

Dear CSN colleagues,

As we move forward with our student success agenda, designed to increase graduation, completion and transfer rates, we must update and codify our strategic plan in accordance with NSHE student success and system goals. This alignment is also critical to our accreditation process and our ability to build on the body of work from the last planning cycle.

Please plan to attend one of the strategic planning forums listed below to express your perspective and provide input on the future direction of CSN. These forums will be professionally facilitated to enhance the flow of ideas and ensure a productive use of your valuable time. We need your participation in this phase of our Students First journey.

Visit www.csn.edu/strategicplan to view the most recent draft of the plan before attending a forum. If you are unable to attend one of the forums, you can provide feedback online at www.csn.edu/form/strategicplan.

Scheduled Forums:

Monday, April 1:

- 8:30 - 11:30 a.m., North Las Vegas Campus, June Whitley Student Lounge
