

assigned a sequential number for that reporting period. All crimes that are reported are logged in the daily crime log and reports are filed with a unique identification number. This daily log contains the nature of the crime, date, time, general location, and disposition of the complaint. Also, crime information is exchanged between the College's Police Department and local police authorities. In compliance with the Student Right To Know "Clery Act" our crime reporting statistics are published annually and are available at The CSN Police Department, Student Information Center, and on our CSN Police Department website at: <http://www.csn.edu/police>.

Illegal Weapons:

In accordance with NRS 202.265, it is illegal to carry or possess a firearm on any NSHE property unless the owner has written permission from the College President.

Crime Prevention Tips:

The CSN Police Department believes it is more beneficial to prevent crime than to react after the fact. All members of the college community are encouraged to take responsibility of his/her own security, and when possible assist other with their security needs. A primary vehicle for accomplishing this goal is the department's comprehensive crime prevention strategy. This strategy is based on a multi-layered approach that includes proactive area patrol of the campus and crime prevention education and training.

Crime Prevention/awareness programs begin with new student orientation presentations. Topics of discussion include the Student conduct code, academic dishonesty, sexual harassment, substance abuse, alcohol, and hate violence.

Public Safety personnel are available to provide seminars on a host of topics: workplace violence, sexual awareness and responsibility, crime prevention/personal safety, domestic violence and acquaintance rape. The college makes every effort to advise and update students about public safety procedures and security conditions on campus. Some of the media utilized to notify and inform students are:

1. Electronic mail postings – to ensure maximum dissemination of information about potential risk to the campus special email broadcasts or "blast" are issued to all students, faculty, and staff via campus-wide email system and via the college cell phone text messaging system. Electronic postings of notices can be viewed on the CSN Police website at: <http://www.csn.edu/police>.
2. Intercampus Communication System (ICS) – CSN maintains a network of 60 flat screen monitors strategically mounted in faculty office areas and student areas of Charleston, Cheyenne and Henderson campuses. This digital network is in place to provide a forum for visual content pertinent to the CSN community.
3. Physical posting of bulletins at designated campus facilities. The identity of all victims will be kept confidential within the scope of the law and/or investigation. Notices are removed within 30 days after their original posting dates.

CRIME AWARENESS, CAMPUS SECURITY AND CRIME REPORTING

In compliance with the Campus Security Act of 1990, the following information is a result of reviewing valid incidents at CSN. These categories must be reported and distributed to current students and employees.

Copies of this report may be obtained in person at any of the Public Safety Offices located at our three main campus sites or on-line at the CSN Police Department website under Jeanne Clery Disclosure of Campus Crimes Statistics: <http://www.csn.edu/police>.

STUDENT RIGHT TO KNOW

The Student Right to Know and Campus Security Act requires that CSN comply with provisions and updates on the graduation rate and/or persistence rate of all fall first time, first year degree seeking or certificate seeking undergraduate students. This information is listed as follows:

Cohort Group	Full-Time		Part-Time		Total
