW MIG welding techniques. Students will be prepared to take the I-CAR hands on steel welding test. Prerequisite: ABDY 101B or instructor approval.

21000 CY001 W  6:30PM - 8:30PM Cheyenne  1305 FITZGERALD

ABDY 122B  NON-STRUCTURAL BODY/PANEL  4 CREDITS  FEE: $319.00

This course covers the proper techniques for removal, installation, adjustment, and alignment of body hardware, body trim, and body sheet metal parts (using basic hand tools.) Prerequisite: ABDY 101B or instructor approval.

21000 CY001 TR  6:40PM - 9:50PM Cheyenne Bldg S102  STAFF

ABDY 150B  STRUCTURAL I  4 CREDITS  FEE: $319.00

Introduction to specialized frame and unibody measuring, anchoring, and pulling equipment. The student will perform welding techniques and use corrosion preventive materials to restore the vehicle as closely as possible to pre-collision condition. Prerequisite: ABDY 120B or instructor approval.

74010 CY501 MTWR  3:00PM - 6:10PM Cheyenne Bldg S 102  STAFF
NOTE:ABOVE SECTION - MEETS 3/22 - 5/15

ABDY 198B  ST: AIR BRUSHING TECHNOLOGY  2 CREDITS  FEE: $137.00

Students will learn the techniques of airbrushing primarily for automotive related applications. Equipment selection, paint mixing, surface preparation and special effects will be covered.

74012 CY501 F  5:30PM - 9:30PM Cheyenne Bldg S 102  VANDERMINDEN
NOTE:ABOVE SECTION - MEETS 1/22 - 3/12

ABDY 198B  ST: ADVANCED AIR BRUSHING TECHNOLOGY  2 CREDITS  FEE: $137.00

An advanced study for students already possessing basic airbrush skills. Special effects, including, but not limited to, flames, graphs, metallics, pearls, and flakes and blending will be covered. Students must provide their own quality air brush. Prerequisite: ABDY 198B Airbrushing Technology.

74014 CY502 F  5:30PM - 9:30PM Cheyenne Bldg S 102  VANDERMINDEN
NOTE:ABOVE SECTION - MEETS 3/26 - 5/15
This course covers metal preparation, sanding, masking, metal treatment, and priming. Spraying of basecoat and clear coat, color matching, blending, and the proper care of a paint gun are also included. Students will learn blending, color adjusting and tinting. Prerequisite: ABDY 110B or instructor approval.

ACCOUNTING

ACC 105  TAXATION FOR INDIVIDUALS  3 CREDITS
FEE: $205.50 - ALL DED SECTIONS $215.50

Development of the individual taxpayer’s taxable income through an analysis of income, exemptions, deductions and credits.

ACC 135B  BOOKKEEPING I  3 CREDITS
FEE: $215.50 - ALL DED SECTIONS $225.50

Introduction to the basic principles of bookkeeping and accounting, theory of debit and credit, the bookkeeping cycle, journals, ledgers, bank reconciliations and payroll.

ACC 201  FINANCIAL ACCOUNTING  3 CREDITS
FEE: $215.50 - ALL DED SECTIONS $225.50

Basic accounting techniques with emphasis on the accounting cycle, analysis of financial statements, payables and receivables, plant assets, inventories and internal controls for cash.

ACC 202 * MANAGERIAL ACCOUNTING  3 CREDITS
FEE: $215.50 - ALL DED SECTIONS $225.50

Accounting methods and techniques utilized by corporations, cost systems, budgeting, and the utilization of accounting data for planning and control. Prerequisite: ACC201.

ACC 203  INTERMEDIATE ACCTNG I  3 CREDITS
FEE: $205.50 - ALL DED SECTIONS $215.50

Accounting for assets and liabilities, concepts and techniques concerning preparation and analysis of the balance sheet, essentials of interest, annuities and present value. Prerequisite: ACC 202.

ACC 204  INTERMEDIATE ACCTNG II  3 CREDITS
FEE: $205.50 - ALL DED SECTIONS $215.50

Accounting for stockholders’ equity, statement of cash flows, statement analysis, pensions and leases. Prerequisite: ACC 203.

ACC 205  COST ACCOUNTING  3 CREDITS
FEE: $205.50 - ALL DED SECTIONS $215.50

Cost concepts and decision making, break even techniques, budgets and management analysis. Prerequisite: ACC 201.
ACC 210B IRS COMP TAX PREPAR PROG 3 CREDITS FEE: $205.50
Hands-on experience preparing computerized individual income tax returns utilizing the I.R.S. Electronic Filing System. Prerequisite: ACC 105.
74164 CYOS1 TR 11:00AM - 1:00PM Cheyenne 2664 STAFF NOTE: ABOVE SECTION - MEETS 1/19 - 4/22

ACC 220 MICROCOMPUTER ACCTNG SYS 3 CREDITS FEE: $220.50 ALL DED SECTIONS $230.50
Develop skills in the use of computerized accounting. Interact with on-line realistic computerized accounting systems. Primary objective will be to focus on an applications approach using actual business case studies. Prerequisite: ACC 201.

ARCHITECTURE DRAFTING TECHNOLOGY

521-4880

There is a MANDATORY orientation for all ADT 100B students on Thursday, 1/14/10 at 6:00 PM or Saturday, 1/16/10 at 9:00 AM. at Western Center in room 122.

ADT 100B INTRO TO DRAFTING THEORY 3 CREDITS FEE: $225.50
An introduction to manual drafting theory as utilized in fields of architecture, interior design and graphic arts. Geometric construction, orthographic projection, elevations and isometric drawings are included. Open lab will be required. Corequisite: CONS 120B.
76200 WH940 MW 9:00AM - 10:50AM Western 120 KAKO
76202 WH941 TR 9:00AM - 10:50AM Western 120 COCA
76204 WH942 MW 5:00PM - 6:50PM Western 120 SOLANO
76206 WH943 MW 7:00PM - 8:50PM Western 120 SOLANO
76208 WH944 S 9:00AM - 12:50PM Western 120 MALER NOTE: ABOVE SECTION - MEETS SATURDAY

ADT 101B ARCH RESIDENTIAL DESIGN 3 CREDITS FEE: $235.50
Emphasis will be placed on residential design by creating a full set of architectural working drawings and by using the proper residential code references. Open lab will be required. Prerequisites: ADT 100B, 107B, CONS 120B.
76210 WH940 TR 5:00PM - 6:50PM Western 120 WAGNER

ADT 103B URBAN PLANNING 2 CREDITS FEE: $137.00
Surveying of urban planning to include historical examples and the theoretical, social, technical and environmental forces that shape this profession.
76212 WH940 F 5:00PM - 6:50PM Western 116 WAGNER NOTE: ABOVE SECTION - FORMERLY BI 100 URBAN PLANNING

ADT 104B ARCHITECTURAL GRAPHICS 4 CREDITS FEE: $304.00
Architectural drafting and presentation techniques emphasizing two-dimensional renderings in color and black and white media. Prerequisites: ADT 101B and ART 101.
76214 WH940 TR 7:00PM - 9:50PM Western 120 NAVETTA

ADT 198B ST: FUNDAMENTALS OF GREEN ARCHITECTURE 3 CREDITS FEE: $205.50
This class will explore the fundamentals of sustainable strategies and green design as they relate to architectural design. Such strategies as passive heating, cooling and lighting will be covered as well as the social, economics, and cultural implications or green design. Students will learn about sustainable materials and methods of construction as well as the cradle to grave waste cycle of materials. No prior knowledge is necessary only an interest in green architecture.
76216 WH940 R 7:00PM - 9:50PM Western 116 KAKO

ADT 198B ST: PHOTOSHOP FOR ARCHITECTURE 3 CREDITS FEE: $205.50
Photoshop is Adobe’s flagship image editing software. It has numerous uses in the photography and design industries. This class will focus on the architectural specific application of Photoshop as a rendering tool. Students will learn how to render both hand sketches and cad drawings using Photoshop CS4. Both interior and exterior environments will be covered. A general knowledge of AutoCAD is required. Students can expect to create a portfolio of their work during the semester.
76218 WH941 F 5:00PM - 7:50PM Western 118 COCA

ADT 198B ST: INTERMEDIATE REVIT 3 CREDITS FEE: $205.50
Revit is a powerful parametric 3D modeling program for designing buildings. This course covers a wide range of Intermediate level topics in Autodesk Revit, continuing to build on the concepts introduced in the Intro to Revit course. The primary objective of this course is to teach students to use the powerful design toolset and advanced drawing techniques to customize the software in order to produce professional detail drawings. Emphasis will be placed upon the creation of Revit templates, object styles, and materials. Students will create families and family types, use massing elements for conceptual design, use space planning and area analysis, import, export, and link files, render and use other visualization tools: Prerequisite: Intro to Revit class.
76220 WH942 M 5:00PM - 8:50PM Western 108 KNOEPPEL

ADT 198B ST: ARCHITECTURAL VISUALIZATION 3 CREDITS FEE: $205.50
This class will explore the simple and powerful combination of using Sketchup to quickly model 3d spaces and the render engine Vray to create photorealistic images for the purpose of effective design communication.
76222 WH943 MW 7:00PM - 8:30PM Western 118 WAGNER
ADT 201B  COMP AIDED RESI DESIGN  3 CREDITS  FEE: $205.50
This course will help the students comprehend the production and
coordination of various drawing types and schedules utilizing
AutoCAD software and emphasizing an ability to communicate
design intent for residential building. Open lab will be required.
Prerequisites: ADT 101B and CADD 105.

76224 WH940 W 5:00PM - 8:50PM Western 108 KNOEPPEL
NOTE:ABOVE SECTION - FORMALLY AAD 222B ARCHITECTURAL COMPUTER
AIDED DRAFTING AND DESIGN II

ADT 205B  ARCHITECTURAL ENV CONTROL  3 CREDITS  FEE: $205.50
This course will help students comprehend the principles of design
relating to the creation of habitats that efficiently meet the needs of
the intended occupant. Content will include general systems termin-
oLOGY and principles and green building construction. Prerequisites:
ADT 107B and GEOG 103.

76226 WH940 T 7:00PM - 9:50PM Western 116 WAGNER

ADT 210B  RESIDENTIAL STRUCTURAL  3 CREDITS  FEE: $205.50
This course will help students to apply basic structural principles to
problems encountered in the design and construction of single family
dwelling structures not exceeding two stories in height. Prerequisites:
ADT 107B and PHYS 151.

76228 WHS01 MW 7:00PM - 8:50PM Western 116 WAGNER
NOTE:ABOVE SECTION - MEETS 1/19 - 3/21

ADT 220B  ARCHITECTURAL DESIGN  1 CREDIT  FEE: $68.50
Students will develop a portfolio and résumé for use in the acquisition
of exhibitions and/or employment. This course is used to evaluate
graduating students’ strengths and weaknesses of the Architectural
Design Technology Program and will use a pass/fail grading method.
Prerequisite: Program Director’s permission.

76230 WHS01 F 7:00PM - 7:50PM Western 116 WAGNER
NOTE:ABOVE SECTION - MEETS 1/19 - 3/21

ADT 290B  INTERNSHIP ARCHITECTURAL  1-4 CREDITS  FEE: $68.50 PER CREDIT
Provide students the unique opportunity to work within selected
firms/agencies of the Architectural Design industry, directed by a
qualified professional and supervised by the instructor. One credit
may be earned for each 5 hours worked per week, to a maximum of 4
credits total. Prerequisite: ADT 201B.

76232 WH940 ARR - ARR ARR ARR WAGNER

ACADEMIC AND LIFE SUCCESS
Cheyenne 651-4005, W.Charleston 651-5758
Henderson 651-3048

ALS 101  COLLEGE SUCCESS  3 CREDITS  FEE: $205.50- ALL DED SECTIONS $215.50
Learn strategies for mastering academic and life success. Course top-
icss include change, goal setting, money, time/priority management;
test preparation, note-taking, memory techniques; relationships, com-
munication, listening, wellness, diversity and personal responsibility
21180 CY001 MW 9:30AM -10:50AM Cheyenne 2005 STAFF

AMERICAN SIGN LANGUAGE

651-4007

AM 145 AMERICAN SIGN LANGUAGE I  4 CREDITS  FEE: $289.00
Designed mainly to introduce ASL and to focus on the development of basic conversational skills, emphasizing receptive abilities.

7420 CY801 S 9:00AM - 12:45PM Cheyenne 1062 STAFF
U 1:00PM - 4:45PM Cheyenne 1062 STAFF

NOTE: ABOVE SECTION - MEETS 1/23 - 1/27, SATURDAY AND SUNDAY

AM 146 AMERICAN SIGN LANGUAGE II  4 CREDITS  FEE: $289.00
The course continues to stress the development of basic conversational skills with emphasis on expanding vocabulary and expressive skills. Prerequisite: AM 145.

7420 CY801 S 9:00AM - 12:45PM Cheyenne 1062 STAFF
U 1:00PM - 4:45PM Cheyenne 1062 STAFF

NOTE: ABOVE SECTION - MEETS 2/13 - 2/17, SATURDAY AND SUNDAY

AM 147 AMERICAN SIGN LANGUAGE III  4 CREDITS  FEE: $289.00
This course promotes the shifting from comprehension to production of ASL, to bring one’s current ASL fluency to a point of self-generated ASL. Prerequisite: AM 146.

AM 148 AMERICAN SIGN LANGUAGE IV  4 CREDITS  FEE: $289.00
This course encourages the student to expand his or her command of discourse in ASL on various everyday topics. Prerequisite: AM 147.

AM 149 AMERICAN SIGN LANGUAGE V  4 CREDITS  FEE: $289.00
A course intended to encourage majors in Deaf Studies to further develop their conversational ASL abilities, particularly in the area of self expression. Prerequisite: AM 148.

AM 150 FINGERSPELLING I  1 CREDIT  FEE: $83.50
This course is designed to develop basic skills in receptive and expressive fingerspelling. Prerequisite: AM 147.

AM 151 FINGERSPELLING II  1 CREDIT  FEE: $83.50
This course is designed to improve receptive and expressive fingerspelling skills to intermediate/advanced levels. Prerequisite: AM 151.

AM 152 HISTORY OF DEAFNESS  3 CREDITS  FEE: $220.50
This course is designed to introduce students to the history of deaf people and the sociological, psychological, educational and political forces which have shaped the field of deafness. Prerequisite: AM 147.

AM 153 ASL/ENGLISH TRANSLATION  3 CREDITS  FEE: $220.50
This course is an introduction to the process of working between two languages. Students will analyze textual material and translate from the source into the target language with the goal of maintaining semantic accuracy. Prerequisite: AM 155 or instructor approval.

AM 154 FINGERSPELLING III  1 CREDIT  FEE: $289.00
This course continues the development of skills in interpretation and transliteration in order to prepare students for employment. Emphasis is placed on practical application of theory and process of interpreting in class and lab situations. Prerequisite: AM 207.
### ANIMATION

**ANIM 240B**  
**INTRO TO 3D MATERIAL APPL**  
**4 CREDITS**  
**FEE: $274.00**  
The student will use the material editor of the 3D Studio Max program to apply various bitmaps to the 3D geometric models and adjust the lights, camera, and the material mapping coordinates for rendering a photorealistic scene. Prerequisite: ANIM 240B.

**ANIM 245B**  
**ADVANCED 3D COMPUTER ANIM**  
**4 CREDITS**  
**FEE: $309.00**  
This course will introduce special effects. The student will demonstrate the use of particle systems, space warp, volumetric, compositing effects, network rendering and video post output. Prerequisite: ANIM 240B.

**ANIM 247B**  
**INTRO TO 3D ANIM COMP**  
**4 CREDITS**  
**FEE: $274.00**  
Introduction to compositing 3D animated scenes, live video, audio, graphic images, and special effects (SFX) using the latest postproduction software (i.e. Combustion, Premier, After Effects, Studio 7, etc.). Prerequisite: ANIM 240B.

**ANIM 250B**  
**3D CHARACTER MODEL & ANIM**  
**4 CREDITS**  
**FEE: $309.00**  
The student will create organic 3D models; people, plants, animals, etc., and apply bones, metaballs, physique, and bipedal footsteps to the geometry doing the animation process. Prerequisite: ANIM 240B.

**ANIM 255B**  
**3D CHARAT MODELING ANIMAT**  
**4 CREDITS**  
**FEE: $309.00**  
The student will place created organic 3D models into a scene and prepare the scenes for postproduction before outputting to a media type, e.g., film or CD ROM. Prerequisite: ANIM 250B.

### ANTHROPOLOGY

**ANTH 101**  
**INTRO TO CULTURAL ANTH**  
**3 CREDITS**  
**FEE: $205.50**  
An in-depth analysis of culture revealed by world ethnography.

**ANTH 101**  
**INTRO TO CULTURAL ANTH**  
**3 CREDITS**  
**FEE: $205.50**  
An in-depth analysis of culture revealed by world ethnography.
21388 WC812 TR 12:30PM - 1:50PM W Charleston I 302 STAFF

ANTH 211 PREHISTORY OF NORTH AMER 3 CREDITS
FEE: $205.50
An examination of the prehistory of North America with particular emphasis on the history and relationship to Middle America.

21447 WC801 TR 11:00AM -12:20PM W Charleston C 222 WILREKER

ANTH 214 INTRO TO MESOAMERICAN PRE 3 CREDITS
FEE: $205.50
The study of prehistoric and protohistoric cultures and areas of Mexico and Central America, including the Aztecs and Mayans.

21420 WC801 TR 6:00PM - 7:20PM W Charleston I 310 S.BILLINGS

ANTH 215 INTRO FAITH, WITCHCRAFT MAG 3 CREDITS
FEE: $205.50
Introduces students to the anthropological study of religion as a human institution. Examines the history, methods, and current status of the field.

21422 WC801 W 9:30AM -12:20PM W Charleston C 222 RAFFERTY

ANTH 216 DRUMS/CULTURE/ NEW WORLD 3 CREDITS
FEE: $205.50
Explore the complex relationships between culture, rhythm, music, and dance, while learning to sing and play hand drums from around the world. This course will compare and contrast the role and meaning of rhythm and music in traditional cultures with the contemporary global renaissance of drum and dance. In addition to lecture, reading, writing and video, expect a hands-on experiential process involving song, poetry, some movement, and lots and lots of drumming.

AST 105 Intro Astronomy Lab 1 Credit Fee: $93.00 - All Ded Sections $103.00

Course provides practical experience in observational astronomy including telescopic observations and laboratory exercises. AST 105 fulfills the lab science elective for any degree program. Should be taken with or after taking AST 101 or AST 103 or AST 104. Prerequisite: MATH 095 or above.

21606 CY001 M 7:30PM - 10:30PM Cheyenne 2003 STAFF
21608 CY002 T 2:00PM - 5:00PM Cheyenne 2003 PIPPIN

Astronomy

651-4187

Auto 105B General Automotive 4 Credits Fee: $319.00

Basic maintenance procedures of the major components of the automobile using service repair manuals, hand and power tools, precision measurement equipment, fasteners and chemicals.

21628 CY001 MW 8:00AM - 12:00PM Cheyenne 1034 STIVERS
21630 CY002 TR 8:00AM - 12:00PM Cheyenne 1034 STIVERS

21642 CY008 TR 6:00PM - 9:30PM Cheyenne 1301 STAFF

Auto 115B Auto Electricity/Electronics 4 Credits Fee: $319.00

Topics include mastery of DC electricity, use of digital multimeters, troubleshooting electrical problems in starting, charging and accessory systems. Prerequisite: Auto 105B or instructor approval.

74648 CYS01 MTWRF 8:00AM - 12:00PM Cheyenne Bldg S 112 ROQUES
74649 CYS02 MTWRF 8:00AM - 12:00PM Cheyenne Bldg S 114 ETHERIDGE
74650 CYS03 MTWRF 8:00AM - 12:00PM Cheyenne Bldg S 116 VIOLA
21644 CY001 MW 6:00PM - 9:30PM Cheyenne Bldg S 112 VIOLA
21646 CY002 TR 6:00PM - 9:30PM Cheyenne Bldg S 112 WEAVER

Auto 117B Adv Auto Electronics 4 Credits Fee: $319.00

Advanced AC and DC automotive electronic circuits. Troubleshooting electronically controlled components including supplemental restraint systems and convenience accessories. Prerequisite: Auto 115B or instructor approval.

74654 CYS01 MTWRF 8:00AM - 12:00PM Cheyenne Bldg S 112 PATE
74655 CYS02 MTWRF 8:00AM - 12:00PM Cheyenne Bldg S 114 ETHERIDGE
74656 CYS03 MTWRF 8:00AM - 12:00PM Cheyenne Bldg S 116 VIOLA
21652 CY001 MW 6:00PM - 9:30PM Cheyenne Bldg S 112 WEAVER

Auto 136B Engine Repair 5 Credits Fee: $387.50

Maintenance/repair of cooling and lubrication systems. Diagnosis of engine and removal from front wheel drive and conventional vehicles. Prerequisite: Auto 115B or instructor approval.
Focus is on theory, diagnosis, and service of drum, disc, and anti-lock braking systems, brake component machining, hydraulic component reconditioning, friction and hardware replacement. Prerequisite: AUTO 115B or instructor approval.

Diagnosis/service of suspension components including shocks, springs, ball joints, manual and power steering systems and four wheel alignment are some areas covered. Prerequisite: AUTO 115B or instructor approval.

R12 and R134A air conditioning systems maintenance diagnosis and repair. R12 to R134A conversion procedures. Troubleshooting automatic temperature controls and leak detection. Prerequisite: AUTO 115B or instructor approval.

This course will familiarize the student with design and safety precautions unique to alternative fueled vehicles. Propulsion systems covered include electric vehicles, bio-fueled vehicles, hybrid-electric vehicles and hydrogen powered vehicles, along with other emerging technologies, as appropriate.

Designed for experienced technicians. This course will cover safety procedures, design, operation, diagnosis and repair of all classification of hybrid electric vehicles. Each student must possess legal Class “O” HV gloves and liners to attend this class. Prerequisite: AUTO 117B or instructor’s permission.

Operation, diagnosis, maintenance repair or replacement of manual transmissions, clutch assemblies, differentials, drivelines, axles, and manual transaxles. Prerequisite: Auto 115 or instructor approval.

Operation, diagnosis, maintenance, and repair of automatic transmissions including rear wheel drive, front wheel drive, and electronically controlled transmissions and transaxles. Prerequisite: AUTO 115B or instructor approval.

A study of engine related subsystems which include ignition, fuel, cooling, starting, and charging systems. Theory and testing of computerized engine management systems. Prerequisite: AUTO 136B or instructor approval.

Automotive emission control systems. Preparation on current gas analyzers for testing to meet the Nevada certification requirements. Prerequisite: AUTO 225B or instructor approval.

Computerized engine and fuel management control. Operational theory of automotive computers. Use of hand held diagnostic interfaces. Prerequisite: AUTO 227B or instructor approval.

This course meets the initial State of Nevada training requirements for those individuals wishing to become a Nevada 1G emission inspector.
Course reviews the removal and installation of major automotive components including the engine assembly, transmission assembly, differential and four wheel drive units. Prerequisite: AUTO 105B or instructor approval.

74710  CYSO1 MTWRF 8:00AM-12:00PM Cheyenne 1244 FURPHY
NOTE: ABOVE SECTION - MEETS 4/8 - 5/14

AUTO 291B WORK EXPERIENCE I 1-4 CREDITS
FEE: $68.50 PER CREDIT
Cooperative education courses, designed to provide the student with on-the-job supervised and educationally directed work experience. Each course except AUTO 294B will have a prerequisite of successful completion of the preceding Work Experience course. One credit may be earned for each 5 hours worked per week during the semester up to a maximum of 4 credits per semester, not to exceed 16 credits total. Prerequisite: Instructor approval.

AV 100B AVIATION ORIENTATION 3 CREDITS
FEE: $254.50
This course will introduce students to the history and development of flight, basic aircraft principles, the aviation industry, and career opportunities within the industry.

AV 110B PRIVATE PILOT GROUND SCHL 4 CREDITS
FEE: $274.00
A study of aviation fundamentals including principles of flight, aircraft and engine operations, weather, navigation and radio communication as required by FAA (Federal Aviation Administration) regulations. This course will prepare the student to take the FAA Private Pilot Airplane Certificate Knowledge exam.

Students must hold a current FAA Medical Certificate Type 1 third Class before enrollment. Students having other U.S. citizenship must obtain TSA clearance before enrollment.
Contact Aviation Program Director at 651-3522. Additional fees of $7800 apply for flight training payable over the course of the semester. Flight training conducted at CSN flight school providers at area providers. Students must attend first in-class meeting to arrange flight training schedule.

AV 111B PRIVATE PILOT CERTIF LAB 3 CREDITS
FEE: $205.50
Students will begin flight training with an FAA (Federal Aviation Administration) Certified Flight Instructor. Training will include all skills necessary to pass the FAA Private Pilot Airplane Certificate Practical exam. Corequisite: AV 110B.

AV 115B AVIATION METEOROLOGY 3 CREDITS
FEE: $205.50
This course deals with atmospheric conditions and the effect on aeronautical applications. Weather development patterns and observations from the pilot’s point of view will be emphasized.

AV 214B AERODYNAMICS 3 CREDITS
FEE: $205.50
Study of basic aerodynamic theory. Covers wing design and theory, lift analysis and drag criteria, and basic performance criteria calculations. The effects of low and high speed flight configurations are examined. Prerequisite: AV 110B.

AV 220B AIR TRANSPORTATION 3 CREDITS
FEE: $205.50
This class surveys the regulations of the aviation industry at the state, federal, and international levels. Historical events and how they impact current and past legislation will be studied. Students will also investigate the impact of legislation and treaties on the aviation industry, such as deregulation, international alliances and agreements.

AV 240B ADV AIRCRAFT SYSTEMS 3 CREDITS
FEE: $205.50
Course covers the different types of commercial aircraft, and their various operational, instrumentation, electrical, electronic, fuel, and mechanical systems. The course will also cover principles of operations, and commercial aircraft structure and avionics. Mathematical calculations for determining large aircraft weight and balance will also be presented. Prerequisite: AV 110B.

AV 255B COMMERCIAL PILOT GROUND SCHL 4 CREDITS
FEE: $274.00
This course prepares students to take the FAA Commercial Pilot Knowledge Exam. Aspects of instruction will include the aeronautical knowledge areas as determined by the Federal Aviation Administration for the Commercial Pilot Certificate.

AV 251B COMMERCIAL PILOT CERT LAB 3 CREDITS
FEE: $205.50
Students will begin flight training with an FAA (Federal Aviation Administration) Certified Flight Instructor-Advanced. Training will include all practical skills necessary for an FAA Commercial Pilot Certificate.

BUILDING INSPECTION
651-4880

BI 101B INTRO TO BUILDING CODES 3 CREDITS
FEE: $205.50
Introduction to International Building Code for students in fields where a basic knowledge of code requirements are necessary. Course is oriented toward IBC certification preparation.
Instructor permission.

The grading method for the Capstone Course is pass/fail and it is an independent study course. Prerequisite: Instructor permission.

Provides an overview of the principles, design and materials of electrical systems and emphasizes the format and use of the National Electric Code. Course is oriented towards NEC certification preparation. Prerequisite: BI 100B.

This course will provide an overview of the principles, design and materials of commercial and residential plumbing systems and emphasizes the format and use of the International Plumbing Codes. This course is oriented towards the ICC certification preparation. Corequisite: BI 108B.

This course will provide an overview of the principles, designs and materials of fuel and gas systems and emphasizes the format and use of the International Fuel Gas Code. Course is oriented towards ICC certification preparation.

Preparation for fieldsituationsthrough study of codes dealing with conflict, courtesy, legalities, model codes, national standards and relations with professionals and others. Prerequisites: ADT 103B, BI 101B.

A broad-reaching investigation of non-structural requirements of the International Building Code as it relates to the evaluation of building plans and of the interrelated requirements of the Plumbing, Mechanical, Electrical and International Energy Conservation Codes. This course is for those students that comprehend blueprint reading and is oriented toward ICC Plans Examiner Certification preparation. Prerequisite: BI 101B.

An overview of the International Electrical Code requirements. Graduating students’ strengths and weaknesses will be evaluated by a proficiency exam for the NEC or students shall furnish proof of NEC certification. The grading method for the Capstone Course is pass/fail and it is an independent study course. Prerequisite: Instructor permission.

An overview of the International Plumbing Code and of the International Mechanical Code requirements. Graduating students’ strengths and weaknesses will be evaluated by a proficiency exam for the IPC and the IMC or students shall furnish proof of IPC and IMC certifications. The grading method for the Capstone Course is pass/fail and it is an independent study course. Prerequisite: Instructor permission.

Please note the following registration restrictions:

- To register for BIOL 223 and/or BIOL 251 you must have completed BIOL 189 with a grade of “C” or better, prior to November 12, 2009.
- BIOL 223 and BIOL 251 sections for Spring 2010 will only be available during priority registration, by alphabet, beginning November 12, 2009. Remaining seats will be made available through WEB registration only beginning January 4, 2010 at 8:00 a.m.
- Students must enroll in both a Lecture and Lab concurrently. (Students not enrolled in both classes will have their Lecture or Lab class purged daily.)

There may be an online component required to complete any Biology course.

An introduction to the principles of math, chemistry, cell biology, energetics, and molecular genetics designed to prepare students for college freshman biology. The application of study skills to biology courses will also be emphasized. This course is non-transferable.

BIOL 251G  GENERAL MICROBIOLOGY HON  4 CREDITS  FEE: $274.00
Topics include prokaryotic cell structure, function, metabolism, genetics, phylogenetic classification, diversity, relation to plants/animals/humans and pathogenesis, ecology and evolution, environmental and applied microbiology, agents, and eukaryotic microorganisms. Emphasis is on bacterial metabolic strategies to include aerobic and anaerobic metabolism, chemolithotrophy, phototrophy, and role in biogeochemical cycles, ecological diversity, genetics and phylogeny/evolution, and human-microbe interactions and infectious disease. Three hours lecture and three hours laboratory. Prerequisite: Grade of “C” or better in BIOL 189 or GPA of 3.5 or written permission of instructor.

BUILDING TECHNOLOGY  651-4880

BT 131B  PLMG THEORY/APPL LEVEL 1B  5 CREDITS  FEE: $342.50
Items covered in this course will include: mathematics (percent and decimals), job safety (OSHA), typical plumbing fixtures, fittings and valves and introduction to blueprint reading and drawings. Prerequisite: BT 130B.

BT 133B  PLMG THEORY/APPL LEVEL 2B  5 CREDITS  FEE: $342.50
Items covered in this course will include: basic welding, rigging and hoisting, scheduling rough-ins sheets and advance blueprint reading and drawings. Prerequisite: BT 132B.

BT 140B  ELEC THEORY&APPL LV IA  5 CREDITS  FEE: $342.50
Items covered will include: safety rules, regulations, OSHA requirements, basic math related to the electrical industry, proper hand tool usage, proper power tool usage, basic rigging, hardware systems and conduit installation. Students must work at least 10 hours per week for the entire semester for an electrical contractor.

BT 141B  ELEC THEORY&APPL LV IB  5 CREDITS  FEE: $342.50
Items covered in this course will include: blueprint reading, electrical theory, Ohm’s Law application, electrical test equipment, introduction to NEC, raceways, boxes and fittings, conduits and residential, commercial and industrial wiring. Student must work at least 10 hours per week for the entire semester for an electrical contractor. Prerequisite: BT 140B.
## BUSINESS MANAGEMENT

### BUS 101 INTRO TO BUSINESS 3 CREDITS

FEE: $205.50 - ALL DED SECTIONS $215.50

Designed to build a business foundation and to give students a broad background of modern business principles. Course will introduce students to the business profession by incorporating and integrating business knowledge and information across departmental curriculum lines to enhance the overall comprehension of the business world. Class projects are assigned to promote team work among students to use their own capabilities in utilizing all educational aspects to build comprehensive and extensive business plans.

Survey of the scientific method, students will also examine the chemistry of these items in the human body. This course is designed for non-science majors with little or no background in chemistry.

Survey of general chemistry designed for Allied Health majors and non-science majors. Emphasis on the foundation needed for the study of organic and biochemistry. Prerequisite: MATH 120 or 124 or above.

Survey of organic and biochemistry designed for Allied Health majors, and non-science majors. Application of chemical principles leading to an understanding of how living organisms function. Prerequisite: CHEM 110.

An introduction to the fundamental structure of matter and chemical terminology. Introduces topics such as solution chemistry, thermodynamics, and the fundamentals of organic and biochemistry.

Laboratory exercises designed to illustrate material discussed in CHEM 105. May be used in partial fulfillment of the General Education Core requirement. Prerequisite: CHEM 105 (or concurrent enrollment in CHEM 105).

An introduction to composition of food including water, nutrients (carbohydrates, proteins, fats), food additives, flavoring, and the changes they undergo during processing and storage. Using concepts of the scientific method, students will also examine the chemistry of minerals, vitamins and food coloring and explore the interaction of these items in the human body. This course is designed for non-science majors with little or no background in chemistry.
CHEM 122  GENERAL CHEMISTRY II  4 CREDITS  FEE: $274.00

An application of chemical principles to inorganic systems. Emphasis on thermodynamics, equilibrium and kinetics. Prerequisites: CHEM 121 and MATH 127 or 128.

CHEM 122L  GEN CHEMISTRY II LAB  0 CREDIT  FEE: $25.00

CHEM 241  ORGANIC CHEMISTRY I  4 CREDITS  FEE: $274.00

Intensive introduction to the chemistry of carbon and its functional groups, including the structure and behavior of its molecules. Laboratory emphasis is on natural processes. Prerequisite: CHEM 122.

CHEM 241L  ORGANIC CHEM LIFE SCI LAB  0 CREDIT  FEE: $25.00

CHEM 242  ORGANIC CHEMISTRY II  4 CREDITS  FEE: $274.00

Continuation of CHEM 241, covering simple and poly-functional compounds, with emphasis on syntheses of organic molecules. Laboratory emphasis on natural processes and qualitative analysis. Prerequisite: CHEM 241.

CHEM 242L  ORGANIC CHEMISTRY II LAB  0 CREDIT  FEE: $25.00

CHEM 292  SELECTED TOPICS IN CHEM  1-4 CREDITS  FEE: $68.50 PER CREDIT

Covers selected topics of interest to students in chemistry. Prerequisite: CHEM 122 and instructor approval.

CHINESE

651-4007

CHI 101B  CONVERSA CHINESE I  3 CREDITS  FEE: $220.50

A course emphasizing spoken communication. Speaking skills, oral listening skills, reading and writing skills explored. A vocabulary of Chinese-English words developed.

CHI 111  FIRST YEAR CHINESE I  4 CREDITS  FEE: $289.00

The development of language skills in listening speaking and writing. Oral emphasis.

CHI 112  FIRST YEAR CHINESE II  4 CREDITS  FEE: $289.00

A second semester course designed to continue and improve skills learned in CHI 111. Prerequisite: CHI 111.

CHI 198B  ST: SECOND YEAR CHINESE I  3 CREDITS  FEE: $220.50

This course is a continuation of CHI 112, First Year Chinese II, and is intended for non-native Chinese speakers who wish to study the fundamentals of the Chinese language including listening, speaking, reading, and writing. Prerequisite: CHI 112.

COMPUTER AND INFORMATION TECHNOLOGY

Cheyenne 651-4145, W. Charleston 651-5976
See Other Listings Under (GIS, IS, COT)

CIT 095  PERSONAL COMPUTER BASICS  3 CREDITS  FEE: $205.50

This course provides a hands-on, activity based learning experience that covers computer terminology, working with files, and protecting against computer viruses. It explores the Internet, teaches how to email and share pictures via email, and how to do searches. Students will create a document with word processing software and a basic budget with spreadsheet software. An overview of other computer applications such as data bases and presentations will be included. Graded Pass/Fail.
CIT 110 * A+ HARDWARE  3 CREDITS  
FEE: $220.50-ALL DED SECTIONS $230.50

This course will prepare students to maintain PC’s, identify and correct errors in hardware configuration, upgrade and install new hardware as well as preparation for the A+ Core test.

22972 WC801 M 12:30PM - 3:20PM W Charleston C 277 ABERLE

CRJ 286B INVEST SEXUAL EXPLO CHILD 3 CREDITS FEE: $205.50
This course focuses on the basic skills necessary to investigate the sexual exploitation of children. Emphasis will be on the definition of crimes against children, typology of offenders and victims, sex registration laws, and the roles of criminal justice agencies. Course meets police agency standards. Prerequisite: CRJ 101.
22974 WC801 T 9:30AM - 12:20PM W Charleston A 124 ABERLE

CARDIORESPIRATORY SCIENCES

CRS 121B ADV CONCEPTS CARDIORES P S 3 CREDITS FEE: $205.50
Introduces acute (critical) cardiorespiratory care emphasizing all aspects of mechanical ventilation and patient monitoring. Critical thinking skills will be further developed through simulated cardiorespiratory care plans. Prerequisite: CRS 115B.
22976 WC801 T 8:00AM -10:50AM W Charleston B 118 SHAW

CRS 122B ADV CONCEPTS CARDIORES EQ 1 CREDIT FEE: $103.50
Emphasizes skill development of critical cardiorespiratory care treatment modalities. Mechanical ventilation, physiological monitoring, and other application and operation theory presented in context of guidelines, protocols and pathways. Corequisite: CRS 121B.
22980 WC802 R 8:00AM -11:50AM W Charleston B 114 SHAW

CRS 123B APPLIED CARDIORESPIRATORY 3 CREDITS FEE: $205.50
Presents cardiopulmonary disease assessment, including chest physical exam, chest x-ray, and physiological monitoring. Case studies will assist respiratory care plan development based on guidelines, protocols and pathways. Corequisite: CRS 121B.
22982 WC801 W 12:00PM - 2:50PM W Charleston B 118 STAFF

CRS 124B CARDIORESPIRATORY PHAR 3 CREDITS FEE: $205.50
Presents a pharmacological basis of cardiorespiratory interventions. Additionally, integrates this knowledge with aerosol, intramuscular, and intravenous medication administration techniques. Prerequisite: CRS 115B. Corequisites: CRS 121B, 122B, 123B, 125B.
22984 WC801 W 8:00AM -10:50AM W Charleston B 118 STAFF

CRS 125B CLINICAL PRACTICUM II 4 CREDITS FEE: $274.00
Introduces the critically ill cardiorespiratory patient in the clinical setting. Emphasis on mechanical ventilation, physiological monitoring and other advanced therapeutic modalities. Corequisite: CRS 121B.
22986 WC801 R 8:00AM -11:50AM W Charleston B 114 STAFF

CRS 215B CONT CARDIORESPIRATORY CA 3 CREDITS FEE: $205.50
Prepares cardiorespiratory care needs of chronically ill, discharge planning, care management, patient education, alternative care sites, and home care. Psychological issues of geriatric care are discussed. Prerequisite: CRS 215B.
22988 WC801 W 8:00AM -10:50AM W Charleston B 114 STAFF

CRS 222B SEMINAR FOR SUCCESS 1 CREDIT FEE: $68.50
Prepares student with a process and content review of the NBRC certifying examinations. Successful passage of NBRC self assessment examination required. Corequisite: CRS 221B.
22990 WC801 W 11:00AM -11:50AM W Charleston B 118 SHERMAN
CISCO

CSCO 105B  FUND VOICE & DATA CABLING  3 CREDITS

This course is designed to explore the physical aspects of voice and data network cabling and installation. A hands-on, lab-oriented course stressing documentation design, installation issues, laboratory and on-the-job safety and working effectively in a group environment. Prepares students for the BICSI Installer Level 1 certification and NACC copper cable certification.

22994  CY001  W  2:30PM - 5:20PM Cheyenne  2756  MILLER
   NOTE:Above section - Hybrid Classroom/Angel
   CLICK HERE TO LEARN MORE ABOUT ABOVE SECTION

CSCO 109B  PC TROUBLESHOOTING/REPAIR  3 CREDITS

This hands-on, lab-oriented Cisco course will develop the necessary skills to enter this field by building a computer, installing the operating system, adding peripherals, connecting the computer to a local area network and to the Internet, while stressing laboratory safety and working effectively in a group environment.

22998  CY001  S  8:00AM -11:50AM Cheyenne  2772  CONNOLLY
   NOTE:Above section - Meets Saturday

23000  CY002  M  1:00PM - 4:50PM Cheyenne  2772  CONNOLLY

23002  CY003  W  6:00PM - 9:50PM Cheyenne  2772  CONNOLLY

CSCO 120  CCNA INTERNTWK FUNDAMENT  4 CREDITS

This is a networking fundamentals course that introduces students to the architecture, structure, functions, components, and models of the Internet and other computer networks. It uses the OSI and TCP layered models to examine the nature and roles of protocols and services at the application, network, data link, and physical layers. The principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced.

23004  CY001  W  9:00AM -12:50PM Cheyenne  2757  CONNOLLY
   NOTE:Above section - Hybrid Classroom/Online, Prior Completion of Course is 101 or Equivalent PC Experience Highly Recommended.

52417  DED01  ARR - ARR  ARR  STHULTZ
   NOTE:Above section - Must also register for 121D 01 or 02, Prior Completion of Course is 101 or Equivalent PC Experience Highly Recommended.

23006  WC001  W  1:00PM - 4:50PM W Charleston C  114  KIRKLAND
   NOTE:Above section - Hybrid Classroom/Online, Prior Completion of Course is 101 or Equivalent PC Experience Highly Recommended.

CSCO 120L  CISCO NETWKNK ACAD LAB  0 CREDIT

This is one of four courses that applies toward the preparation for a CCNA certification. This course describes the architecture, components, and operation of routers, and explains the principles of routing and routing protocols. Students analyze, configure, verify, and troubleshoot the primary routing protocols RIPv, RIPv2, EIGRP, and OSPF. Prerequisite: Cisco 120.

23012  CY001  M  9:00AM -12:50PM Cheyenne  2762  CONNOLLY
   NOTE:Above section - Hybrid Classroom/Online

52419  DED01  ARR - ARR  ARR  STHULTZ
   NOTE:Above section - Corequisite CCSCO 121L, Must also Register for CCSCO 121L 001 or 002. Prior Completion of Course is 101 or Equivalent PC Experience Highly Recommended.

23014  WC801  W  6:00PM - 9:50PM W Charleston C  114  KIRKLAND

CSCO 121  CCNA ROUTING PROTOCOLS AND CONCEPTS  4 CREDITS

This is one of four courses that applies toward the preparation for a CCNA certification. This course describes the architecture, components, and operation of routers, and explains the principles of routing and routing protocols. Students analyze, configure, verify, and troubleshoot the primary routing protocols RIPv, RIPv2, EIGRP, and OSPF. Prerequisite: Cisco 120.

23016  CY001  R  9:00AM -10:50AM Cheyenne  2762  STAFF
   NOTE:Above section - Corequisite Lab. Must also be registered for CCSCO 121D 001

23018  CY002  R  6:00PM - 7:50PM Cheyenne  2762  STAFF
   NOTE:Above section - Corequisite Lab. Must also be registered for CCSCO 121D 001

CSCO 121L  CCNA ROUTING AND PROTOCOLS  0 CREDIT

This is one of four courses that applies toward the preparation for a CCNA certification. This course describes the architecture, components, and operation of routers, and explains the principles of routing and routing protocols. Students analyze, configure, verify, and troubleshoot the primary routing protocols RIPv, RIPv2, EIGRP, and OSPF. Prerequisite: Cisco 120.

23016  CY001  R  9:00AM -10:50AM Cheyenne  2762  STAFF
   NOTE:Above section - Corequisite Lab. Must also be registered for CCSCO 121D 001

23018  CY002  R  6:00PM - 7:50PM Cheyenne  2762  STAFF
   NOTE:Above section - Corequisite Lab. Must also be registered for CCSCO 121D 001

CSCO 198B  ST:JUNIPER NETWORKING  3 CREDITS

Introduces the student to Juniper Networks Enterprise Routing platforms thru GUI and command line configuration methods for general router configuration using the RIPv, OSPF static routing as well as VRRP, MLPPP, and NET services.

23020  CY001  S  1:00PM - 4:50PM Cheyenne  2757  STAFF
   NOTE:Above section - Meets Saturday

CSCO 198B  ST:ACADEMY OPEN LAB ACCE  0.5 CREDIT

FEE: $34.25

77202  CY999  ARR - ARR  ARR  STAFF

CSCO 220  CCNA LAN SWITCH/WIRELESS  4 CREDITS

FEE: $274.00

This is one of four courses that applies toward the preparation for a CCNA certification. This course helps students develop an in-depth understanding of how switches operate and are implemented in the LAN environment for small and large networks. Beginning with a foundational overview of Ethernet, this course provides detailed explanations of LAN switch operation, VLAN implementation, Rapid Spanning Tree Protocol (RSTP), VLAN Trunking Protocol (VTP), Inter-VLAN routing, and wireless network operations. Students analyze, configure, verify, and troubleshoot VLANs, RSTP, VTP, and wireless networks. Campus network design and Layer 3 switching concepts are introduced. Prerequisite: Cisco 121.

74024  CY001  M  9:00AM - 10:50AM Cheyenne  2757  LISA
   NOTE:Above section - Meets 1/19 - 3/13, Hybrid Classroom/Online, 1st 8 WK Session

23022  WC801  T  6:00PM - 9:50PM W Charleston C  114  STAFF
   NOTE:Above section - Hybrid Classroom/Online
This course will cover baking ingredients, use of equipment, proper storage and sanitation methods. Students will learn how to produce yeast products, pastries, pies, cookies and quick breads.

This course is one of four courses that applies toward the preparation for a CCNA certification. It explains the principles of traffic control and access control lists (ACLs) and provides an overview of the services and protocols at the data link layer for wide-area access. Students learn how to implement and configure WAN protocols. WAN security concepts, tunneling, and VPN basics are also introduced. Prerequisite: CCNA 220.

NOTE: ABOVE SECTION - MEETS 3/12 - 5/15, HYBRID CLASSROOM/ONLINE, 2ND 8 WK SESSION

This course prepares students with the knowledge and skills necessary to implement scalable multilayer switched networks. This course includes topics on Campus Networks, describing and implementing advanced Spanning Tree concepts, VLANs and Inter-VLAN routing, High Availability, Wireless Client Access, Access Layer Voice concepts, and minimizing service Loss and Data Theft in a Campus Network. This course is recommended preparation for the Multi-layer Switching exam required to become a Cisco Certified Network Professional (CCNP). Prerequisite: CCNA 221 or CCNA certification.

NOTE: ABOVE SECTION - HYBRID CLASSROOM/ONLINE

Introduction to culinary fundamentals, techniques and skills of modern cookery. Class covers procedures, ingredients and cooking theories.

Introduction to hot, cold, and frozen desserts. Students will learn how to make ice creams, sorbets, and parfaits. This course will cover chocolate decorations and the creation of plate presentations using fresh fruits and dessert sauces.

NOTE: ABOVE SECTION - MEETS SATURDAY

This course will cover advanced and specialty breads, brioches and coffee cakes. Students will also learn how to make puff dough pastries, quiches, custards, and ice cream and sorbets. Prerequisite: CUL 125.

NOTE: ABOVE SECTION - CLASSIC & CONTEMPORARY ITALIAN CUISINE

This is one of four courses that apply toward the preparation for a CCNA certification. It explains the principles of traffic control and access control lists (ACLs) and provides an overview of the services and protocols at the data link layer for wide-area access. Students learn how to implement and configure WAN protocols. WAN security concepts, tunneling, and VPN basics are also introduced. Prerequisite: CCNA 220.

Introduction to hot, cold, and frozen desserts. Students will learn how to make ice creams, sorbets, and parfaits. This course will cover chocolate decorations and the creation of plate presentations using fresh fruits and dessert sauces.

NOTE: ABOVE SECTION - MEETS SATURDAY

This course will cover advanced and specialty breads, brioches and coffee cakes. Students will also learn how to make puff dough pastries, quiches, custards, and ice cream and sorbets. Prerequisite: CUL 125.

NOTE: ABOVE SECTION - CLASSIC & CONTEMPORARY ITALIAN CUISINE
CUL 230 PAstry ARTS 3 CREDITS  
FEE: $255.50
Course study will include European Pastries. Emphasis will be placed on ingredients, techniques, measuring, sealing, assembly and storage.
23090 CY001 T 9:00AM - 2:00PM Cheyenne 1643 EICHLER

CUL 240 FRENCH CUISINE 4 CREDITS  
FEE: $324.00
Culinary fundamentals of classical cuisines are practiced in a weekly preparation of gourmet menus in a restaurant setting. Special emphasis is placed on proper cooking techniques. Prerequisites: CUL 110, 200.
23092 CY001 W 8:00AM - 2:00PM Cheyenne 1673 METCALFE

CUL 250 SAUCIER 3 CREDITS  
FEE: $255.50
Basic sauce concepts and technical guidelines to produce high quality sauces. Covers stocks, thickening agents, reductions, liaisons, purees, mother sauces and compound derivations. Prerequisites: CUL 110, 200.
23094 CY001 T 8:00AM - 1:00PM Cheyenne 1685 MORA
23096 CY002 R 3:00PM - 8:00PM Cheyenne 1681 STAFF

CUL 255B RETAIL BAKERY MGT 3 CREDITS  
FEE: $255.50
This course introduces students to the application of baking and pastry arts production techniques in a wholesale and/or retail setting. The student is introduced to the theory regarding proper techniques for marketing and merchandising baked goods. Cost control for bakeries as well as recipe standardization and conversion, production planning, purchasing, costing and price for profit will be looked at. It will also feature the theory and practice of pastry buffet planning including themes and presentations.
23098 CY001 M 7:00AM -12:00PM Cheyenne 1655 COGHLAN

CUL 260 INTRO TO CHOCOLATE 3 CREDITS  
FEE: $255.50
This course will cover the use of tempered chocolate for dipping, molding, and decorating. Students will learn to develop creative skills using chocolate. This course also covers techniques in piping, modeling, cutouts and curls.
23100 CY001 M 8:00AM - 1:00PM Cheyenne 1643 STAFF
23102 CY002 S 9:00AM - 2:00PM Cheyenne 1643 LEE

CUL 265 INTRO TO SUGAR ARTS 3 CREDITS  
FEE: $255.50
This course will cover the fundamentals of the art of pulled sugar including product identification, proper production techniques, and proper usage. Students will learn to create pulled sugar pieces, blown sugar pieces and poured pieces. They will also learn to use them in the design and production of centerpieces.
23104 CY001 T 3:00PM - 8:00PM Cheyenne 1643 LEE
23106 CY002 U 3:00PM - 8:00PM Cheyenne 1643 STAFF

CUL 280B PRIN OF QUANTITY BAKING 3 CREDITS  
FEE: $255.50
This course will emphasize fundamental baking and pastry production techniques used in wholesale and/or retail bakeries. The student will participate in the production of scratch baking and commercial product usage. Group practice skills in team building and communication will be covered. American and European style pastry products will be featured. Baker’s percentages and conversion will be emphasized.
23108 CY001 R 3:00PM - 8:00PM Cheyenne 1643 CARLOS

CUL 290 CULINARY COMPETITION 3 CREDITS  
FEE: $205.50
Covers both category A and B for food shows based on the American Culinary Federation guidelines. Student may choose either category for the practical hands-on.
23110 CY001 R 8:00AM - 1:00PM Cheyenne 1685 STAFF

CUL 295 WORK EXPER/CULINARY ARTS 1 CREDIT  
FEE: $68.50
In addition to the academic requirements, the Department of Hospitality Management requires 200 hours of acceptable employment in the hospitality industry. This work experience will be measured quantitatively as well as qualitatively. The work experience requirement should be met during the school year or in summers. Students who plan to transfer to UNLV will be able to transfer a maximum of 500 hours of employment toward UNLV’s 1000-hour employment requirement. International students must go to the office of International Student Services to verify employment eligibility and obtain authorization. This course can be repeated up to a maximum of four credits. Grade will be given upon verification of employment.

The fundamentals of microscopic and gross pathology disease, repair, healing and regression. Special emphasis: diseases, developmental disturbances, infection, lesions, and injuries to the oral cavity.

A study of the drugs by groups with special emphasis on those used in dentistry including their physical and chemical properties, dosage and therapeutic effects.

Concepts of dental office management, productivity, marketing, interviewing and responsibilities of professionals.

Advanced study of periodontology with special emphasis on new surgical modalities and equipment. Orientation to all aspects of periodontal practice.

Prepares student to function as an effective oral health educator and resource person in public health settings. Prerequisite: DH 208.

A continuation of Clinical Dental Hygiene II. Prerequisite: DH 210.
The Bachelor of Science in Dental Hygiene is offered exclusively to those students who already have a 2-year degree in dental hygiene. Our program is offered completely online allowing students to personalize their school schedules to meet their family and work demands. Our unique curriculum prepares students for positions in public health or education.

Admission Requirements:
- Graduate of accredited dental hygiene program
- Completion of AS Degree or equivalent in Dental Hygiene
- Current Active Dental Hygiene License
- Minimum cumulative GPA of 2.5 for dental hygiene coursework
- Student may only enroll in upper division courses after admitted to the Bachelor of Science Program or with consent of program director.
- Students are expected to enroll in a minimum of 2-6 credits per semester to remain in the program. Any exceptions must be approved by the Program Director.
- If you don’t meet the minimum requirements for this program, and are interested in the Associate Degree programs in Dental Hygiene, please go to: http://www.csn.edu/health/dentalh.htm

Admission Process:
Step 1: New CSN Students: Complete General College Application
- CCSN/CSN Graduates: Complete Name and Address Change Request Form

Step 2: All: Complete Limited Entry Application for BS Dental Hygiene

Step 3: New CSN Students: Submit official transcripts from all previously enrolled colleges or universities to Admissions & Records office at:
- College of Southern Nevada
  Admissions & Records Office – C1K
  3200 E. Cheyenne Ave.
  North Las Vegas, NV 89030
- CSN Graduates: Submit post associate degree transcripts or previous transcripts not evaluated for associate degree.
  *Anyone submitting transcripts for evaluation must complete a separate Transcript Evaluation Form

Step 4: All: Send copy of active (current) dental hygiene license to Limited Entry Office at:
- College of Southern Nevada
  Limited Entry Office – W1K
  Dental Hygiene Bachelor of Science Degree Program
  6375 W. Charleston Blvd.
  Las Vegas, NV 89146

Step 5: Selection Committee Reviews Files for Admission Application Deadlines:
- Fall semester: August 1st, Acceptance letters: August 15th
- Spring semester: November 1st, Acceptance letters Nov. 15th
- Summer semester: May 1st, Acceptance letters May 15th

Late applications will be handled on an individual basis, space permitting

Nevada History Requirement:
- Each BSDH student must satisfy the United States and Nevada Constitution requirement.

Students cannot register for BSDH courses until accepted into the BSDH program (or with permission of Program Director)
BACHELOR OF SCIENCE DEGREE

**EDU 201 INTRO TO ELEMENTARY EDUCATION**

Introductory course in teacher education that examines the role of the elementary school teacher in today’s society; historical, philosophical, cultural, and social domains are investigated. Strategies for effective interpersonal communication are explored. Foundations for the practice of teaching are explored and practiced at an introductory level. Observation in a local elementary school is required.

**EDU 202 INTRO SECONDARY EDUCATION**

Introduction to the historical and philosophical foundations, settings, problems, and issues related to contemporary secondary schooling and its complexities. Current issues and educational foundations (multicultural, social, and psychological) emphasized. Observation in a classroom is required.

This course provides an overview of special education. Focus is on characteristics of learners with disabilities and on the historical, social and legal foundations of special education. The course is designed for undergraduate students in special education, general education, nursing, counseling, psychology and related fields. Observation in a classroom is required.

This course is designed to acquaint prospective teachers with the legal aspects of the school setting.
EDU 214  PREPARING TEACH USE TECHNOLOGY  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50

Overview of uses of computers in education, including the use of the computer as a teacher utility, the use of application programs, and the selection and use of educational software.

Participants begin revising course content for the web and developing activities and assignments appropriate for specific disciplines. Course is taught exclusively within WebCT to practicing educators.

52867 DED01 ARR ARR - ARR ARR ARR STAFF  
NOTE: ABOVE SECTION - MEETS 2/16 - 3/13
This course introduces instructional strategies for online instruction. Students will explore the differences between face-to-face and online instruction. Participants gain hands-on experience in using search engines and subdirectories to conduct online research and critically evaluate online resources for instruction. Course is taught exclusively within WebCT to practicing educators. Prerequisite: EPD 357.

Participants learn how to revise course content, develop activities and assessment methods appropriate for specific disciplines in an online course. Ethical and legal issues associated with online learning will also be discussed. Course is taught exclusively within WebCT. Prerequisites: EPD 357, 358.

This course introduces students to the fundamental aspects of emergency management. Students will learn the principles of emergency management and be able to work with the main emergency management issues. The course also describes how various emergency management services work together in a system of resources and capabilities.

This course is designed for students in technical areas to study physics. Numerical calculations are intensive. This is the first semester of a one-year course. It covers equilibrium, motion, dynamics, wave and fluid mechanics. Prerequisites: MATH 111B, 116 or above (except MATH 122, 123).

The ICS National Training Curriculum covers I-100 ICS Orientation; I-200 Basic ICS; I-300 Intermediate ICS; I-400 Advanced ICS; I-401 Multiagency Coordination; and I-402 ICS for Executives. ICS is a required element of the National Incident Management System. This course provides ICS management tools for all levels of users. Prerequisite: EMA 101.
Instructs in the roles and responsibilities for the EMT-Intermediate. Skills include, but are not limited to patient assessment skills, intravenous therapy, advanced airway management, basic electrophysiology, radio communications, and pharmacology for the EMT-Intermediate. Current certification as a Nevada Basic EMT, current immunizations, background check, drug screen and health insurance required. Corequisites: EMS 115L, and EMS 116B.

**EMS 115B EMER MED TECH-INTERMED** 7 CREDITS FEE: $479.50

Field training for the EMT Intermediate student. Will involve in-hospital rotations, field ambulance training, and community service. Corequisite: EMS 115B. Prerequisites: Current certification as a Nevada Basic EMT, current immunizations, health insurance required.

**EMS 115B INTERMED CLINIC PRACTICE** 1 CREDIT FEE: $68.50

A fundamental course in pharmacology for the prehospital health provider. Areas of emphasis are the pharmacodynamics and pharmacokinetics of drug therapy, roles and responsibilities of drug administration and dosage calculations. Covers common drug classifications found in the prehospital setting. Prerequisite: Current enrollment in CSN Paramedic training.

**EMS 125B PHARMACOLOGY/PARAMEDICS** 3 CREDITS FEE: $230.50

Basic aspects of patient assessment, airway management, communications, medical and legal considerations, and the moral and ethical aspects of pre-hospital emergency care. Prerequisite: Current enrollment in CSN Paramedic training.

**EMS 127B PARAMEDIC CLIN PRACTICE I** 2 CREDITS FEE: $137.00

This course will develop introductory patient assessment and history taking skills necessary for further progression through the Paramedic program. Students shall build upon previously learned skills acquired within the EMT-Basic and/or EMT-Intermediate coursework, while implementing ECG monitoring and pharmacological interventions as learned in other classes. Prerequisite: Current enrollment in CSN Paramedic Program.
EM 145B ESSENTIALS OF PARAMEDIC 3 CREDITS FEE: $205.50

Course will allow the participant to apply the information gained from previous course work. Basic aspects of EMS systems, patient assessment skills, documentation, advanced airway procedures, and special circumstances such as assault and abuse, bioterrorism, and crime scene awareness will be addressed. This course will be tailored to advancing the students’ understanding of these subjects through both lecture and hands-on practice. Prerequisite: Current enrollment in CSN paramedic program.

EM 150B EMT BASIC CLINICAL 1 CREDIT FEE: $68.50

This course places the EMT Basic in the skill performance clinical arena. Areas of emphasis are to include, but are not limited to, field ambulance ride-a-longs, in-hospital ER, psych, and labor and delivery and community service. Corequisite: EMS 108B.

EM 165B PATHOPHYSIOLOGY PARAMEDIC 3 CREDITS FEE: $205.50

A correlative approach to pathophysiology employing both physical assessment skills and a basic cellular understanding to the various disease entities and trauma processes. Prerequisite: Current enrollment in CSN Paramedic Training.

EM 166B PARAMEDIC TECHNOLOGY 4 CREDITS FEE: $274.00

Instructs in the recognition and management of medical and traumatic emergencies, which includes advanced airway management, advanced invasive procedures, medication administration and electrical therapy modalities. Prerequisite: Current enrollment in CSN Paramedic Training.

EM 166L PARAMEDIC TECHNOLOGY 0 CREDIT FEE: $25.00

EM 167B PARAMEDIC CLIN PRACT II 2 CREDITS FEE: $137.00

Supervised application in a hospital and prehospital setting of the skills learned in aggregate Paramedic Training. Emphasis will be on patient assessment, recognition and management of medical and trauma emergencies. Grading to be on a Pass/Fail basis. Prerequisite: Current enrollment in CSN Paramedic Training.

EMS 168B ELECTROPHYSIOLOGY/CARDIO 3 CREDITS FEE: $230.50

Instructs in the anatomy and physiology of the conduction system of the heart, the electrical system and electrocardiography, abnormal EKG patterns and the recognition and management of dangerous or life-threatening dysrhythmias. Includes an introduction to 12-lead ECG interpretation. Prerequisite: Current enrollment in CSN Paramedic Training.

EMS 169B ADV CARDIAC LIFE SUPPORT 1 CREDIT FEE: $68.50

Instructs in the most current standards of the American Heart Association for ACLS. Class is offered in seminar format over two days. Prerequisites: Admission to CSN Paramedic Training or permission, current AHA healthcare provider CPR card.

EMS 169L ADV CARDIAC LIFE SP LAB 0 CREDIT FEE: $25.00

Instructs in the assessment and management of the critical trauma patient according to national PHTLS format. Course is ALS in format, but may be suitable for very experienced Intermediate level providers. Class is offered in seminar format over two days. Prerequisite: Enrollment in CSN Paramedic Training or department approval.

EMS 171B PREHOSP TRAUMA LIFE SUPP 1 CREDIT FEE: $68.50

Vehicle extrication operations level is a participative course designed for pre-hospital care providers in NFPA 1670. Enhances and incorporates new knowledge and skills necessary to access, extricate, and care for victims of crash incidents. Provides knowledge in scene management and familiarization with local resources needed to mitigate incidents. Provides knowledge for competence at hazardous materials awareness level. Includes National Fire Academy ICS for EMS training. Prerequisite: Enrollment in CSN Paramedic training.
ENGLISH PLACEMENT INFORMATION

All students MUST take the English Placement Test before enrolling in any English class. The test will determine your starting place. You may take the test at any of CSN’s three campuses. For information about the test, call 651-4530.

ENGLISH AS A SECOND LANGUAGE PLACEMENT INFORMATION

Students MUST take the Placement Test for English as a Second Language before enrolling in an ESL course. The test will help determine your starting place. For more information, call 651-4475 or 651-5736.
EMS 173B  PARAMEDIC FIELD INTERN  3 CREDITS
FEE: $205.50
Field internship allowing students to practice and apply advanced life support knowledge and skills. Each student will be a third person on a Paramedic rescue unit and will work directly with a Paramedic preceptor. Grading to be on a Pass/Fail basis. Prerequisite: Completion of CSN Paramedic training to date, local provisional Paramedic Certificate.

EMS 176B  PEDIATRICS FOR PARAMEDICS  4 CREDITS
FEE: $274.00
Instructs in a comprehensive approach to the pediatric patient from birth to adolescence. Course will include AHA-Pediatric Advanced Life Support Curriculum (PALS). Prerequisite: Current enrollment in CSN Paramedic training.

EMS 176L  PEDIATRICS PARAMEDICS LAB  0 CREDITS
FEE: $40.00

EMS 185B  ADVANCED EMERGENCY CARE  3 CREDITS
FEE: $205.50
Instructs in the recognition and management of medical and traumatic emergencies, which includes advanced care for hemorrhage and shock, traumatic brain injuries, burns, thoracic and abdominal trauma, allergies and anaphylaxis, toxicology, and hazmat operations. Prerequisite: Current enrollment in CSN paramedic program.

EMS 202B  ADV ECG INTERPRETATION  2 CREDITS
FEE: $162.00
Introduction to 12 lead ECG interpretation. Topics will include intraventricular conduction delays, myocardial ischemia, injury, and infarction. Will also include pre-excitation syndrome, bundle branch blocks, ectopy, and advanced dysrhythmia interpretation. Course may be offered in seminar blocks as necessary. Prerequisite: EMS 168B or current EMTP certification.

EMS 230B  PARAMEDIC ASSESSMENT II  1 CREDIT
FEE: $68.50
This course will allow the participant to apply the information gained from Pathophysiology, Electrophysiology, Pharmacology, Paramedic Fundamentals, Paramedic Technology, ACLS, PHTLS and the Pediatric course in a manner that emphasizes proper patient assessment, the development of a proper treatment plan and implementation of that plan. This course will be tailored to advancing the students understanding of all Paramedic subjects through practical skills scenarios in preparation for EMS 173B. Prerequisite: Current enrollment in CSN Paramedic Program, EMS 130B.

ENGLISH

651-4005 Cheyenne, 651-5758 W. Charleston, 651-3048 Henderson

ENG 092  COLLEGE PREP ENGLISH I  5 CREDITS
FEE: $342.50-ALL DED SECTIONS $352.50
Emphasis on college-level reading and writing. Practice in paragraph construction and the introduction to the complete essay. Review of grammar/punctuation skills and sentence structure. Guidance and instruction in integrating reading and writing skills. Prerequisite: Placement Test.

ENG 098  PREPARATORY COMPOSITION  3 CREDITS
FEE: $205.50-ALL DED SECTIONS $215.50
Intensive reading and writing course focusing on college-level critical reading and essay writing strategies. This course was designed for students whose ACT or SAT scores indicate that they would benefit from an additional semester of English before beginning their college-level work. Students who successfully complete English 098 with a grade of C- or better will be eligible to enroll in English 100, 101, or 113. Prerequisite: English 092 or Placement Test.
A writing intensive course designed to strengthen college-level composition skills, with particular attention to audience, purpose, and context for writing. Students receive extensive background in strategies of planning, drafting, and revising. Research, primary and/or secondary, is introduced as a means by which students can extend their own understanding through the use of outside resources. Additionally, critical reading and thinking strategies are developed. Extra assistance with English writing skills (grammar, sentence structure, usage, and punctuation) is provided. Students who successfully complete ENG 100 with a grade of “C-” or higher will satisfy the ENG 101 requirement and will be eligible to enroll in ENG 102. Prerequisite: English Placement Test or ENG 098 or ESL 139 with a grade of “C-” or higher.

ENG 100 * COMPOSITION ENHANCED 5 CREDITS FEE: $342.50-ALL DED SECTIONS $352.50

ENG 101 COMPOSITION I 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50

A writing intensive course designed to strengthen college-level composition skills, with particular attention to audience, purpose and context for writing. Students receive extensive background in strategies of planning, drafting and revising. Research, primary and/or secondary, is introduced as a means by which students can extend their own understanding through the use of outside resources. Additionally, critical reading and thinking strategies are developed. Students who successfully complete ENG 101 with a grade of “C-” or higher will be eligible to enroll in ENG 102. Prerequisite: English Placement Test or completion of ENG 098 or ESL 139 with a grade of “C-” or higher.

E NG 101G COMPOSITION I HONORS 3 CREDITS

FEE: $205.50

A writing intensive, Honors-level course designed to strengthen college-level composition skills, with particular attention to audience, purpose, and context for writing. Limited class size ensures workshop environment and activities including extensive work on planning, drafting and revising. In addition, research techniques for primary and secondary sources are introduced as a means by which students can extend their understanding through outside resources. Critical thinking and reading skills are developed and deepened through oral and written presentations. Prerequisite: Instructor approval or English Placement Test, reflecting placement in ENG 101.

ENG 107 TECH COMMUNICATIONS I 3 CREDITS
FEE: $205.50-ALL DED SECTIONS $215.50

Instruction and practice in writing in the business world. Emphasis on reports, visuals, and forms of correspondence. Prerequisite: Satisfactory performance on placement test or ENG 101.
ENG 113  COMP I INTL FOR STUDENTS  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
A writing intensive course designed to strengthen college-level composition skills, with particular attention to audience, purpose, and context for writing. Students receive extensive background in strategies of planning, drafting, and revising. Research, primary and/or secondary, is introduced as a means by which students can extend their own understanding through the use of outside resources. Additionally, critical reading and thinking strategies are developed. Students who successfully complete ENG 113 with a grade of C- or better will satisfy the ENG 101 requirement. Prerequisite: Placement test or a grade of C- or better in ESL 139 or ENG 098.

ENG 114  COMP II INTL STUDENTS  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
Continuation and extension of ENG 113 and equivalents with attention to analytical reading and writing, critical thinking, and research methodologies, while emphasizing interpretation, analysis, synthesis and argument. Prerequisite: ENG 100, 113 or ENG 101 with a C- or better.

ENG 205  INTRO TO CREATIVE WRITING  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
A course designed to give students writing experience, introduce them to marketable types of writing and sharpen their writing to commercially acceptable quality.

ENG 211  INTRO TO LINGUISTICS  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
An introduction to the study of language from the perspective of Modern Linguistics. The class studies the formation of sounds, words, sentences, and meaning; as well as aspects of language variation and acquisition.

ENG 220  WRITING POETRY  3 CREDITS  FEE: $205.50
The study of poetry writing methods and forms with concentration on the student's creative writing. This course can be repeated once.

ENG 221  WRITING FICTION  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
A course for learning the craft of fiction writing in a workshop setting with a goal of refining the creative process, implementing critical self-editing, and developing an understanding of the aesthetics of fiction as art. This course can be repeated once for credit.

ENG 223  THEMES OF LITERATURE  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
Themes and ideas significant in literature. May be repeated for a maximum six credits. Prerequisite: Satisfactory completion of ENG 101 or department chair or instructor approval.

ENG 231  WORLD LITERATURE I  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50
World Literature I explores literature from our earliest texts to c1651. Individual sections will include texts selected from around the world, and incorporate prose, poetry, and drama. Discussing the central themes of the global literary discourse will help students discover how authors have contributed to the literary tradition, recognize the influence of literature on contemporary thought, and form connections across historical, geographical, and cultural boundaries. Prerequisite: Satisfactory completion of ENG 100, 101, 101G, 113, or Department Chair or Instructor approval.
ENG 231G WORLD LITERATURE I HONORS 3 CREDITS

A reading intensive, Honors-level course designed to introduce students to the major figures, movements and ideas in world literature from ancient times to 1650. Prerequisite: Instructor approval or successful completion of ENG 100, or 101, or 113, or 101G.

A reading intensive, Honors-level course designed to introduce students to the major figures, movements and ideas in world literature from ancient times to 1650. Prerequisite: Instructor approval or successful completion of ENG 100, or 101, or 113, or 101G.

ENG 232 WORLD LITERATURE II 3 CREDITS

World Literature II explores literature from c1651 to current times. Individual sections will include texts selected from around the world, and incorporate prose, poetry, and drama. Discussing the central themes of the global literary discourse will help students discover how authors have contributed to the literary tradition, recognize the influence of literature on contemporary thought, and form connections across historical, geographical, and cultural boundaries. Prerequisite: Satisfactory completion of ENG 100, 101, 101G, 113 or Department Chair or Instructor approval.

ENG 232G WORLD LITERATURE II HONORS 3 CREDITS

A reading intensive, Honors-level course designed to introduce students to the major figures, movements and ideas in world literature from 1650 to the present. Prerequisite: Instructor approval or successful completion of ENG 100, or 101, or 113, or 101G.

Reading and discussion of major British works and writers from late 18th Century through modern literature. Prerequisite: Satisfactory completion of ENG 101 or department chair or instructor approval.

ENG 236 SURVEY ENGLISH LIT II 3 CREDITS

Fee: $215.50

World Literature II explores literature from c1651 to current times. Individual sections will include texts selected from around the world, and incorporate prose, poetry, and drama. Discussing the central themes of the global literary discourse will help students discover how authors have contributed to the literary tradition, recognize the influence of literature on contemporary thought, and form connections across historical, geographical, and cultural boundaries. Prerequisite: Satisfactory completion of ENG 100, 101, 101G, 113 or Department Chair or Instructor approval.

ENG 236 SURVEY ENGLISH LIT II 3 CREDITS

Fee: $215.50

World Literature II explores literature from c1651 to current times. Individual sections will include texts selected from around the world, and incorporate prose, poetry, and drama. Discussing the central themes of the global literary discourse will help students discover how authors have contributed to the literary tradition, recognize the influence of literature on contemporary thought, and form connections across historical, geographical, and cultural boundaries. Prerequisite: Satisfactory completion of ENG 100, 101, 101G, 113 or Department Chair or Instructor approval.
ENG 243 INTO SHORT STORY 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Short stories read and discussed, with special emphasis on analysis and interpretation of plot, character, point of view, theme, symbol and tone. Prerequisite: Satisfactory completion of ENG 101 or department chair or instructor approval.

ENG 261 INTRODUCTION TO POETRY 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Lectures and discussions about poetry intended to develop the student’s ability to read, understand and evaluate a poem. Prerequisite: Satisfactory completion of ENG 101 or department chair or instructor approval.

ENG 276 PORTFOLIO ASSESSMENT 1 CREDIT FEE: $68.50
A one-credit, independent study undertaken to satisfy the exit requirement of the Associate of Arts degree in English with a creative writing emphasis. Prerequisite: Instructor approval.

ENG 278 CONTemporary LITERATURE 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Reading and discussion of recent literature of various types to acquaint students with contemporary writers. Prerequisite: Satisfactory completion of ENG 101 or department chair or instructor approval.

ENG 298 WRITING ABOUT LITERATURE 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
English 298 focuses on prose, poetry, and drama in order to provide the tools students need for continued literary study. The course introduces basic literary terms, and various methods for analyzing texts. Prerequisite: ENG 100, 101, or 113.

ENG 333 PROFESSIONAL COMM 3 CREDITS FEE: $334.75
A course in applied rhetoric for students to develop the writing and communication skills they will need as professionals. The goal is to make strong writers with flexible analysis, writing and oral communication skills. Prerequisites: ENG 102 and Admission to Dental Hygiene Bachelor of Science Degree Program.

ENV 101 INTRO TO ENVIRONMENTAL 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
A survey of basic ecological principles and an examination of selected environmental issues including overpopulation, pollution and energy alternatives.
An introduction to the major principles and underlying processes of organismal, population, community and ecosystem ecology. (Same as BIOL 220.)

ENV 220 INTRO ECOLOGICAL PRINC 3 CREDITS FEE: $215.50

ESH 130 INTRO HAZARDOUS MATERIALS 3 CREDITS FEE: $215.50

Provides overview of hazardous materials identification, principles of toxicology risk assessment, analytical methods, laws and regulations and environmental impacts.

ESH 131B RENEWABLE ENERGY 3 CREDITS FEE: $215.50

Introduction to various forms of energy production as alternatives to conventional type energy.

ESH 133B GEOTECHNOLOGY 3 CREDITS FEE: $215.50

Introduction to applications of geology and industry test fundamentals including: soils, asphalt, concrete.

ESH 198B ST: ENVIRONMENTAL TOXICOLOGY 3 CREDITS FEE: $215.50

This is an introductory course that deals with issues of chemicals in the environment. Discussions include the fate and transport of chemicals and its effect on flora and fauna, and the long term impact on water and land. Additionally, the need for proper waste management both hazardous and non hazardous waste is stressed. (Same as CONS 198B)

ESH 198B ST: INTERNSHIP 1-5 CREDITS FEE: $68.50 PER CREDIT

Provide students the unique opportunity to work within selected firms/agencies of the Environmental Safety and Health industry, directed by a qualified professional and supervised by the instructor. One credit may be earned for each 5 hours worked per week, to a maximum of 4 credits total. Prerequisite: Instructor Permission.

CONS 198B OSHA STANDARDS CONSTRUCTION 3 CREDITS FEE: $205.50

This course includes 30-hours of authorized training addressing the 29 CFR 1926 OSHA Construction Industry Regulation Standards. The identification of asbestos, lead and radon in potential construction projects will also be covered in this course. Upon completion, students will be issued a course completion 30-hour wallet card by the U.S. Department of Labor’s Occupational Safety and Health Administration. (Same as CONS 198B)

ESH 200B OSHA REFRESHER TRAINING 0.5 CREDITS FEE: $44.25

Annual refresher training for hazardous waste site workers as required under OSHA regulation 29 CFR 1910.120. Trainees who complete ESH 201 should enroll annually. May be repeated annually for credit. Grades assigned on a pass/fail basis.

ESH 202 ENVIRONMENTAL LAWS AND REGULATIONS 3 CREDITS FEE: $205.50

Overview of the development and contents of current federal, state and local laws, regulations and ordinances that control the handling, storage, and disposal of hazardous materials and wastes.

ESH 204 ENVIRONMENTAL SITE ASSESS 3 CREDITS FEE: $215.50

Provides hazardous waste site and property transfer investigation procedure for determining potential and extent of environmental contamination. Introduces specialized sampling techniques.

ESH 205 TRANSPORT HAZARDOUS MATRLS 3 CREDITS FEE: $205.50

Explains regulations governing the transportation of hazardous materials and wastes. Course includes preparing manifests, hazard classifications, placarding, labeling, spill response and driver safety needs. Prerequisite: ESH 130.

ESH 207B INTRO SAFETY MANAGEMENT 3 CREDITS FEE: $205.50

This course covers the requirement of 29 CFR 1910 and 1926. Topics include interpretation of OSHA standards, record keeping, OSHA inspection procedures, coordination and use of safety committees and writing an effective safety program and policy.

ESH 208B SAFETY MANAGEMENT II 3 CREDITS FEE: $205.50

The focus will be on behavioral safety and identifying the importance of a safety program to an employer and motivation of workers to work safely. Cost analysis and safety program validation to executive management is included. Prerequisite: ESH 207B.

ESH 209B 1ST RESPONSE HAZ MLTS INC 4 CREDITS FEE: $284.00

Prepares students with the knowledge of proper procedures used in hazardous materials release or in a potential release as part of an initial response team in order to protect persons, property or the environment.

ESH 212B INDUSTRIAL HYGIENE II 3 CREDITS FEE: $205.50

Continuation of ESH 211B. Includes topics on hazard control and methods, occupational safety and health programs, and governmental regulations. Prerequisite: ESH 211B.

An intermediate level course that continues the development of the basic sentence patterns of English in increasingly difficult contexts. Prerequisite: Placement Test or ESL 111B.
ESL 121  ENGLISH AS A SECOND LANGUAGE IV 3 CREDITS  FEE: $220.50
An intermediate level course that continues the development of the basic sentence patterns of English in increasingly difficult contexts. Prerequisite: Placement Test or ESL 120.

ESL 122  PRONUNCIATION AND LISTENING SKILLS FOR INTERNATIONAL STUDENTS I 3 CREDITS  FEE: $220.50
Focuses on improvement of sound production and listening comprehension; attention given to the vowel/consonant system, reduced forms, stress and intonation. Prerequisite: Placement Test or ESL 120.

ESL 123  READING FOR INTERNATIONAL STUDENTS I 3 CREDITS  FEE: $220.50
Development of reading skills through analysis of assigned texts; systematic study of vocabulary and idioms; explanation of grammar difficulties as necessary. Prerequisite: Placement Test or ESL 120.

ESL 124  GRAMMAR FOR INTERNATIONAL STUDENTS I 3 CREDITS  FEE: $220.50 - ALL DED SECTIONS $230.50
A beginning course focusing on the forms and meanings of English structure. Emphasis is on writing skills; however, attention is also given to oral skills. Prerequisite: Placement Test or ESL 121 and 123.

ESL 125  READING FOR INTERNATIONAL STUDENTS II 3 CREDITS  FEE: $220.50
Development of reading skills through analysis of assigned texts; systematic study of vocabulary and idioms; explanation of grammar difficulties as necessary. Prerequisites: Placement Test or ESL 123 and 124.

ESL 126  GRAMMAR FOR INTERNATIONAL STUDENTS II 3 CREDITS  FEE: $220.50 - ALL DED SECTIONS $230.50
An intermediate course focusing on the forms and meanings of English structure. Emphasis is on writing skills; however, attention is also given to oral skills. Prerequisites: Placement Test or ESL 124.

ESL 127  PRONUNCIATION AND LISTENING SKILLS FOR INTERNATIONAL STUDENTS II 3 CREDITS  FEE: $220.50
Emphasis is on improvement of listening comprehension; attention given to consonant system and reduced forms. Prerequisites: Placement Test or ESL 125 and 126.

ESL 128  GRAMMAR FOR INTERNATIONAL STUDENTS III 3 CREDITS  FEE: $220.50 - ALL DED SECTIONS $230.50
An advanced course focusing on the forms and meaning of English structure. Emphasis is on writing skills; however, attention is also given to oral skills. Prerequisites: Placement Test or ESL 125 and 126.

**For ESL students who need further practice in advanced grammar and writing:**

- Focuses on sentence combining and analysis of rhetorical modes used in paragraph development.
- Prerequisite: Placement Test or ESL 128.

**ESL 129 WRITTEN ENGLISH FOR INTERNATIONAL STUDENTS**

For ESL students who need further practice in advanced grammar and writing; focuses on sentence combining and analysis of rhetorical modes used in paragraph development. Prerequisite: Placement Test or ESL 128.

**ESL 132 READING AND CONVERSATION FOR INTERNATIONAL STUDENTS**

Development of reading skills through analysis of assigned texts; systematic study of vocabulary and idioms; explanation of grammar difficulties as necessary. Prerequisites: Placement Test or ESL 125 and 128.

**ESL 133 SPEECH COMMUNICATION**

For advanced ESL students who need practice speaking English in public. This course includes reading/writing, research, debates, and speeches in English. Prerequisite: Placement test or completion of ESL 129.

**ESL 135 READING AND CONVERSATION FOR INTERNATIONAL STUDENTS**

Development of reading skills through analysis of assigned texts, systematic study of vocabulary and idioms; explanation of grammar difficulties as necessary. Prerequisites: Placement Test or ESL 129 and 132.

**ESL 138 INTERMEDIATE WRITING FOR INTERNATIONAL STUDENTS**

For non-native students who need further practice in expressing their ideas in written form. Includes practice in grammar, editing, sentence combining, and word choice. Prerequisites: Placement Test or ESL 129 and 132.
ET 100B  SURVEY OF ELECTRONICS  3 CREDITS  FEE: $205.50

Introduces modern electronics technology and electronics concepts including voltage, current, resistance, power and frequency and functional analysis of simple analog and digital systems.

24518  CY001  S  9:00AM -11:50AM  Cheyenne  2741  D’ANDREA
NOTE: ABOVE SECTION - MEETS SATURDAY
24520  WC001  R  6:00PM - 8:50PM  W Charleston C  132  SNOW
CLICK HERE TO LEARN MORE ABOUT ABOVE SECTION

ET 104B  FABRICATION TECHNIQUES  2 CREDITS  FEE: $157.00

Introduces electronic fabrication skills, tool operations applied to fabrication techniques of simple circuit boards, reading of schematic diagrams, soldering, drafting and wire wrapping.

24522  CY001  M  6:00PM - 9:50PM  Cheyenne  2766  MARSH
24524  CY002  R  6:00PM - 9:50PM  Cheyenne  2766  MARSH

ET 106B  TEST EQUIP OPERATION  3 CREDITS  FEE: $225.50

An introduction to the use and operation of general and special purpose electronic test equipment, includes oscilloscope, multimeters, electronic multimeters, signal generators and transistor/capacitor testers.

24526  CY001  F  6:00PM - 9:50PM  Cheyenne  2741  STAFF

ET 109B  COMPUTER REPAIR BASICS  3 CREDITS  FEE: $225.50

An introductory course in troubleshooting, repair and maintenance of PC’s. Students will learn how a PC works, how to diagnose and solve hardware related problems, how to install peripheral devices and how to upgrade existing PC hardware.

24528  CY001  S  1:00PM - 4:50PM  Cheyenne  2772  KINNAIRD
NOTE: ABOVE SECTION - MEETS SATURDAY

ET 115B  NETWORK SECURITY MGT  3 CREDITS  FEE: $215.50

Students will learn about network and information security management topics, including threat techniques and protective techniques through a technical approach. Risk analysis, contingency planning, categories of security devices, password techniques, encryption, network protocol, and intercept devices are emphasized.

52913  DED01  ARR  - ARR ARR  MILLER
CLICK HERE TO LEARN MORE ABOUT ABOVE SECTION

ET 117B  COMPUTER FORENSICS  3 CREDITS  FEE: $215.50

This course introduces the student to the preservation, identification, extraction, documentation and interpretation of crime related computer data. The course will include both lecture and demonstration of investigative techniques. Students should have basic computer knowledge.

52915  DED01  ARR  - ARR ARR  STHULTZ

ET 118B  INTERNET FORENSICS  3 CREDITS  FEE: $215.50

This course introduces the student to network intrusion analysis. It will cover DNS, ICMP, and fragmentation intrusion techniques and the use of TCPDump and Snort in intrusion detection and prevention. Students should have basic networking knowledge.

52917  DED01  ARR  - ARR ARR  STHULTZ

ET 124B  DIGITAL CRIME INVEST  3 CREDITS  FEE: $215.50

Digital evidence plays a role in a wide range of crimes. The purpose of this course is to educate students about digital evidence and computer crime. It explains how computers are used in crimes, how they can be used as a source of evidence, relevant legal issues, deductive criminal profiling, criminal motivations, and investigative techniques.

52919  DED01  ARR  - ARR ARR  STAFF

ET 131B  DC FOR ELECTRONICS  4 CREDITS  FEE: $294.00

Basic concepts of passive electronic circuits to include laws, measurements, and calculations relating to direct current. Components and general purpose test equipment are used in practical experimentation. Prerequisite: MATH 111B.

24530  CY001  T  6:00PM - 8:50PM  Cheyenne  2764  UNICK
NOTE: ABOVE SECTION - MUST ALSO REGISTER FOR ONE LAB COURSE: ET 198B 001,002,003 OR 004
CLICK HERE TO LEARN MORE ABOUT ABOVE SECTION

ET 132B  AC FOR ELECTRONICS  4 CREDITS  FEE: $294.00

Basic concepts of passive electronic circuits to include laws, measurements, and calculations relating to alternating current. Components and general purpose test equipment are used in practical experimentation. Prerequisite: ET 131B.

24534  CY001  S  9:00AM -11:50AM  Cheyenne  2764  SNOW
NOTE: ABOVE SECTION - MEETS SATURDAY
MUST ALSO REGISTER FOR ONE LAB COURSE: ET 198B 001,002,003 OR 004

ET 138B  INTRO SLOT MACHINE TECHNO  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50

An introduction course detailing the theory and operation of typical slot machines. Installation, maintenance and troubleshooting of slot machines and their peripherals will also be covered in this course.

24536  CY001  S  9:00AM -11:50AM  Cheyenne  2773  GIFFORD
NOTE: ABOVE SECTION - MEETS SATURDAY
CLICK HERE TO LEARN MORE ABOUT ABOVE SECTION

ET 198B  ST: INTRO ELECTRONIC CRIME FOR LAW ENFORCEMENT  3 CREDITS  FEE: $215.50

This course is an introduction to the investigation of high-tech crime. It will present the tools and methods used by criminals in identity theft, financial crimes, drug trafficking, crimes against children, hacking, terrorism, and other electronic crimes. It will also include high-tech intelligence gathering methods and legal considerations, including ECPA, pen/trap orders, CALEA, and Title III wire taps.
This course covers the functional theory of DC power supplies and switched mode power supplies. It also covers step-by-step troubleshooting procedures. Basic, Series Pass, Pulse Width, and Pulse Rate power supplies and other types are part of the course.

This course emphasizes how to troubleshoot electronic circuits. These include analog and digital circuits and systems commonly encountered in the electronics industry. Standard test equipment and materials are used for measurement, isolation, and identification of circuit problems. Once the students' troubleshooting skills are developed, the student is encouraged to work independently. A student should have 1 year of experience in electronics before taking this course.

This course is for students who are experienced electronics technicians. Its purpose is two fold. It is designed to reinforce the student's knowledge of electronic principles and theorems from resistors to operational amplifiers to test equipment. The course also will prepare the student for the ISCET (International Society of Certified Electronics Technicians) Associates examination.

This course is the first semester of a one-year course in digital circuit theory and troubleshooting. It is designed to reinforce the student's knowledge of electronic principles and theorems from resistors to operational amplifiers to test equipment. Basic, Series Pass, Pulse Width, and Pulse Rate power supplies and other types are part of the course.

This course provides a detailed look at data acquisition components: analog-to-digital converters (ADCs), digital-to-analog converters (DACs), sample and hold amplifiers, sensors, and PLLs. Op-amp theory and applications are also covered. Prerequisites: ET 212B, 132B.

This course provides a detailed look at data acquisition components: analog-to-digital converters (ADCs), digital-to-analog converters (DACs), sample and hold amplifiers, sensors, and PLLs. Op-amp theory and applications are also covered. Prerequisites: ET 212B, 132B.

This course is for students who are experienced electronics technicians. Its purpose is two fold. It is designed to reinforce the student's knowledge of electronic principles and theorems from resistors to operational amplifiers to test equipment. The course also will prepare the student for the ISCET (International Society of Certified Electronics Technicians) Associates examination.

The theory and practice of food and environmental sanitation in the Culinary field. Food-related diseases, disease origins and personal hygiene are given special attention. Meets standards of National Sanitation Certification.
FAB 112 RESTAURANT MANAGEMENT I 3 CREDITS
FEE: $205.50
Overview of the basic principles of restaurant management, operations and front-of-the-house training and development. Course contains laboratory work in Russell’s Restaurant.

24576 CY001 M 9:00AM - 11:00AM Cheyenne 1606 QUAGLIANO
24578 CY002 T 9:00AM - 11:00AM Cheyenne 1606 QUAGLIANO

24602 CY004 R 6:00PM - 8:50PM Cheyenne 1673 STAFF
24604 CY005 S 9:30AM - 12:20PM Cheyenne 1674 STAFF

FAB 167 FOOD SERVICE NUTRITION 2 CREDITS
FEE: $157.00
Students learn the basics of nutritionally balanced menu planning and methods of promoting and producing healthy alternative food plans.

24607 CY001 M 6:00PM - 9:50PM Cheyenne 1674 LARSON
24608 CY002 T 6:00PM - 9:50PM Cheyenne 1674 LARSON
24610 CY003 W 8:00AM - 11:50AM Cheyenne 1674 LARSON
24612 CY004 S 8:00AM - 11:50AM Cheyenne 1673 STAFF

FAB 190B BARTENDING 3 CREDITS
FEE: $255.50
A basic class devoted to developing the skills necessary to function as a bartender in a Hospitality operation. This is a hands-on course covering mixing of liquors and the handling of all types of alcoholic beverages. Must be 21 or older.

24614 CY001 M 6:00PM - 9:50PM Cheyenne 1606 STAFF
24616 CY002 T 6:00PM - 9:50PM Cheyenne 1606 STAFF
24618 CY003 F 9:30AM - 1:20PM Cheyenne 1606 FERRIOLO
24620 CY004 S 12:00PM - 3:50PM Cheyenne 1606 FERRIOLO

---

Cost control in the food service operation through sound procedures, controlled food production, inventories, storeroom issues, standardized recipes, effective labor practices and maintenance of records. Prerequisite: FAB 160.

24622 CY001 M 12:30PM - 3:20PM Cheyenne 1681 ROSENBERGER
24624 CY002 T 9:30AM - 12:20PM Cheyenne 1681 ROSENBERGER

FAB 230 MENU PLANNING 3 CREDITS
FEE: $235.50
The basics of planning menus for a variety of food service establishments. Students will learn marketing and merchandising menus, menu development and costing, basic menu printing software and develop their own individual menus.

24626 CY001 M 6:00PM - 8:50PM Cheyenne 1681 ROSENBERGER
24628 CY002 R 9:30AM - 12:50PM Cheyenne 1681 ROSENBERGER

FAB 271 WINE APPRECIATION 3 CREDITS
FEE: $235.50
A comprehensive course on the wines of the world. The art of wine making, geographical identification of wine regions, ordering and serving of fine wines, history of wines and the proper matching of wines with foods. Each class meeting will include the tasting of several wines. Minimum age for enrollment is 21.

24630 CY001 W 6:00PM - 8:50PM Cheyenne 1684 CUMMINGS-BELANGER

FAB 272 LIQUOR & BAR MANAGEMENT 3 CREDITS
FEE: $235.50
A survey of the service and control of wines, liquors and beers, including discussion of taxes and local, state and national laws relating to the liquor industry.

24632 CY001 R 11:00AM - 1:50PM Cheyenne 1674 LERNER

FAB 285 CATERING MANAGEMENT 3 CREDITS
FEE: $235.50
Course teaches students how to market, sell, organize, plan, and execute catered affairs. Includes various types of meeting room set-ups used to meet customer requirements. Prerequisite: FAB 112.

24634 CY001 W 6:00PM - 8:50PM Cheyenne 1674 LERNER

FAB 295 WORK EXPERIENCE FOOD SERV 1 CREDIT
FEE: $68.50
In addition to the academic requirements, the Department of Hospitality Management requires 200 hours of acceptable employment in the hospitality industry. This work experience will be measured qualitatively as well as quantitatively. The work experience requirement should be met during the school year or in summers. Students who plan to transfer to UNLV will be able to transfer a maximum of 500 hours of employment toward UNLV’s 1000 hour employment requirement. International students must go to the office of International Student Services to verify employment eligibility and obtain authorization. This course can be repeated up to a maximum of four credits. Grade will be given upon verification of employment.

24636 CY001 ARR ARR - ARR ARR ARR QUAGLIANO
FILIPINO

651-4007

FIL 111  FIRST YEAR FILIPINO I   4 CREDITS  
FEE: $289.00

The development of language skills in listening, speaking, reading and writing. Oral emphasis.

24638  WC801  TR  6:00PM - 7:50PM  W Charleston  K  228  RAFAEL

BANKING AND FINANCE

651-3100

FIN 101  PERSONAL FINANCE   3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50

A study of the techniques of managing personal income, savings and expenses, making wise purchase decisions, insuring, investing and controlling financial resources.

24640  CY001  TR  4:30PM - 5:50PM  Cheyenne  1050  ESEMUEDE

FIRE SCIENCE TECHNOLOGY

651-3005

FT 101  INTRO TO FIRE SCIENCE   3 CREDITS  FEE: $205.50

Elementary course dealing with fire protection. Fire service organization, fire chemistry, apparatus and equipment, automatic extinguishing systems, alarm and communication systems and fire prevention techniques.

24686  CY001  R  6:00PM - 8:50PM  Cheyenne  1218  WILLIAMS
79296  GV150  M  6:00PM - 8:50PM  Green Valley  125  ELDRIDGE
79298  GV151  T  6:00PM - 8:50PM  Green Valley  121  MALIN
79300  GV152  W  6:00PM - 8:50PM  Green Valley  121  MALIN
79302  GV153  R  3:00PM - 5:50PM  Green Valley  121  MCKEON
79304  GV154  F  9:00AM -11:50AM  Green Valley  125  STAFF
24688  WC801  W  6:00PM - 8:50PM  W Charleston I  318  JONES
75232  PV930  W  6:00PM - 8:50PM  Summerlin  120  WASHINGTON
This course will familiarize the student with the general rules and regulations of fire fighting, use and explanation of forcible entry, protective breathing apparatus, fire streams, first aid, ropes, salvage, fire hose, nozzles and apparatus, ladders, ventilation, inspection, rescue, sprinklers, fire alarms and communications, safety and fire behavior.

Prerequisites: FT 218.

Addresses the basic elements of wildland fire protection, fire behavior, department organization, apparatus and equipment, fire safety and incident command organization. Fieldwork is required. Satisfies Wildland Training Series for S-110, S-130, and S-190. Note: Satisfactory completion qualifies the student for National Wildland Fire Certification (Red Card).

Principles and problems relating to fire prevention. National, state and local laws and ordinances influencing fire prevention. Code enforcement and fire underwriting also discussed. Course offered Fall semester, odd years only.

This course provides students with work experience and skills sign-offs that meet the National Fire Protection Association’s Firefighter I criteria. This course will make the student eligible to take the Nevada Fire Fighter I exam. Students must have proof of insurance. Prerequisites: FT 101, 104, 110, 131, EMS 108B.

Introduction to arson, incendiaryism, arson laws, types of incendiary fires, methods of determining fire cause, recognizing and preserving evidence, interviewing and detaining witnesses, procedures in handling juveniles, court procedures and giving court testimony. Course offered Spring semester, even years only.

Fundamentals of building construction and design. Emphasis on the fire resistance of building materials, assemblies, exposures and related fire protection data. Course offered Fall semester, even years only.

Review of basic chemistry. Laws relating to storage, handling and transportation of hazardous materials. Fire fighting practices and techniques related to hazardous materials. Course offered Fall semester, even years only.

Designed to meet the needs of fire officers and managers to use, deploy, implement and function within the incident command system. Addresses the need for incident management systems and an understanding of the command skills needed by department officers to effectively use ICS guidelines. Prerequisite: FT 243.

This is an entry-level course which prepares the student to recognize the fire service company officer's role. It will examine group dynamics, communication, fire department organizational structure, fire ground and station management. This course partially meets the National Fire Protection Association's standard for Fire Officer.

This course explores the theories and fundamentals of how and why fires start, spread and are controlled.
or other understanding of leadership. and participate in video and written case studies to further explore his assessment to gain insights into his or her personal leadership style between leaders and managers. The participant will complete self-family, professional, and social, as well as define the difference identify his or her leadership roles in the community to include self, present, dialogue, and learning activities the participant will begin to develop a personal philosophy of leadership. Through course presentations, dialogue, and learning activities the participant will identify his or her leadership roles in the community to include self, family, professional, and social, as well as define the difference between leaders and managers. The participant will complete self-assessments to gain insights into his or her personal leadership style and participate in video and written case studies to further explore his or her understanding of leadership.

FT 198B ST: LEADERSHIP I 3 CREDITS FEE: $205.50

This course provides the participant with a deepened understanding of self as it relates to leadership philosophies, knowledge, skills, and abilities. Each participant will explore his or her own core values and begin to develop a personal philosophy of leadership. Through course presentations, dialogue, and learning activities the participant will identify his or her leadership roles in the community to include self, family, professional, and social, as well as define the difference between leaders and managers. The participant will complete self-assessments to gain insights into his or her personal leadership style and participate in video and written case studies to further explore his or her understanding of leadership.

FT 211 FIRE BUSINESS MANAGEMENT 2 CREDITS FEE: $137.00

Designed to meet the business management needs of fire finance, organization, workers compensation, procurement, property management and the crew boss responsibilities of safety, training and air operations. Satisfies Wildland Training Series for S-260. Prerequisite: FT 110.

FT 216 URBAN WILDLAND FIRE OPER 4 CREDITS FEE: $284.00

Addresses the responsibilities necessitated by the ever increasing need to coordinate the interface of urban, rural and wildland firefighting units. Communications, terminology and elements of the Incident Command System are stressed. Satisfies Wildland Training Series Requirements for S-233. Prerequisite: FT 110.

FT 224 FIRE PROTECTION SYSTEMS 3 CREDITS FEE: $205.50

Examines fire extinguishing systems and alarm systems, automatic sprinkler systems, standpipe systems, dry chemical systems and certain special hazard systems. Course offered Spring semester, odd years only.

FT 226 FIRE ARSON INVESTIGATION 3 CREDITS FEE: $205.50

An advanced course in Arson Investigation showing the principles and needs for the investigation of automobile and boat fires, gas fires and explosions, electrical fires, chemical explosions and bombs and bomb scene investigations. Prerequisite: FT 126.

FT 229 ST: PREVENT/INVESTIGATION 3 CREDITS FEE: $205.50

Selected topics in fire investigation, arson or cause and determination of fire.

FT 230 FIRE CHEMISTRY 3 CREDITS FEE: $205.50

This course will teach students the chemical requirements for combustion, the chemistry of fuels and explosive mixtures, and the various methods of stopping combustion.

FT 243 FIREFIGHTING TACT/STRAT 3 CREDITS FEE: $205.50

Effective manpower and equipment utilization. Fire attack procedures, preplanning, placement of apparatus at the fire scene and decision making. Course offered Spring semester, odd years only.

FT 247 INCIDENT SAFETY OFFICER 3 CREDITS FEE: $205.50

This course covers common factors involving firefighter injuries, deaths, and prevention of unsafe acts and conditions.

CASINO MANAGEMENT

GAM 103 CASINO CAGE OPERATIONS 3 CREDITS FEE: $205.50

Structured to provide students with knowledge and skills directly relevant to employment as a casino cage cashier. Practical application of the material presented. Emphasis on "learning by doing."

GAM 105 SURVEY OF GAMING REGS 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50

A survey of the laws and regulations related to the gaming industry. Specific emphasis on the history and development of Nevada Gaming laws and regulations and compliance requirements of gaming licenses.

GAM 106 SUPERVISION CASINO GAMES 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50

Basic casino managerial techniques with an emphasis on protection of casino games, staffing, labor/management relations, floor, pit, and shift supervision, credit and market control, cash and chip control and internal control forms.
GAM 108 SLOTS MANAGEMENT I 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50

Basic slots management techniques with an emphasis on supervision of slot shift managers, mechanics, floor persons, change persons, booth cashiers, carousel attendants, coin room manager, slot drop, count room, jackpot fills and credits.

52951 DED01 ARR ARR - ARR ARR ARR HERNANDEZ

NOTE:Above Section - Meets 4/9 - 5/6
74758 CYS04 SU 1:00PM - 3:50PM Cheyenne 1666 STAFF
NOTE:Above Section - Meets 4/12 - 5/6, Saturday and Sunday

GAM 126 PAI GO W TILES DEALING 3 CREDITS FEE: $215.50

The basics of dealing the casino game of Pai Gow (using dominos).

74760 CYS01 MTWR 6:00P - 8:50PM Cheyenne 1666 STAFF
NOTE:Above Section - Meets 1/19 - 2/12
74762 CYS02 MTWR 1:30P - 4:20PM Cheyenne 1666 DISTEFANO
NOTE:Above Section - Meets 4/9 - 5/6

GAM 131 RACE & SPORTS BOOK MGT 3 CREDITS FEE: $205.50

This course prepares students in the specific techniques and methods of the daily operations of Nevada race and sports books. Students will be made aware of supervision and managerial responsibilities of book operations. Topics include operating budgets, marketing, state regulations and bookmaking theory.

24764 CY001 R 12:30PM - 3:20PM Cheyenne 1673 SMITH

GAM 206 CASINO SURVEILLANCE 3 CREDITS FEE: $205.50

All aspects of modern casino surveillance including: slots, table games, cage, sports books and keno. Also covers gaming control board requirements.

24766 CY001 W 12:30PM - 3:20PM Cheyenne 1673 RHEA

GAM 225 INTRO TO GAMING MGT 3 CREDITS FEE: $215.50

Overview of the casino; topics include the economics of the casino, its interface with the hotel, organizations and terminology. Not recommended for persons who have worked in the casino industry.

24768 CY001 M 6:00PM - 8:50PM Cheyenne 1673 DISTEFANO
52953 DED01 ARR ARR - ARR ARR ARR HERNANDEZ

GAM 295 WORK EXPER CASINO GAMING 1 CREDIT FEE: $68.50

In addition to the academic requirements, the Department of Hospitality Management requires 200 hours of acceptable employment in the hospitality industry. This work experience will be measured qualitatively as well as quantitatively. The work experience requirement should be met during the school year or in summers. Students who plan to transfer to UNLV will be able to transfer a maximum of 500 hours of employment toward UNLV’s 1000 hour employment requirement. International students must go to the office of International Student Services to verify employment eligibility and obtain authorization. This course can be repeated up to a maximum of four credits. Grade will be given upon verification of employment.

24770 CY001 ARR ARR - ARR ARR ARR HERNANDEZ
In this course we will explore our world’s oceans and the role of the ocean in the Earth’s system. Topics covered will include the flow and transformations of water and energy into and out of the ocean, the physical and chemical properties of seawater, ocean circulation, marine life and its adaptations, interactions between the ocean and the other components of the Earth system, and the human/societal impacts on and in response to Earth System interactions.

4) GEOG 116 OCEANOGRAPHY 3 CREDITS FEE: $205.50

Studies the composition, structure, and dynamics of the earth’s atmosphere that influences global weather patterns. Meteorology defines weather concepts that provide the basis for forecasting, weather analysis and understanding atmospheric phenomena such as hurricanes, tornadoes and extreme weather. Discussion on human impact of the atmosphere, ozone depletion, greenhouse effect and air pollution.

5) GEOE 117 METEOROLOGY/CLIMATOLOGY 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50

Studie the composition, structure, and dynamics of the earth’s atmosphere that influences global weather patterns. Meteorology defines weather concepts that provide the basis for forecasting, weather analysis and understanding atmospheric phenomena such as hurricanes, tornadoes and extreme weather. Discussion on human impact of the atmosphere, ozone depletion, greenhouse effect and air pollution.
The intent of this class is to prepare the student for advanced training.

GER 112 FIRST YEAR GERMAN II 4 CREDITS

The further development of language skills in listening, speaking, reading, and writing. Emphasis is placed on more sophisticated communication in all four language acquisition skills. Prerequisite: GER 111 or equivalent.

GER 198B ST: GERMAN RESISTANCE TO NATIONAL SOCIALISM & HITLER

Are you looking for an interesting Humanities course? Why don't you consider enrolling in German 198B? This course is on the German Resistance to the Nazis and Hitler during the Third Reich (1933-1945), and is taught in English. The course will explore the different resistance movements via film, lecture, student presentations, Resistance survivors and other guest speakers.

GEOGRAPHIC INFORMATION SYSTEM

Cheyenne 651-4145, W. Charleston 651-5976
See Other Listings Under (CIT, IS)

GIS 109 INTRO GEOGRAPHIC INFO SYS 3 CREDITS

This class serves as an introduction into Geographic Information Systems (GIS). This course covers the basic concepts of a GIS. Principles of cartography and spatial analysis will also be covered. The intent of this class is to prepare the student for advanced training using specific GIS software packages. Prerequisite: IS 101.

GIS 205 GIS APPLICATIONS 3 CREDITS

The course is designed to give students an exposure to GIS software and its applications. Students will become familiar with the basic aspects of ESRI and ArcGIS Software with introduction to spatial analysis. Prerequisite: GIS 109.

GIS 236 GIS APPLICATIONS II 3 CREDITS

This is an advanced course designed to give students an in-depth understanding of spatial analysis. Students will functionally create spatial models to solve real world problems. Topics will emphasize problem solving skills in raster and vector environments using spatial analysis tools.

GRC 101 INTRO GRAPHIC COMM 3 CREDITS

An introductory survey class on the theories, processes, systems, and technologies relevant to the graphic communications/digital media industry. Graphic communications history, industry makeup, job opportunities and basic theories/technologies will be explored.

GRC 103* INTRO TO COMPUTER GRAPHIC 3 CREDITS

Hands-on approach to fundamental concepts and terminology for creating and editing basic electronic paint and draw type graphics. Includes software, hardware and operating system basics.

GRC 104 LAYOUT & TYPOGRAPHY FUNDAMENTALS 3 CREDITS

Introduction to typography and page layout rendered traditionally and manipulated by computer. Typographic theory, copy acquisition, proofreading, and fundamentals of typographic layout and design for publications and collateral pieces.

GRC 107* DESIGN FUNDAMENTALS 3 CREDITS

An introductory course in the application and appreciation of the basic principles and elements of design, including form, shape, value, space, color and composition.

Introduction:
- **GRC 110**: Rendering/Illustration - 3 credits
  - Introductory class in developing techniques for visualizing and rendering images in 2D and 3D presentations using a variety of manual techniques and applications in the electronic environment. Prerequisite: GRC 103.
- **GRC 119**: Computer Graphics/Digital Media - 3 credits
  - Continuation of Introduction to Computer Graphics. For students interested in producing graphics for web, multimedia, and animation. An introduction to basic concepts dealing with image manipulation, web graphics, animation, multimedia creation, storyboard, and 3D modeling. Hands-on projects using popular graphics applications. Prerequisite: GRC 103.
- **GRC 140**: Electronic Publishing - 3 credits
  - Electronic page layout and typecrafting with an emphasis on design and assembly using Adobe InDesign and QuarkXPress software. Class projects involve using the computer exclusively as the tool for preparing publication material, including scanned images. Prerequisites: GRC 101, 103, 104.
- **GRC 156B**: Computer Illustration - 3 credits
  - Thorough exploration of a bézier-curve based application as a professional illustration and design tool. Hands-on projects using Adobe Illustrator. Prerequisite: GRC 103.
- **GRC 158**: Cartooning - 3 credits
  - Cartooning characters, newspaper comics, editorials, caricatures, and mascots denoting humorous people and situations.
- **GRC 175B**: Web Design & Publishing - 3 credits
  - Creating and managing web pages and sites using Dreamweaver software. Emphasis on the design, usability, and features of professional web page layout and site production process. Prerequisite: GRC 103.

Courses Information:
- **GRC 183B**: Electronic Imaging - 3 credits
  - Scanning and working with photographic and illustrative images using Adobe Photoshop. Hands-on projects dealing with photo correction, manipulation, compositing, and illustrative design. Explore the tools and basic features of this industry-leading image manipulation application. Prerequisite: GRC 103.
- **GRC 188**: Web Animation & Interactivity - 3 credits
  - Creating and publishing vector-based web Animations using the Flash authoring program. Students create web viewable Flash movies that combine bitmap and vector graphics, audio, animations, and scripting.
- **GRC 198B**: Adobe Flash ActionScript - 3 credits
  - Continued exploration of Flash 8 using ActionScript. This course is perfect for Flash Designers who want to learn more about how to use and become more versed in ActionScript, Flash’s internal scripting language. Prerequisite: GRC 188.
- **GRC 198B**: Web 2.0 (Web) Design & Learning to Use Wordpress CMS - 3 credits
  - Learn popular web 2.0 design concepts and techniques. In addition you will learn about Wordpress, it allows you to create a blog, corporate site, or mid-sized business website, all for free. Learn to exercise content management systems (CMS) with CSS Coding and Photoshop designs. With this course you will be able to learn how to install and design a theme around Wordpress 2.0+, taking a Photoshop designed web concept and turning it into a manageable website. Prerequisite: GRC 275.
- **GRC 198B**: Javascript for Designers - 3 credits
  - Javascript for Designers. Basics of Javascript usage aimed towards implementing powerful visualizations and interaction models to the user.
- **GRC 198B**: Collegiate Review Newspaper Journalism - 3 credits
  - The principle objectives of this course are to give students an opportunity for practical applications of the day-to-day endeavors of a student run newspaper. Through their functional involvement, students will gain realistic experience in the areas of public relations, news reporting, photography, marketing and advertising.
Ever wonder how to set up your own webpages? Using Microsoft Frontpage the course will teach a basic understanding of the HTML code and how to use the editor to create your own individual webpage. Use of graphics, tables, hyperlinks, and other web features will allow you to create attention getting webpages.

**GRC 198B**  **ST: INTRODUCTION TO WEBPAGE DESIGN**  **1 CREDITS**  **FEE: $68.50**

Basic design concepts, principles, and methodology for effective visual communications in print and multimedia. Class projects involve using the computer exclusively as the tool for preparing design materials and/or as the final medium. Prerequisites: GRC 110.

**GRC 207**  **ELECTRONIC DESIGN**  **3 CREDITS**  **FEE: $230.50**

A continuation of Rendering and illustration. Emphasis is placed on developing problem solving strategies for the individual interested in the field of illustration. Various medium will be explored including: water medium, colored pencil and electronic media. Effective use of color in illustration will be an important aspect of the course. Prerequisite: GRC 110.

**GRC 249B**  **SPEC PROJECT GRAPHICS COMM 1-3 CREDITS**  **FEE: $68.50 PER CREDIT**

Students work on individual design and communications projects under the direction of a faculty advisor; projects, provided by real world businesses and organizations, relate to the student’s selected major emphasis. Prerequisite: 21 GRC course credits.

**GRC 257B**  **WEB DESIGN/PUBLISHING II**  **3 CREDITS**  **FEE: $215.50**

Intermediate to advanced techniques for creating and developing web sites using Dreamweaver. Web page and site development using DHTML, site promotion and maintenance are emphasized. Prerequisite: GRC 175B.

**GRC 258B**  **WEB ANIM & INTERACT II**  **3 CREDITS**  **FEE: $225.50**

Intermediate and advanced Flash techniques with an emphasis on ActionScript, importing and using video, and producing highly interactive projects for the Web. Prerequisite: GRC 188.

**GRC 264B**  **ADVANCED ILLUSTRATION**  **3 CREDITS**  **FEE: $220.50**

Development of advanced professional web sites, using popular web scripting technologies, using PHP, MySQL and Javascript to create dynamic web sites. Advanced technologies will be discussed as well as an overview of industry trends related to web development. Prerequisite: GRC 275B.

**GRC 276B**  **WEB DESIGN/PUBLISHING III**  **3 CREDITS**  **FEE: $205.50**

Development of advanced professional web sites, using popular web scripting technologies, using PHP, MySQL and Javascript to create dynamic web sites. Advanced technologies will be discussed as well as an overview of industry trends related to web development. Prerequisite: GRC 275B.

**GRC 290B**  **INTERNSHIP GRAPHIC COMM 1-8 CREDITS**  **FEE: $68.50 PER CREDIT**

Supervised work experience within a selected graphic communications firm, dependent upon student’s major emphasis. Designed by company official and faculty advisor to apply knowledge to on-the-job situation. Available to students entering their last semester of instruction for degree. Contact department for applications, screening and required skills evaluation.

**GRC 294B**  **PORTFOLIO WORKSHOP**  **1-3 CREDITS**  **FEE: $68.50 PER CREDIT**

Development of a customized, professional portfolio of the student’s work for prospective clients and employers. Prerequisite: 15 hours of GRC credits.

**GRE 111**  **FIRST YEAR MODERN GREEK I**  **4 CREDITS**  **FEE: $289.00**

A course emphasizing the development of language skills in listening, speaking, reading and writing. Emphasis is placed on communication in all four language skills.

**HHP 123B**  **INTRO TO THE HUMAN BODY**  **4 CREDITS**  **FEE: $274.00-ALL DED SECTIONS $284.00**

Introductory study of the structural and functional characteristics of the human body and their relationships to health and disease.

**HHP 124B**  **HUMAN BODY ONLINE SECTION**  **4 CREDITS**  **FEE: $289.00**

Introductory study of the structural and functional characteristics of the human body and their relationships to health and disease.

**HHP 124B**  **HUMAN BODY ONLINE SECTION**  **4 CREDITS**  **FEE: $289.00**

Introductory study of the structural and functional characteristics of the human body and their relationships to health and disease.

**HHP 124B**  **HUMAN BODY ONLINE SECTION**  **4 CREDITS**  **FEE: $289.00**

Introductory study of the structural and functional characteristics of the human body and their relationships to health and disease.
A computer-based laboratory course designed to complement instruction in HHP 123B. Students required to take the lab must do so concurrently with HHP 123B.

### HIST 222 TERRORISM & POLITICAL

This interdisciplinary course focuses on the motivation for terrorism and political violence. It addresses the question, “What makes an otherwise ordinary person deliberately attack unarmed civilians who have personally done the perpetrator no wrong and is in no position to redress the perpetrator’s grievances?” The course approaches the issue from four different academic perspectives: history, psychology, sociology, and political science. (Same as PSC 222, PSY 222, or SOC 222.)

### HIST 247 HIST THE MEXICAN NATION

An introduction to pre-Columbian Mexico, Colonial New Spain and Mexican National History to the present.

### HIST 251 HISTORICAL INVESTIGATION

Introduction to the basic concepts and techniques of historical investigation and writing. This course is writing intensive and is intended for students majoring in history or related disciplines. Prerequisites: HIST 101, 101G, or PSC 101.

### HIST 295 TI: BLACK HISTORY

This course is an introduction to Black History from the 1700s to the present. The students will gain a perspective on the origins and development of American (black) slavery, slavery in other areas, such as Africa, the impact of the Revolutionary War and the westward movement on slaves and free blacks, and life in the late nineteenth-century South.

A second semester course designed to continue and improve the skills learned in JPN 111. Prerequisite: JPN 111.

An elementary level kanji course designed to let students prepare for the Kanji Kentei Level 10 Exam. Prerequisite: JPN 111 or equivalent.

Designed to continue the development of language skills in listening, speaking, reading and writing. Contextual studies. Prerequisite: JPN 112.

The development of language skills, particularly reading and writing; structural analysis.

The development of language skills, particularly reading and writing; structural analysis.

A second semester course designed to continue and improve the skills learned in JPN 111. Prerequisite: JPN 111.

The development of language skills, particularly reading and writing; structural analysis.

A second semester course designed to continue and improve the skills learned in JPN 111. Prerequisite: JPN 111.

A second semester course designed to continue and improve the skills learned in KOR 111. Prerequisite: KOR 111.

This course studies the Hispanic populations of the United States, focusing especially on the three largest Hispanic groups: Mexicans, Puerto Ricans, and Cubans. The class analyzes and compares how the different Hispanic groups handle reality, immigration, and the processes involved in adapting to life in the U.S.

The development of language skills, particularly reading and writing; structural analysis.

A second semester course designed to continue and improve the skills learned in Latin 111. Prerequisite: LAT 111.

This course emphasizes the court system in Nevada focusing on the internet. Topics include preparing pretrial litigation documents, as well as drafting a complaint, answer, and summons. Prerequisites: LAW 101, 259.
Mathematics Course Sequence

* To Decide Which Mathematics Course To Take, You MUST Talk To a Mathematics Department Faculty Member or a Counselor.
This course explores the court system in Nevada from the point of preparing for trial to post trial and alternative dispute resolutions, by retrieving rules from Nevada websites and Federal Websites. The students will be preparing documents for trial, including summarizing depositions and medical records. Prerequisite: LAW 231.

25436 WC801 T 6:00PM - 8:50PM W Charleston C 223 R. ROSICH

**LAW 251 BANKRUPTCY**

Study of expanded jurisdiction, its effects on financial rehabilitation of individuals and corporations; involuntary petitions, preparation of voluntary petitions filing; automatic stay provisions, complaint to vacate stay and abandonment of assets. Prerequisite: LAW 101.

25438 WC801 F 6:00PM - 8:50PM W Charleston C 211 STAFF

**LAW 253 LAW OFFICE MANAGEMENT**

A study of economical and efficient law office procedures and procedures including the proper use of law office technology and computerized data processing. Prerequisite: LAW 101.

53269 DED01 ARR ARR - ARR ARR ARR R. ROSICH
53271 DED02 ARR ARR - ARR ARR ARR R. ROSICH

**LAW 259 LEGAL WRITING**

An in-depth study and development of legal writing skills. Introduction to the major forms of legal writing, legal terminology, and the principles for organization of legal memorandums or briefs. Prerequisite: LAW 101 or instructor approval.

25440 WC801 W 6:00PM - 8:50PM W Charleston C 223 LINDEMAN
25442 WC802 S 11:30AM - 2:20PM W Charleston C 227 LINDEMAN

**LAW 261 LEGAL RESEARCH I**

Legal research and terminology, including law library familiarization and development of skills. Emphasis on finding, reading and synthesizing cases and in preparing legal memoranda. Prerequisites: LAW 101, 259.

25444 WC801 M 6:00PM - 9:50PM W Charleston I 101 STAFF

**LAW 262 LEGAL RESEARCH II**

In-depth study for developing legal research and writing skills. Subjects presented in Legal Research I will be covered in greater detail using federal, state, and administrative law. Emphasis will be placed upon computer assisted legal research tools such as Westlaw, Lexis, and the Internet. Prerequisite: LAW 261.

25446 WC801 W 6:00PM - 9:50PM W Charleston I 101 STAFF
25448 WC802 R 9:30AM - 1:20PM W Charleston I 101 COTA

**LAW 263 ETHICS**

Covers the relationship between the court, attorney, client and legal assistant. Discusses what a legal assistant may and may not do. Also discusses conflicts of interest, dealing with witnesses and adverse parties and confidentiality.

25450 WC801 M 9:30AM -12:20PM W Charleston I 208 STAFF
25452 WC802 T 6:00PM - 8:50PM W Charleston C 227 LINDEMAN

**LAW 295 SUPERVISED FIELD EXPERIENCE**

Offers legal assistant work experience under the supervision of an attorney. The student will work at a local law firm or agency eight hours per week, for a total of 120 hours to gain practical work experience. The student and law firm/agency will report their experience to the program director. Prerequisites: Completion of 21 LAW credits and Legal Programs Director approval.

25454 WC801 ARR ARR - ARR ARR ARR R. ROSICH

**LIBRARY SKILLS**

**LIB 101 RESEARCH COLLEGE PAPERS**

An overview of basic research strategies using Internet and print resources. Focus is on gathering viable information for college assignments.

74456 CYS01 W 5:00PM - 8:20PM Cheyenne 2651 SAWYER
74458 WCS02 S 9:00AM -12:20PM W Charleston I 105 HA

**MATH 091 BASIC MATH**

A course in arithmetic. Topics include fractions, decimals, measurements, percents, ratios and proportions.

25460 CY001 MW 9:30AM -10:50AM Cheyenne 2052 STAFF
25462 CY002 TR 11:00AM -12:20PM Cheyenne 1074 KARASA

25480 HN105 TR 6:00PM - 7:20PM Henderson C 227 STAFF

Please note the following registration restrictions:

• Math students: After Fall 2009 grades are posted, any student earning a grade of “C-” or below in a prerequisite for a Spring 2010 Math class will be purged from that Spring 2010 Math class.
### MATH 093  PRE-ALGEBRA  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50

A course intended to review arithmetic and to preview elementary algebra. Prerequisite: MATH 091 with a grade of C or better; or a satisfactory ACT/SAT/Placement Test score.

### MATH 095  ELEMENTARY ALGEBRA  3 CREDITS  FEE: $205.50-ALL DED SECTIONS $215.50

A course in the fundamental operations of real numbers, solving linear equations in one variable, polynomials, quadratic equations in one variable, and introduction to graphing. Intended to provide a basic foundation for future mathematics needed in fields of business, economics, engineering and related fields. Strong background in fractions and positive and negative numbers is highly recommended. Prerequisite: MATH 093 or 116 with a grade of C or better; or a satisfactory ACT/SAT/Placement Test score.

CSN CLASS SCHEDULE • CLASS INFORMATION • SPRING 2010
MATH 097  ELEMENTARY & INTERMEDIATE ALGEBRA  5 CREDITS
FEE: $342.50-ALL DED SECTIONS $352.50
A one-semester course equivalent to the combination of MATH 095 and MATH 096. Topics include solving linear equations in one variable, polynomials, integer exponents, factoring, rational expressions and equations, graphing linear equations in two variable, inequalities, systems of linear equations, radicals and rational exponents, and quadratic equations. Prerequisite: MATH 093 or 116 with a grade of C or better; or a satisfactory ACT/SAT/Placement Test score.

MATH 111 B  MATH ELECTRONIC APPL  3 CREDITS
FEE: $205.50
An electronics algebra/trigonometry course which includes signed numbers, laws of exponents, proportions, logarithms, trigonometric functions, polar and rectangular conversions. Prerequisite: MATH 095. Corequisite: ET 131B.

25684  CY001  F  6:00PM - 8:50PM Cheyenne  1065  AZAR

MATH 115 B  MATH HOSPITALITY/GAMING  3 CREDITS
FEE: $205.50
Using data and examples relevant to the hospitality/gaming industry, students will use an applied approach to learn math skills relevant to this industry. Topics covered will include fractions, decimals, geometry, percents, ratio and proportions, probability and statistics. The use of computers and calculators will be integrated into the applications. Students will work in "teams" on some projects and activities.

25686  CY001  MW  6:00PM - 7:20PM Cheyenne  1074  PEARSALL
25688  CY002  R  9:30AM -12:20PM Cheyenne  1684  STAFF

MATH 116  TECHNICAL MATHEMATICS  3 CREDITS
FEE: $205.50-ALL DED SECTIONS $215.50
Concepts that will allow students to become proficient in the mathematics used in technical fields are the focal point of this course. Topics include manipulations of whole numbers, integers, fractions and decimals; measurement systems; an introduction to simple geometric figures; algebraic expressions; linear and quadratic equations; and fundamentals of trigonometry.

Practical applications are the focal point of this course. Topics include equations and inequalities; linear, quadratic, polynomial, exponential and logarithmic functions and their graphs; solutions of systems of linear equations; matrices; and sequences and series. Note: This course does not serve as a prerequisite for MATH 127 nor is it sufficiently rigorous for entry into calculus. Prerequisite: MATH 096 or MATH 097 with a grade of C or better, or a satisfactory ACT/SAT/Placement Test score.

A rigorous discussion of algebra concepts necessary for calculus is the focal point of this course. Topics include an in-depth investigation of algebraic functions and their graphs and solutions of systems of equations. Prerequisite: MATH 096 or MATH 097 both with a grade of C or better; or a satisfactory ACT/SAT/Placement Test score. Note: This course serves as a prerequisite course for MATH 127 and is essential for students planning to take calculus.

MECHANICAL ENGINEERING

651-7475
ME 242 DYNAMICS 3 CREDITS FEE: $205.50
Engineering analysis of bodies in motion in both two and three dimensions; analysis of the kinematic and kinetic principles for both particles and rigid bodies; the development and utilization of the concepts of force and acceleration, work, energy, impulse, momentum and impact. Prerequisites: CEE 241 (formerly CEG 206) and PHYS 180, 180L, and MATH 182.

MANAGEMENT

651-5066
See Other Listings Under (BUS)

MGT 100B PRAC HUMAN REL FOR BUS 3 CREDITS FEE: $205.50
Study of human factors involved in business and management with emphasis upon mutual responsibilities and communication problems of employees, managers and customers. Team activities.

MGT 103 SMALL BUS MANAGEMENT 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Topics covered include start-up, financial and administrative controls, marketing programs, management techniques, legal and governmental relationships. All aspects of operating a business will be thoroughly discussed.

MGT 120B INTRO PUBLIC SECTOR ADMIN 3 CREDITS FEE: $205.50
Examines the relationship between public sector policies and the world of business. Surveys the public sector regulating advertising, products, production, mergers, competition and marketplace restrictions.

MGT 201 PRINCIPLES OF MGMT 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Topics covered include fundamentals and principles of management, administrative policies, objectives and activities and problems and problems of organization control and leadership.

MGT 212 LEADERSHIP & HUMAN REL 3 CREDITS FEE: $205.50
Focus is on understanding and managing human behavior in organizations. Developing a better understanding of one’s self as a leader and exploring some of the more effective ways of leading others.

MGT 235 ORGANIZATIONAL BEHAVIOR 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Topics include concepts, theories and case studies concerning the behavior of people in modern business organizations. Prerequisite: MGT 201.

MGT 283 PERSONNEL ADMINISTRATION 3 CREDITS FEE: $205.50-ALL DED SECTIONS $215.50
Designed to develop an understanding of the duties and responsibilities of personnel at the mid-management level. Areas covered include: employee needs, human relations, recruiting techniques, orienting and training employees, benefit programs and economics of supervision.

MGT 284B INTRO TO INTERNA MGT 3 CREDITS FEE: $215.50
Examination of the management of resources (people, capital goods, money, inventories and technology) across national boundaries. The student will also learn to adapt management principles and functions to the demands of foreign competition and environment. The class will be supplemented with international speakers. Prerequisite: MGT 201.

MGT 286B PERSONNEL INTERVIEWING 3 CREDITS FEE: $205.50
A study of the legal aspects of interviewing in the public and private sector. Students participate in oral board, orientation, counseling, exit and performance appraisal simulations.
Topics include women in management, changing life styles of women and men in U.S. labor force, U.S. legislation affecting women, management styles, power and leadership, effective time management, motivation and supervision, decision making techniques and effective communication.

Analysis of the nature and problems in management. Focus is on planning, organizing, decision making and controlling through the study of recent relevant literature and selected cases. May be taken a maximum of three times.

Mental Health Developmental Disabilities

MHDD 101 ROLE OF THE TECHNICIAN 1 CREDIT FEE: $68.50-ALL DED SECTIONS $78.50

Basic skills in behavioral observation, documentation and approaches to intervention as a treatment team member. Other topics include guardianship, rights, confidentiality, abuse and neglect, and program implementation.

MHDD 103 PSYCHOPA/DEV DISABILITIES 1 CREDIT FEE: $68.50-ALL DED SECTIONS $78.50

Study of the functional relationship between dual diagnosis of mental disorders and/or developmental disabilities and individual treatment issues raised by dual diagnosis.

MHDD 105 CONFLICT PREV/RESPONSE 2 CREDITS FEE: $137.00

This course focuses on the application of prevention and response techniques to support persons in crisis or conflict with others. These applications are for use by service providers as approved by the State of Nevada, Division of Mental Health and Developmental Services.

MHDD 107 MEDICATION FUNDAMENTALS 2 CREDITS FEE: $137.00-ALL DED SECTIONS $147.00

Study of major categories of psychotropic and seizure medications. Rationale for use of medication, typical dosages, main effects, assessment of effectiveness and potential side effects.

MHDD 109 INTRO THERAPEUTIC INTER 2 CREDITS FEE: $137.00-ALL DED SECTIONS $147.00

Basic approaches to behavioral intervention including defining behavior, data collection, principles and application of behavior change techniques, and implementation of behavioral programs.
MHDD 154  ADV THERAP INTERVENTIONS  2 CREDITS  
FEE: $137.00-ALL DED SECTIONS $147.00
A working knowledge of therapeutic interventions, including active 
listening skills, elements of treatment plans, applications of basic 
treatment models and issues in therapeutic relationships. 
Prerequisite: MHDD 109.

MARKETING/MERCHANDISING/ 
RETAIL MANAGEMENT

MKT 111  INTRO TO MERCHANDISING  3 CREDITS 
FEE: $215.50
Provides the knowledge necessary to buy merchandise profitably, 
with mastery of the role of the buyer in relation to other store personnel. 
Provides skill in planning and figuring markups and expense control as well as determining differences in buying fashion and staple merchandise.
53431 DED01 ARR  ARR  -  ARR  ARR  ARR  STAFF

MKT 123  INTRO TO SALES PROMOTION  3 CREDITS 
FEE: $205.50
Provides the basic knowledge necessary to develop sound sales promotion practices. Builds on a rigorous base of consumer psychology and treats advertising, reseller stimulation, personal selling and other communication tools as part of an overall promotional mix.
25914 WCS01 TR  9:30AM - 10:50AM  W Charleston  I  208  STAFF

MKT 125  INTRO FASHION MERCHANDISI  3 CREDITS 
FEE: $205.50
Provides a comprehensive view of the fashion industry. Gives an up-to-date guide to the fundamentals of the merchandising of fashion apparel and accessories. Presents the basic principles of fashions, how fashions begin, move, disseminate and can be predicted.
25916 WCS01 F  6:00PM - 8:50PM  W Charleston  C  223  STAFF

MKT 127  INTRO TO RETAIL MGT  3 CREDITS 
FEE: $215.50
Directs the student’s attention to the dollar and cents implications of managerial decisions and to the various methods used to measure the profitability of those decisions in the field of retailing. Underlines the importance of customer requirements, taste and expectations, emphasizing the retailing implications of market factors.
53433 DED01 ARR  ARR  -  ARR  ARR  ARR  STAFF

MKT 132  INTRO TO SALES MANAGEMENT  3 CREDITS 
FEE: $215.50
Provides a comprehensive view of the sales manager as an administrator. Presents a detailed picture of how to operate a sales force including selecting, training, compensating, supervising and motivating sales people.
53435 DED01 ARR  ARR  -  ARR  ARR  ARR  STAFF

MKT 210  MARKETING PRINCIPLES  3 CREDITS 
FEE: $205.50-ALL DED SECTIONS $215.50
Survey of marketing. Studies problems of the manufacturer, wholesaler and retailer in the marketing of goods and services, channels of distribution, customer relations, pricing policies and communications.
25918 CY001 M  12:30PM - 3:20PM  Cheyenne  2230  STAFF

MKT 211  INTRO PROFESSIONAL SALES  3 CREDITS 
FEE: $215.50
Provides a comprehensive hands-on experience in selling techniques as they relate to modern industrial, wholesale and consumer products.
53439 DED01 ARR  ARR  -  ARR  ARR  ARR  STAFF

MKT 250  INTRO INTERNATIONAL MKT  3 CREDITS 
FEE: $215.50
Introduces the student to the various functions of marketing as they are performed in the international environment. Focuses on the problems and decisions facing management in international marketing. Considers the impact of differences in language, aesthetics, religion and business customs on marketing strategies. Prerequisite: MKT 210.
53441 DED01 ARR  ARR  -  ARR  ARR  ARR  STAFF

MKT 251  INTRO TO PUBLIC RELATIONS  3 CREDITS 
FEE: $205.50
Techniques of public relations for those holding supervisory or higher positions in management and marketing. Principles of creating and maintaining good public relations, including employee/employer relations. Customer/employee relations receive emphasis while focusing on the programming of the total public relations effort and selecting of appropriate strategy, media and persuasive devices to accomplish objectives.
25926 CY001 W  6:00PM - 8:50PM  Cheyenne  2768  STAFF
Presents methods and techniques to become a skillful advertiser. Includes copy writing skills, selecting proper media and how the advertisers can approach their problems most effectively.

**MEDICAL OFFICE ASSISTING**

**MOA 101B INTRO MEDICAL ASSISTING 3 CREDITS FEE: $205.50**

Introduction to the profession of Medical Assisting. Topics include professionalism, communication techniques, community resources, medical ethics and confidentiality. Corequisites: ENG 101 and COT 127B.

25928 WC801 MW 6:30PM - 9:20PM W Charleston K 405 SCHROEDER

**MOA 106B TERMINOLOGY HLTH/DISEASE 3 CREDITS FEE: $205.50**

Mechanics of medical terminology and essential anatomy and physiology of 5 body systems emphasizing application to patient interviewing, teaching, and communication with health professionals. Corequisite: MOA 107B.

74930 WCS01 TR 9:00AM -11:50AM W Charleston K 405 RIPPA

**MOA 107B MEDICAL ASSISTANT TECH 4 CREDITS FEE: $274.00**

Emphasis on the clinical aspect of a medical office. Topics include preparation, assisting, vital signs, basic pharmacology, nutrition and diet therapy. Corequisite: MOA 106B.

25952 WC801 ARR ARR ARR ARR OMAN

**MOA 131B EXTERNSHIP SEMINAR 1 CREDIT FEE: $68.50**

Discussions of clinical issues and experiences with emphasis on case studies, role playing and problem solving techniques. Prerequisite: Instructor approval.

25954 WC801 W 12:00AM -12:50PM W Charleston K 405 OMAN

**MOA 195B ST:IN MEDICAL ASSISTING 2 CREDITS FEE: $137.00**

Covers selected topics of interest to students of Medical Office Assisting including review for the national certification examination and preparation for job search. Prerequisite: Instructor approval.

25956 WC801 W 1:00PM - 4:50PM W Charleston K 405 OMAN

**MASSAGE**

**MSG 100B KINESIOLOGY MASSAGE SPEC 2 CREDITS FEE: $137.00**

Students are introduced to the kinesiological principles of normal movement and the importance of palpation skills, assessment of body motion, and acupuncture and trigger point theories and relationships. Corequisite: MSG 101B.

25964 WC801 MW 8:00AM - 8:50AM W Charleston L 144 HAWKINS

Note: Above section - Restricted, Call 651-5686

**MSG 101B KINESIOLOGY MSG SPEC LAB 1 CREDIT FEE: $83.50**

Students develop competencies in identifying anatomical landmarks, observing body symmetry, muscle length and contraction types, neurological control and stretching techniques and identifying acupuncture and trigger points. Corequisite: MSG 100B.

25966 WC801 MW 9:00AM -10:20AM W Charleston L 144 HAWKINS

Note: Above section - Restricted, Call 651-5686
Introduces students to the history and benefits of massage and the fundamentals for implementing the Swedish forms of massage including seated and special populations. Corequisite: MSG 103B.

NOTE: ABOVE SECTION - RESTRICTED, CALL 651-5686

Students develop competencies in body mechanics, draping and sterile technique, and the application of safe and effective Swedish forms of massage including seated and special populations.

NOTE: ABOVE SECTION - RESTRICTED, CALL 651-5686

Introduces students to the principles and benefits of the advanced techniques of sports massage, and stretching techniques. Corequisite: MSG 109B.

NOTE: ABOVE SECTION - RESTRICTED, CALL 651-5686

Students develop competencies in the application of sports massage and stretching techniques. Corequisite: MSG 109B.

NOTE: ABOVE SECTION - RESTRICTED, CALL 651-5686
MT 106B MECHANICAL POWER TRANSM 4 CREDITS
FEE: $299.00
Overview of hardware components of mechanical power to include preventive maintenance, troubleshooting, overhauling and repairing parts and equipment.
26002 HN100 W 5:00PM - 9:30PM Henderson B 108 SHABAHANG

MT 110B MATERIAL SCIENCE I 4 CREDITS
FEE: $299.00
The study of compositions, structures and behaviors of ferrous and nonferrous materials and their effects on physical, mechanical and electrical.
26004 HN100 W 5:00PM - 9:30PM Henderson B 105 STAFF

MT 116B PGRMABLE LOGIC CONTRL II 3 CREDITS
FEE: $235.50
Advanced programmable control applications and uses dealing with programmable control frequency drives and man machine interfaces packages.
26006 HN100 T 5:00PM - 8:30PM Henderson B 103 GENTRY

MT 180B CO-OP/INTERN FIRST SEMEST 3 CREDITS
FEE: $205.50
This course provides hands-on opportunities for students to work in actual power utilities environment to gain experience and learn how to apply technical knowledge and skills learned in their course work to actual power utility setting. This Co-Op course is directed by a qualified professional and supervised by the instructor. One credit will be earned for each four hours worked per week during the semester.
26008 HN100 ARR ARR ARR ARR STAFF

MT 183B CO-OP/INTERNSH III SEMEST 3 CREDITS
FEE: $205.50
This course provides the student with the opportunity to apply the technical knowledge and skills acquired in their course work to actual theater environment. This Co-Op course is directed by a qualified professional and supervised by the instructor. One credit will be earned for each four hours worked per week during the semester.

NURSING
651-5690

NURS 101 INTRO PROFESSIONAL NURS 6 CREDITS
FEE: $411.00-ALL DED SECTIONS $421.00
Introduction to the practice of professional nursing focusing on nursing concepts and skills while providing nursing care to promote adaptation of middle and elderly clients in a variety of settings. Prerequisite: Admission to ADN program.
53499 DED01 ARR ARR - ARR ARR ARR MARTIN
53501 DED02 ARR ARR - ARR ARR ARR RAGNONE
Focuses on the role of the professional nurse in supporting and promoting optimal adaptation of the adult medical-surgical client in acute care settings. Prerequisites: NURS 101, 125B, and BIOL 224.

Integrates basic pharmacology with nursing practice. Covers drug actions, side effects, interactions, pharmacokinetics, and dosage and calculations. Prerequisite: Admission into the ADN program.
Integration of knowledge and skills focusing on the role of the nursing assistant in caring for non-critical patients in skilled nursing facilities.

NURS 130 NURSING ASSISTANT 6 CREDITS
FEE: $411.00
ALL DED SECTIONS $421.00

NURS 130C NURS ASSISTANT CLINICAL 0 CREDIT
FEE: $0.00

ALL SECTIONS MANDATORY ORIENTATION FOR
REGISTERED STUDENTS 1/7/09 AT 1:00PM
W. CHARLESTON BLDG D ROOM 101
(702) 651-5652

Required by Nevada State Board of Nursing, this course reviews State and Federal regulations, model curriculum, course content, and laboratory and clinical skills.

NURS 135B NURS ASSISTANT INST DEVLP 1 CREDIT
FEE: $78.50

Facilitates transition from LPN to professional nursing role in promoting optimal adaptation of the adult client within the community and acute care settings. Prerequisites: Admission to ADN program, LPN licensed in Nevada.

NURS 205 INTRO/ASSOC DEGREE NURS 4.5 CREDITS
FEE: $358.25

NURS 130L NURS ASSISTANT LAB 0 CREDIT
FEE: $20.00
Prerequisites: NURS 247, 248.

Introduces the nursing student to basic management/leadership concepts as well as preparing the nursing student to assume and assimilate the role and the responsibilities of the professional nurse. Prerequisites: NURS 247, 248.

NURS 211* MEDICAL-SURGICAL NURS II 4.5 CREDITS FEE: $308.25

Focuses on the role of the professional nurse in supporting and promoting optimal adaptation of adult medical-surgical clients experiencing complex, multi-system dysfunction in acute critical and special care units and community settings. Prerequisites: NURS 247, 248.

NURS 211C* MEDICAL SURG NURS II CLNL 0 CREDIT FEE: $0.00

NURS 212L* MEDICAL-SURG NURS II LAB 0 CREDIT FEE: $30.00

NURS 240B RN REFRESHER COURSE 5 CREDITS FEE: $352.50

Assists inactive professional nurses to update their knowledge and skills in order to renew their licensure. Includes precepted clinical practice.

NURS 243 MENTAL HEALTH NURSING 4.5 CREDITS FEE: $308.25

Focuses on the role of the professional nurse in supporting and promoting adaptive coping responses for clients and their families in mental health and other clinical settings. APs take NURS 125, 205 concurrently. Prerequisites: NURS 125B, 101, BIOL 224.

NURS 243C MENTAL HEALTH NURS CLINIC 0 CREDIT FEE: $0.00

NURS 243L MENTAL HEALTH NURS LAB 0 CREDIT FEE: $5.00
NURS 247 * MATERNAL NEWBORN NURSING 4.5 CREDITS FEE: $308.25

Focuses on the role of the professional nurse in supporting and promoting adaptation of the child-bearing family during antepartum, intrapartum and postpartum periods. Prerequisites: NURS 115 or 205, 243, and BIOL 251.

NURS 248C* PEDIATRIC NURSING CLINIC 0 CREDIT FEE: $20.00

Focuses on the role of the professional nurse in supporting and promoting adaptive coping responses for pediatric clients and their families in a variety of settings. Prerequisites: NURS 115 or 205, 243, and BIOL 251.
NURSING MANAGEMENT OF CLIENT CARE

Corequisites: NURS 208, 211.

PEDIATRIC NURS LAB

0 CREDITS

FEE: $20.00

ST: TOOL BOX FOR NURSING

1.5 CREDITS

FEE: $102.75

Selected nursing topics offered for specific needs of nursing students or community nurses. Prerequisite: Consent of Nursing Program Director.

NURSING MGMT & PRECEPTORSHIP

2.5 CREDITS

FEE: $171.25

With guidance of a nursing preceptorship, this clinical practicum focuses on role transition from student to professional graduate nurse in the nursing management of client care. Corequisites: NURS 208, 211.

ORNAMENTAL HORTICULTURE

651-2012

OH 100B HORTICULTURE FUNDAMENTA

3 CREDITS

FEE: $205.50 - ALL DED SECTIONS $215.50

Survey and application of the plant sciences to horticultural situations. Investigation of career paths and employment opportunities locally and nationally. Development of individual educational goals and schedule at CSN through assessment and counseling. Should be taken in the first semester of study.

OH 102B INTRO FLORAL DESIGN

3 CREDITS

FEE: $280.50

Introductory course covering floral design theory, history, techniques and the skills currently required for employment in the floral design industry. Lab experience covers construction of basic floral products. Successful completion of course offers entry-level employment in field.

OH 105 SOILS & PLANT NUTRITION

3 CREDITS

FEE: $240.50

Designed to provide the student with instruction and laboratory experience on soil derivation, classification and general characteristics, properties of soil and soil evaluation, use of soils and their management, including soil moisture, structure, cultivation, organic materials and microbiology, alkali and saline soils and reclamation. Prerequisite: OH 100B or consent of instructor.

OH 112 TURFGRASS MANAGEMENT

3 CREDITS

FEE: $215.50

Designed to provide the student with advanced theory and practical applications for understanding cultural and environmental factors in turf grass production. Prerequisite: OH 100B or consent of instructor.
Students will review the history and content of current Federal and State pesticide regulations. The content of pesticide labels and material safety data sheets will be examined to evaluate product suitability to the application, methods for storing, mixing, applying and disposing of the product and the personal protective equipment required to minimize risk. Instruction will fulfill the minimum standards for issuance of a Worker Protection Standard Training Handler Verification Card.

Students will be introduced to the decision making process followed in implementing a pest control program that includes the use of chemical pesticides and the role of an adequate record keeping system to comply with Federal and State regulations and provide useful information for future decision making. Emphasis will be placed upon strategies designed to minimize risk and the development of pest resistance.

Students will review different types of pesticide application equipment and the suitability of each to specific situations. Preuse inspection techniques and routine maintenance practices will be presented. Instruction in the operation of individual types of equipment and application techniques to effectively and uniformly dispense pesticides with minimum exposure risk will be presented.

Students will receive instruction and practice on how to determine the allowable rate of application for a pesticide, calibrate the application equipment, determine the amount of concentrated and prepared pesticide needed to treat a site.

A study of xeric plants available for use in the landscape. Explores plant taxonomy, plant adaptations to hot, arid climates, ecology of these plants, evaluation of suitability to specific landscape situations, and cultural practices to optimize performance. Prerequisite: OH 100B or consent of instructor.

Advanced irrigation design applications. Prerequisite: OH 201.

A continuation of OH 206B Floral/Beginning Ikebana. In-depth study of advanced styles and masters of Ikebana. Prerequisite: OH 206B.

Comprehensive information regarding planning, organizing, managing and delivering designs for special occasions. Party props, room decor, table treatments, lighting and display elements are emphasized along with art principles and creative thematic approaches to floral design. Prerequisite: OH 102B.

Course addresses the use of color as an aesthetic sales tool in the manufacture of floral products. Focus is on selection of product as it relates to color, as well as combining materials to maximize each composition in respect to texture, unity, rhythm, line, form and balance. Prerequisite: OH 102B or instructor’s permission.

Designed to provide students with classroom and applied instruction on the care and management of large ornamental trees, shrubs and vines. Applied laboratory exercises will provide experience in tree climbing techniques, planting, staking, pruning, and other necessary skills. Prerequisite: OH 100B or consent of instructor.

Designed to provide the student with on-the-job supervised and educationally directed work experience in the floral industry. One credit may be earned for each 75 hours worked. Variable to four credits per semester, repeatable not to exceed eight credits total. International students must go to Office of International Student Services to verify employment and obtain authorization. After registering, contact Floral Design Program for placement. Instructor permission required.
OPHTHALMIC TECHNOLOGY

OPHT 112B  ANAT/PHYS EYE&REL STRUCTU  3 CREDITS  FEE: $240.50
Designed to give the student an insight into the anatomical structure of the eye and its adnexa. The student will learn the function of the parts of the eye as they relate to vision and the fitting of contact lenses. The student will be presented with common pathologies of the eye and ocular pharmacology.

OPHT 115B  INTRO TO OPHTHALMIC TECH  3 CREDITS  FEE: $205.50
Introduction to the profession of ophthalmic technology, the roles and responsibilities of the ophthalmic technician and organizations involved in the profession with emphasis on medical/legal issues, ethics and medical economics.

OPHT 123B  OPHTHALMIC OPTICS II  5 CREDITS  FEE: $352.50
Studies of multifocal lens design and construction, including bifocals, trifocals, double segment lenses, progressive and blended lenses. Lens tints, coatings, colors, filters, occupational and sport lenses will be discussed. Formulae pertinent to lens functions will be covered as well.

OPHT 123L  OPHTHALMIC OPTICS II LAB  0 CREDIT  FEE: $25.00

OPHT 130B  OPHTHALMIC PROCEDURES I  3 CREDITS  FEE: $205.50
Principles and techniques of ophthalmic procedures including visual acuity measurement, lensometry, tonometry, depth perception, fusion, pupillary evaluation, history taking and color vision. Care, maintenance, calibration of instrumentation and inventory control are included.

OPHT 155B  GEOMETRIC OPTICS  3 CREDITS  FEE: $215.50
Principles of basic and advanced optics including optical principles of light lenses, prisms and mirrors. This is a course in optical physics.

OPHT 202B  CONTACT LENSES I  3 CREDITS  FEE: $215.50
Continuation of OPHT 102B. Specialty lenses will be covered, including bifocals, torque, keratoconus as well as therapeutic lenses. Overview of all contact lens-related equipment. Students will also cover various over-refraction techniques.

OPHT 203B  CONTACT LENSES II  1 CREDIT  FEE: $103.50
Practical application of contact lens fitting procedures. Topics include modifications of contact lenses, over-refraction of contact lenses, corneal photography and problem solving techniques. Students will use case studies as well as each other to gain fitting experience.

OPHT 223B  OPHTHALMIC DISPENSING II  5 CREDITS  FEE: $352.50
Continuation of clinical dispensing procedures, with emphasis on unusual and complex problems, including aphakia and various eye disorders.

OPHT 223L  OPHTHALMIC DISPENS II LAB  0 CREDIT  FEE: $35.00

OPHT 232B  OPTICIANY MGT SALES  3 CREDITS  FEE: $215.50
Presentation of basic principles of present day ophthalmic dispensing practices. Emphasis will be on patient communication, costs, both inventory and laboratory and computer skills, as well as general bookkeeping skills and associated dispensing practice procedures. Salesmanship and business ethics will be covered.

OPHT 233B  INTRODUCT TO LOW VISION  1 CREDIT  FEE: $78.50
Introduction to low vision dispensing skills for the optician. Topics include, but are not limited to: patient/client needs assessment, low vision aid/device selection, patient usage training, patient follow up visitations and resources services.

OPHT 291B  CLINICAL APPLICATIONS III  3 CREDITS  FEE: $215.50
Clinical experience designed to apply skills acquired in previous course work. Experience designed to give the student an introduction to and observation of the ophthalmic dispensing office.

OPHT 299B  CERTIFICATE REVIEW  2 CREDITS  FEE: $147.00
Review course for national and state competency examinations. This course may be taken up to three times: American Board of Optician Certification exam review, National Contact Lens Examiners certification review, and Nevada State Board of Dispensing Opticians exam review.
OCCUPATIONAL THERAPY ASSISTING

OTA 100B INTRO OCCUPATION THERAPY  3 CREDITS
FEE: $215.50

An introduction to the emerging discipline of occupational science and its relationship to the profession of occupational therapy. The study of occupational therapy includes the history, philosophy, role and scope, licensure, ethics, documentation, and medical terminologies. Current occupational therapy practice trends, salaries, and career paths will also be addressed. 53549 DEDO1 ARR ARR - ARR ARR ARR RANDALL
NOTE: ABOVE SECTION - OPEN ENROLLMENT

OTA 130B OCCP THERAPY THEORY APPLI  2 CREDITS
FEE: $137.00

Course covers skill development in the child and adult and the application of occupational therapy treatment theory to those individuals with challenging conditions. 27000 WC801 T 11:30AM - 1:20AM W Charleston L 135 TOWERY

OTA 132B TREATMENT TECHNIQUES I  1 CREDIT
FEE: $83.50

Students will participate in activities that demonstrate skill development in the child and adult and the application of occupational therapy treatment theory to those individuals with challenging conditions. Corequisite: OTA 130B. 27004 WC801 T 1:30PM - 3:50PM W Charleston L 142 TOWERY

OTA 133B ASSESSMENTS&MEASUREMENT  2 CREDITS
FEE: $162.00

A lecture and laboratory course designed to introduce students to various assessments used in occupational therapy. Laboratory experiences provide practice with performance of assessment components. 27006 WC801 M 8:30AM -10:20AM W Charleston L 135 SANDHU

OTA 133L ASSESSMENTS&MSRMNT LAB  0 CREDIT
FEE: $0.00

27008 WC801 W 8:30AM - 10:20AM W Charleston L 135 SANDHU

OTA 210B PRIN PSYCHOSOCIAL DYSFUNC  2 CREDITS
FEE: $137.00

A presentation and overview of the history, theory and principles in psychosocial dysfunction as applied to the practice of occupational therapy in a mental health setting. 74910 WCS01 W 11:30AM - 1:50PM W Charleston L 142 TOWERY
NOTE: ABOVE SECTION - MEETS 1/11 - 5/12

OTA 212B TREATMENT TECHNIQUES III  1 CREDIT
FEE: $83.50

This course will cover cosmetic retouching, glamour enhancement, retouching with large group photographs, digital body reshaping, and digital lighting enhancement. Prerequisite: PHO 175.

You have ever thought of working in Hollywood? In this course students will watch movies to gain a better understanding of what makes a good film and a good screenplay. Students will also “learn the ropes” of working in Hollywood and plan out a Hollywood career.

This is an advanced class designed to aid students in the manipulation of their commercial images. Class content involves both shooting commercial images and manipulating/enhancing them. Class assignments involve images and manipulation of images that would be encountered in a real world, client-based Commercial Photography environment. These assignments are geared towards current, cutting-edge industry standards and encompass a wide variety of Commercial and Advertising genres. This is an advanced class. The student must be able to shoot specifically for manipulation techniques. The student MUST have an advanced knowledge of traditional Commercial/Advertising photographic and lighting skills, as well as intermediate Photoshop skills.

This course will give students a general, hands-on understanding of photographic input, manipulation and output. Prerequisite: PHO 198B Intro to Digital Photos or equivalent experience.

This course offers beginning and professional photographers countless opportunities to create dramatic and beautiful photographs. Students will learn aspects of posing people, identifying light, finding the perfect scene, taking urban portraits, and producing heartfelt nightscapes with tips to ensure maximum profits.

This 5 session bootcamp covers the introductory essentials of accessing and utilizing Motion 3 (part of Apple’s Final Cut Studio 2 package of programs.) Not for the beginner, student must be skilled in Final Cut Pro. Prerequisite: PHO 220B.

This course is an introduction to Photoshop CS key concepts and user tools. Photoshop CS for the Novice will walk you through a full range of Photoshop CS functions, tools and techniques. This course will cover basic functions of Photoshop CS from retouching secrets, selection techniques, layers, keyboard modifiers, and tons of timesaving tips and tricks. This course also includes a brief crash course on painting and coloring.

PHYS 180 PHYS SCI/ENGINEERS I 3 CREDITS FEE: $205.50

Lecture in Newtonian mechanics. Covers rectilinear motion, particle dynamics, work and energy, momentum and collision, rotational mechanics, oscillations, wave motion, and gravitation. Note: Students should have successfully completed MATH 181 before taking this course. Corequisite: PHYS 180L.

27390 CY001 MW 4:30PM - 5:50PM Cheyenne 204 TUCKA
27392 WC801 MW 12:30PM - 1:50PM W Charleston H 207 WU
PHYS 180L PHYS SCIEN/ENGINEER LAB I 1 CREDIT FEE: $93.50

Laboratory exercises in Newtonian mechanics. Covers rectilinear motion, particle dynamics, work and energy, momentum and collision, rotational mechanics, oscillations, wave motion, and gravitation. Note: Students should also be enrolled in PHYS 180 while taking this lab course. Prerequisite: MATH 181.

PHYS 181 PHYS SCIEN/ENGINEERS II 3 CREDITS FEE: $205.50

Lecture in electromagnetism, Coulomb’s law, electric and magnetic fields, Gauss’ law, potential, capacitance, current and resistance, electromotive force, inductance, motion of charged particles, introduction to Maxwell’s equations and electromagnetic waves. Corequisite: PHYS 181L.

PHYS 181L PHYS SCIEN/ENGINEER LAB II 1 CREDIT FEE: $93.50

Laboratory exercises in electromagnetism. Covers Coulomb’s law, electric and magnetic fields, Gauss’ law, potential, capacitance, current and resistance, electromotive force, inductance, motion of charged particles, introduction to Maxwell’s equations and electromagnetic waves. Prerequisites: PHYS 180 and MATH 182.

PN 108B PRACTICAL NURSING II 4 CREDITS FEE: $274.00

A continuation of PN 105B, this course applies the nursing process when providing nursing care to adult clients with stable health care needs in the acute care setting.

PN 108C PRACTICAL NURSING II CLINIC 0 CREDIT FEE: $0.00

The seminar emphasizes career opportunities and responsibilities as well as NCLEX-PN preparation. The clinical component includes a preceptorship.

PN 108D PRACTICAL NURSING SEMINAR/MGT 4 CREDITS FEE: $274.00

Assists inactive practical nurses to update their knowledge and skills in order to renew their license. Includes precepted clinical practice in either an acute care, sub-acute care or long term care setting.

PN 240B LPN REFRESHER 5 CREDIT FEE: $352.50

The development of language skills in listening, speaking, reading and writing. Emphasis is placed on communication in all four language skills.
POLITICAL SCIENCE

651-4008 Cheyenne, 651-5974 W. Charleston

PSC 101 INTRO AMERICAN POLITICS 4 CREDITS

Fee: $274.00-ALL DED SECTIONS $284.00

A survey of United States, national, state and local governments with emphasis on the cultural aspects of the governing process. (Satisfies the legislative requirement for the United States and Nevada Constitutions.) Prerequisite: ENG 101.

PSC 200 SURVEY POLITICAL THEORY 3 CREDITS

Fee: $205.50

Survey of political theory from Plato to the present. Amongst the thinkers whose works will be explored are Aristotle, St. Thomas Aquinas, Machiavelli, Hobbes, Locke, Rousseau and Marx.

PSC 208 SURVEY STATE/LOCAL GOVER 3 CREDITS

Fee: $215.00

Organization, working principles, functional processes of state and local governments in the United States. (Satisfies the legislative requirement of the Nevada Constitution.)

PSC 222 TERRORISM & POLITICAL VIO 4 CREDITS

Fee: $274.00

This interdisciplinary course focuses on the motivation for terrorism and political violence. It addresses the question, “What makes an otherwise ordinary person deliberately attack unarmed civilians who have personally done the perpetrator no wrong and is in no position to redress the perpetrator’s grievances?” The course approaches the issue from different academic perspectives: history, psychology, sociology, and political science. (Same as HIS T 222, PSY 222, or SOC 222.)

PSC 295 TI:WASHINGTON EXTERNSHIP 3 CREDITS

Fee: $205.50

Under supervision of professor, students will spend approximately 10 days in Washington, D.C., interacting with Congressional staff and other related individuals to learn the legislative process, observing the Supreme Court hear arguments in a case, visiting with lobbyists and others involved in the governmental process. Students will visit local national landmarks, museums and facilities. Enrollment is limited and students must complete application process and possible interviews with professor. Prerequisite: PSC 101 or its equivalent. (Anticipated costs, excluding tuition, are about $1500, plus personal purchases.)

PSC 295 TI:INTRODUCTION TO CAMPAIGN MANAGEMENT 3 CREDITS

Fee: $205.50

Students will participate in an introductory view of the many facets of campaign management including, but not limited to; fund raising, event coordination, media and press relations, opposition research, campaign strategy, creative and logistical tactics, internet and other public outlets, and a host of other political campaign management issues. Lectures and sessions will also include input from many individuals and entities active in the political community in Nevada, from all sectors of the political spectrum. Students must be prepared to conduct individual research and make presentations frequently to the entire class.
A study of the principles of human behavior, including discussions of motivation, perception, learning and personality development.

RADIATION THERAPY TECHNOLOGY

RDTP 102B  METHODOLOGIES I  2 CREDITS  FEE: $137.00

This course presents a broad theoretical framework for understanding the principles of radiation therapy equipment and lays the groundwork necessary for the practical aspects concerning the use of this equipment. An introduction to the principles and application of multi-leaf collimation and Intensity Modulated Radiation Therapy.

27762  WC801  R  9:00AM -10:50AM W Charleston L  135  COOK

RDTP 115B  CARING FOR THE PATIENT  1 CREDIT  FEE: $68.50

This course outlines the wide range of clinical experiences used to care for patients at the end of life. The course discusses practical guidance for clinicians, patients, and families about critical communication issues such as delivering bad news, discussing palliative care, making decisions for incapacitated patients, and exploring the wish to die.

27764  WC801  W  9:30AM -10:20AM W Charleston A  123  COOK

RDTP 180B  RADIOBIOLOGY  3 CREDITS  FEE: $205.50

A study of the sequence of events following the absorption of energy from ionizing radiation. Factors influencing radiation effects, tissue sensitivity, tolerance, and clinical applications are presented.

27766  WC801  M  9:00AM -11:50AM W Charleston B  118  GODIN

RDTP 210B  TREATMENT PLANNING I  3 CREDITS  FEE: $205.50

This course introduces the student to the application of the radiation beam to the patient in the therapy environment. Topics include absorption characteristics of the radiation beam in air and in a phantom, beam data and characteristics and an introduction to treatment planning.

27768  WC801  T  8:00AM -10:50AM W Charleston A  123  GODIN

RDTP 211B  RADIOGRAPHIC ANALYSIS  2 CREDITS  FEE: $137.00

This course is a presentation of radiographic anatomy as it pertains to the radiation therapist in general. Specific skeletal anatomy will be reviewed with emphasis placed on bony landmarks, terminology, organ reference, surface anatomy and reading and interpreting X-ray port and simulation films.

27770  WC801  R  11:00AM -12:50PM W Charleston L  135  COOK

RDTP 212B  CROSS SECT, TOPOGRAPHIC  2 CREDITS  FEE: $137.00

This course discusses anatomy specifically from an imaging perspective. Students will learn to identify structures and pathology on X-rays, CT and MRI scans and locate landmarks on diagnostic and simulator films.

27772  WC801  M  1:00PM - 2:50PM W Charleston B  118  COOK

RDTP 216B  METHODOLOGIES III  2 CREDITS  FEE: $137.00

An in-depth study of the rationale, principles, and the methods of quality assurance as they relate to radiation therapy.

27774  WC801  M  3:00PM - 4:50PM W Charleston B  118  GODIN

RDTP 220B  TREATMENT PLANNING LAB  1 CREDIT  FEE: $103.50

Students will be responsible for accurate three-dimensional treatment plans for lung, brain, abdomen, pelvis, and extremity cancers. Planning will include wedges, blocks, beam weighting, off axis, boost fields and special techniques.

27776  WC801  T  1:00PM - 3:50PM W Charleston A  134  GODIN

RDTP 221B  ETHICS/LAW/PROFESSIONAL  2 CREDITS  FEE: $137.00

Establish a basic foundation of professional practice for the radiation therapist as a part of the radiation therapy team. Ethical behavior for caregivers will be discussed. Legal ramifications, case studies, malpractice and ARRT ethics will also be discussed.

27778  WC801  W  10:30AM -12:20PM W Charleston A  123  COOK

RDTP 229B  RADIATION THER BOARD REV  1 CREDIT  FEE: $68.50

This course will prepare the student to take the National Registry Exam for Radiation Therapy. The course will go into detail on exam questions. Students will learn how to read an evaluate questions for best results. Students will take mock board exams.

27780  WC801  M  8:00AM -8:50AM W Charleston B  118  GODIN

RDTP 231B  CLINICAL APPLICATIONS II  1 CREDIT  FEE: $68.50

Continuation of Clinical Applications I. Students will be assigned four (4) intermediate treatment competencies to be completed under the direct supervision of CSN faculty.

27782  WC801  M  8:00AM -10:50AM W Charleston A  134  COOK

RDTP 233B  CLINICAL PRACTICUM IV  1 CREDIT  FEE: $68.50

Advanced Clinical Practicum stressing practical application of dosimetry competencies under the direct supervision of a medical physicist or dosimetrist. Continuation of advanced patient treatment competencies under the supervision of a Registered Radiation Therapist.

27784  WC801  F  1:00PM - 5:00PM ARR  ARR  COOK

RDTP 234B  CLINICAL PRACTICUM V  4 CREDITS  FEE: $274.00

The most advanced clinical practicum as evidenced by the level of competency of the student upon completion of RDTP 233B. Successful completion of this course will ensure that the student is competent upon graduation to assume all of the responsibilities required of a Registered Radiation Therapy Technologist.

This course examines historical, cultural, and social developments of the Spanish Caribbean from pre-Hispanic times to the present. Topics include history, traditions, ethnicity, literature, arts, religion, politics, music, and food. We will also discuss the important role that Cuba, Puerto Rico, and The Dominican Republic have played in the historical crossroads of Europe, Africa, Latin America, The United States, and other Caribbean islands.

SRGT 101B INTRO SURG TECHNOLOGY 1 CREDIT FEE: $68.50

Roles and responsibilities of the Surgical Technologist are discussed, defined, and explored. Includes hands on demonstrations pertaining to the field of Surgical Technology. Discussion of the educational requirements, certifications, job description, and job outlook of the profession.

SRGT 108B CENTRAL SERV PRACTICUM 0.5 CREDITS FEE: $34.25

The student will be directly involved in the cleansing, sorting, wrapping, packaging, and sterilization of surgical instrumentation and supplies. The student will gain an understanding of the functions of central supply and surgical support staff in relation to the preparation and coordination of sterile supplies. Prerequisites: SRGT 103B, 104B, 105B, 106B.

SRGT 204B PRIC/PRACT SURG TECH II 3 CREDITS FEE: $255.50

Defines proper protocol for performance in other roles in the surgical suite. Further understanding of patient care to include laboratory results, specimen care, vital signs, diagnosis, preps and shaving, catheterization, and wound care and classifications. Understand and define proper protocols for emergency situations in the surgical suite. Prerequisite: SRGT 114B.

SRGT 205B SURGICAL INTERVENTIONS II 5 CREDITS FEE: $392.50

Expanding skills to include specialty surgical procedures routinely performed in the operating room. Practical experience in specialty surgical procedures will be performed, practiced, and evaluated. Prerequisite: SRGT 105B.

SRGT 206B SURGICAL FUNDAMENTALS II 3 CREDITS FEE: $205.50

Focus on the professional aspects of the field. With emphasis on psychosocial behaviors necessary to function as an entry level Surgical Technologist. Prerequisite: SRGT 106B.

SRGT 207B CLINICAL PRACTICUM I 3 CREDITS FEE: $205.50

The student will be assigned to specific preceptors to perform in the function of a surgical technologist. The student will actively assist in selection of equipment and supplies, perform surgical scrub, and become a functioning member of the sterile team. The student will progress through specific basic core surgical specialties developing and enhancing skills needed to function as a practicing surgical technologist. Prerequisite: SRGT 107B.

STATISTICS

STAT 152 INTRO TO STATISTICS 3 CREDITS FEE: $215.50

Basic probability and statistical methods with applications (possibly with computers and the internet); correlation, descriptive statistics, experiments, graphical presentation of data, hypothesis and significance testing, linear regression, point and interval estimation, sampling, and/or other related and special topics. Prerequisite: MATH 124 or MATH 126 or MATH 128 all with a grade of C or better; or a satisfactory ACT/SAT/Placement Test score.
### SURVEYING

**SUR 162 ADVANCED SURVEYING**  
**4 CREDITS**  
**FEE:** $274.00

Continuing curriculum of SUR 161, but with increased difficulty and responsibility. Prerequisite: SUR 161.

76734 WH940 M 7:00PM - 9:50PM Western  
122 DEVENY  
S 8:00AM - 11:50AM Western  
102 STAFF  
**NOTE:** ABOVE SECTION - MEETS MONDAY AND SATURDAY

**SUR 262 PRINC OF LAND SURVEYING**  
**3 CREDITS**  
**FEE:** $205.50

Topics include principles of land surveying, an in-depth study of the public land system, restoration of corners, boundary and control survey adjustments, and evidence and analysis.

76737 WH940 R 6:00PM - 8:50PM Western  
122 DENMAN

**SUR 264 INTRO GLOBAL POSITIN SYST**  
**3 CREDITS**  
**FEE:** $205.50

Focus is on aspects of the satellite navigation system becoming widely used in surveying and navigation. Topics will include origin, history, operation, differential positioning, kinematic and real time GPS (RTK).

76738 WH940 W 7:00PM - 9:50PM Western  
122 PRICE

**SUR 268 SURVEYING PROJECT**  
**2 CREDITS**  
**FEE:** $137.00

Graduating students in Land Surveying will present a final project which includes surveying techniques, legal terminology, principles and design. Students will also, demonstrate a knowledge of Global Positioning Systems, urban planning and zoning and reading construction plans. Prerequisite: Instructor permission.

76380 WH940 F 6:00PM - 7:50PM Western  
122 NELSON

### TRAVEL AND TOURISM

**TCA 100B CONCIERGE MGT- BUSS OPERA**  
**3 CREDITS**  
**FEE:** $205.50

This course is an overview of professional duties of corporate, business and hospitality concierges. Focus will be on interpersonal relationships, guest transactions, customer and concierge services.

For civilian students attending classes on Nellis AFB a pass is necessary to gain access on to Nellis Air Force Base.

To obtain a pass students must:

• Contact the CSN Nellis Office at 651-4155 or 652-5524 no more than 10 business days prior to the start of the semester for sponsorship on base.

• On the day you intend to obtain a base pass, please contact the Nellis office at the above telephone number to schedule your day of arrival.

• You can only be sponsored for base passes Monday through Thursday at 1:00 pm during Nellis registration period. NO EXCEPTIONS.

• Stop at the Nellis AFB Visitor Center and a CSN Nellis Representative will meet you and start the process. Make sure you have in your possession a valid Driver’s License, Registration and proof of Vehicle Insurance.

Once sponsored, the student will be issued a temporary 1-day pass by the Nellis AFB Visitor Center staff. The temporary pass will provide admittance on to the base for the sole purpose of coming to the CSN Nellis Office to obtain and complete the paperwork necessary for an extended base pass.

Base access is restricted to the days and times of your class. Your pass authorizes your admittance onto Nellis AFB for the sole purpose of attending classes in building twenty. Access will be terminated upon withdrawal from class or the cancellation of the class.

Students found at any location other than those indicated on their pass, will immediately be removed from Nellis AFB and could be permanently barred from the base. Student should understand that their person or vehicle is subject to search at any time while on base. Students must keep their pass and state issued picture identification card in their possession at all times while on Nellis AFB and will not authorize others to use or borrow it for any reason.

Access to Nellis AFB will be terminated upon course termination, cancellation, or if students fail to follow any procedures in place for the protection of government resources. Additionally, students should understand that if they are removed from Nellis AFB for cause, they have no recourse against CSN or the United States Air Force.

PLEASE NOTE: All civilian passes must be turned in at the end of the term for students to receive a grade for the course. Remember, attending classes on base is a privilege, not a right.

This is a restricted program for individuals interested in a career in law enforcement. Program is full-time, Monday through Thursday (7:00 am – 5:00 pm, with night classes). NOTE: Schedule is subject to changes as needed. Graduates will receive 33 college credits and a Category I certificate approved by Nevada Police Officer Standards and Training Commission. Applicants must be at least 21 years of age, have a high-school diploma or GED, and be able to pass a Nevada POST physical agility entrance exam, a criminal history and background check, medical, psychological and drug screening, and written examination. Interested applicants should contact Southern Desert Regional Police Academy Executive Director Sandy Seda at 651-3500.

This course provides the participant with a deepened understanding of self as it relates to leadership philosophies, knowledge, skills, and abilities. Each participant will explore his or her own core values and begin to develop a personal philosophy of leadership. Through course presentations, dialogue and learning activities the participant will identify his or her leadership roles in the community to include self, family, professional, and social, as well as define the difference between leaders and managers. The participant will complete self-assessments to gain insights into his or her personal leadership style and participate in video and written case studies to further explore his or her understanding of leadership.

**CONS 198B ST: ENVIRONMENTAL TOXICOLOGY**

This course includes 30-hours of authorized training addressing the 29 CFR 1926 OSHA Construction Industry Regulation Standards. The identification of asbestos, lead and radon in potential construction projects will also be covered in this course. Upon completion, students will be issued a course completion 30-hour wallet card by the U.S. Department of Labor’s Occupational Safety and Health Administration. (Same as CONS 198B)

**CONS 198B CONSTRUCTION SITE SAFETY**

This course includes 30-hours of authorized training addressing the 29 CFR 1926 OSHA Construction Industry Regulation Standards. The identification of asbestos, lead and radon in potential construction projects will also be covered in this course. Upon completion, students will be issued a course completion 30-hour wallet card by the U.S. Department of Labor’s Occupational Safety and Health Administration. (Same as CONS 198B)

**ENG 101 COMPOSITION I**

This is an introductory course that deals with issues of chemicals in the environment. Discussions include the fate and transport of chemicals and its effect on flora and fauna, and the long term impact on water and land. Additionally, the need for proper waste management both hazardous and non hazardous waste is stressed. (Same as CONS 198B)

CSN ONLINE CAMPUS

What is the CSN Online Campus?
The CSN Online Campus provides access to a quality, comprehensive teaching and learning experience by offering innovative educational programs, services and lifelong learning opportunities for a diverse population. Online courses are a convenient and effective way to learn if you are SELF-MOTIVATED AND SELF-DISCIPLINED. All Online courses are listed in the printed course schedule and are available online through the College of Southern Nevada’s web site at www.csn.edu. Online sections are identified with a DED section number.

How do Online Courses Differ from On Campus Courses?
Online faculty follow the same required curriculum as faculty do for on campus courses. Students must complete the same materials and assignments with similar deadlines as students do in class. Students do have access to course materials 24 hours a day 7 days a week so they can work on the course when it fits their schedule.

Success in Online Courses
Participation in Online courses requires Internet access, computer skills, Internet usage skills and an email address. If you are not familiar with and comfortable using the Internet, then online courses may not be appropriate for you. Online courses may require more time and effort for a student to be successful than traditional on campus classes.

Registration
You may register for courses online at www.csn.edu or on any of the college campuses.

Adding a Course that is Full
If a class is full, you must contact the instructor by email for permission to register for the full class. You can locate the instructor’s email address by going to the CSN Online Campus page on the CSN web site. When emailing the instructor please include your first and last name, “C” number, and class name and call number. If the instructor grants permission to enroll in the class, the instructor will forward the information to the eLearning Office for processing. If you register after the semester has started it may take up to 48 hours before you can have access to your course. Payment will be due the day that you add the class.

Online Course Fee
Students will pay a $10.00 per Online Course fee in addition to the technology fee.

Access to Course Information
Students will not be able to log into the course until the first day of the semester or the first day the course begins unless specified by the instructor. If the course is not available on the first day of the semester or the day the course is scheduled to begin then the student should contact the help desk at (702) 651-4357.

Student Online Learning Experience
There is an orientation to Online Courses and Angel available for students inside of Angel. Once a student has logged into Angel they will see a course at the bottom of their course list named Student Online Learning Experience. This is a self-paced course with information about being an online student and tutorials about how to use the features of Angel. This will be available the entire semester for students.

When Can and How do I access my Online Course?
Angel courses will be available the first day of the semester or the first day the course begins. Students can log into their Angel course by using the last 8 digits of their “C” number as their Angel ID and their CSN email password as their password to Angel. DO NOT USE A BOOKMARK TO ACCESS Angel. Students should access Angel by clicking on the link on the CSN homepage for the CSN Online Campus/Courses. If you have difficulty logging into your Angel courses you can call the Help Desk at (702) 651-4357.

Interactive Video Courses
Interactive video courses are assigned a class room and specific time period. There is a separate listing for these courses. Please refer to that section for information on where you go to attend this type of course. Interactive video courses can not be viewed at a student’s home.

Textbook Information
Textbooks for Online courses can only be purchased at the Cheyenne Campus Bookstore (651-4645) or online at www.efollett.com. If ordering textbooks online please allow at least two weeks for delivery.
## Online Short Term Sessions

Please note the following registration restrictions:

- To register for BIOL 223 and/or BIOL 251 you must have completed BIOL 189 with a grade of "C" or better, prior to November 12, 2009.
- BIOL 223 and BIOL 251 sections for Spring 2010 will only be available during priority registration, by alphabet, beginning November 12, 2009. Remaining seats will be made available through WEB registration only beginning January 4, 2010 at 8:00 a.m.
- Students must enroll in both a Lecture and Lab concurrently. (Students not enrolled in both classes will have their Lecture or Lab class purged daily.)

There may be an online component required to complete any Biology course:

</table>

This course is an introduction to the investigation of high-tech crime. It will present the tools and methods used by criminals in identity theft, financial crimes, drug trafficking, crimes against children, hacking, terrorism, and other electronic crimes. It will also include high-tech intelligence gathering methods and legal considerations, including ECPA, pen/trap orders, CALEA, and Title III wire taps.

Note: Above section - meets 1/22, 3/12 & 5/7 from 9:00AM-12:00PM, at Green Valley

**Course Descriptions**

**PHIL 101**
Intro to Philosophy
3 Credits
Fee: $205.50

**PHIL 102**
Critical Thinking/Reason
3 Credits
Fee: $205.50

**PHIL 311**
Professional Ethics
3 Credits
Fee: $324.75

**PHO 170**
Beginning Photography
3 Credits
Fee: $230.50

**PHO 184B**
Intro to American Cinema
3 Credits
Fee: $215.50

**PHO 198B**
ST: Communication in Hollywood
3 Credits
Fee: $215.50

Have you ever thought of working in Hollywood? In this course students will watch movies to gain a better understanding of what makes a good film and a good screenplay. Students will also “learn the ropes” of working in Hollywood and plan out a Hollywood career.

**PHO 198B**
ST: Advanced Photoshop CS for Commercial Photography
4 Credits
Fee: $284.00

This is an advanced class designed to aid students in the manipulation of their commercial images. Class content involves both shooting commercial images and manipulating/enhancing them. Class assignments involve images and manipulation of images that would be encountered in a real world, client-based Commercial Photography environment. These assignments are geared towards current, cutting-edge industry standards and encompass a wide variety of Commercial and Advertising genres. This is an advanced class. The student must be able to shoot specifically for manipulation techniques. The student MUST have an advanced knowledge of traditional Commercial/Advertising photographic and lighting skills, as well as intermediate Photoshop skills.

**PHO 198B**
ST: Photoshop CS for the Creative Mind
4 Credits
Fee: $284.00

The main goal of this course is to leverage Photoshop CS as a tool for creating unprecedented uniquely enhanced photographic artwork specific to the student’s personal creative style and expression. This course will cover creative methods, functions, and tools of Photoshop CS for groundbreaking results.

**PHO 198B**
ST: Outdoor and Location Portraiture
4 Credits
Fee: $284.00

This course offers beginning and professional photographers countless opportunities to create dramatic and beautiful photographs. Students will learn aspects of posing people, identifying light, finding the perfect scene, taking urban portraits, and producing heartfelt nightscapes with tips to ensure maximum profits.

**PHIL 124**
Phil Traditions of Asia
3 Credits
Fee: $215.50

---

**CSN Class Schedule • Class Information • Spring 2010**
This course is an introduction to PhotoShop CS key concepts and user tools. PhotoShop CS for the Novice will walk you through a full range of Photoshop CS functions, tools and techniques. This course will cover basic functions of Photoshop CS from retouching secrets, selection techniques, layers, keyboard modifiers, and tons of timesaving tips and tricks. This course also includes a brief crash course on painting and coloring.

This course examines historical, cultural, and social developments of the Spanish Caribbean from pre-Hispanic times to the present. Topics include history, traditions, ethnicity, literature, arts, religion, politics, music, and food. We will also discuss the important role that Cuba, Puerto Rico, and The Dominican Republic have played in the historical crossroads of Europe, Africa, Latin America, The United States, and other Caribbean islands.

This course covers the functional theory of DC power supplies and switched mode power supplies. It also covers step-by-step troubleshooting procedures. Basic, Series Pass, Pulse Width, and Pulse Rate power supplies and other types are part of the course.

This course covers the troubleshooting of electronic power supplies. These include analog and digital circuits and systems commonly encountered in the electronics industry. Standard test equipment and materials are used for measurement, isolation, and identification of circuit problems. Once the students’ troubleshooting skills are developed, the student is encouraged to work independently. A student should 1 year of experience in electronics before taking this course.

This course covers the theory of operation for all electronic tube devices and focuses on the operation of tube based devices Diodes, Triodes, Tetrodes, and Pentodes. The course also covers the use of tube devices in basic circuits such as power supplies.

Introduces students to the techniques used to promote and facilitate the participation of women in the fire service. Discusses relevant issues to fire service organizations and individuals.

This course provides the participant with a deepened understanding of self as it relates to leadership philosophies, knowledge, skills, and abilities. Each participant will explore his or her own core values and begin to develop a personal philosophy of leadership. Through course presentations, dialogue and learning activities the participant will identify his or her leadership roles in the community to include self, family, professional, and social, as well as define the difference between leaders and managers. The participant will complete self-assessments to gain insights into his or her personal leadership style and participate in video and written case studies to further explore his or her understanding of leadership.

Students will be introduced to the decision making process followed in implementing a pest control program that includes the use of chemical pesticides and the role of an adequate record keeping system to comply with Federal and State regulations and provide useful information for future decision making. Emphasis will be placed upon strategies designed to minimize risk and the development of pest resistance.

Students will review different types of pesticide application equipment and the suitability of each to specific situations. Pre use inspection techniques and routine maintenance practices will be presented. Instruction in the operation of individual types of equipment and application techniques to effectively and uniformly dispense pesticides with minimum exposure risk will be presented.

Students will receive instruction and practice on how to determine the allowable rate of application for a pesticide, calibrate the application equipment, determine the amount of concentrated and prepared pesticide needed to treat a site

This 5 session bootcamp covers the introductory essentials of accessing and utilizing Motion 3 (part of Apple's Final Cut Studio 2 package of programs.) Not for the beginner, student must be skilled in Final Cut Pro. Prerequisite: PHO 220B.

Learn to shoot, edit and post short films on YouTube. Students will light and shoot (in HDV) blue and/or green-screened characters (live or figurines,) and key them into stock backgrounds. They will edit and composite footage, dub and mix and create final optimal output (using FCP Studio 2’s Compressor,) for web embedding. This class is not for the fainthearted and requires some familiarity with Final Cut Pro and Digital Video Camera Operations. Students must bring a bag lunch or snack to class along with gloves, a notebook and a MiniDV tape.

This course will familiarize the student with the tools used to get photos into digital format. The student will learn about various cameras, scanners, memory, memory readers, software and hardware need to input photos into the computer. Prerequisite: IS 101, Introduction to Windows or equivalent experience.

This course will give students a general, hands-on understanding of photographic input, manipulation and output. Prerequisite: PHO 198B Intro to Digital Photos or equivalent experience.
